Pneumonia is Filling the Hospitals

Every day we hear of someone being taken with pneumonia. The only preventive is to get strong and keep your body healthy. Take Ferrozone which makes the rich red kind of blood that nourishes and stimulates the entire system. "I was all run down and an apt subject for pneumonia writes A. B. Charters of Burlington, when I tried Ferrozone. I did't believe it was possible for Ferrozone to build me up so quickly. In a few days my appetite improved, color came into my cheeks and I felt stronger. I gained eight pounds and regained my old vigor through using Ferrozone." Try Ferrozone, it assures health. Price 50c.

NO DIFFERENCE

No distinction is made as to the kind of piles that Hem-Roid cures.

The names internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure and no case of piles has ever been found it failed to cure Money back if it does not.

A guarantee with every package. Sold by W. E. Richardson.

AT LIFE'S EVENING.

To those well along in years there comes, according to the condition of the system, their measure of ills and suffering. Some are young at 70, while others are old at 40.

Elderly people who once use Dr. Leonhardt's Anti-Pill find that it has marvelous power to relieve them of the troubles that nothing else will shake off, especially backache, constipation, bladder trouble, failing appetite, and indigestion. If ANTI-PILL is used upon taking cold, the aches and pains that usually follow will be avoided. To prove this, send to WILSON-FYLE CO., Niagara Falls, Ont., for a free sample. ANTI-PILL is sold by druggists at 50 cents a box.

ANTI-PILL.

The Early Closing Movement

To the Editor of the Advance

DEAR SIR,—When the T. Eaton Company of Toronto made the announcement, that the employees of their great stores, factories and workshops, would after New Years, leave off work at five o'clock each evening, it was of interest to all engaged in industrial pursuits whether as employers or employees. The progess of the early closing idea in the years that have passed since Mr. Eaton took the plunge against the current of custom has been steady and unchecked. The heads of competing establishments who at first laughed at the idea fell into line long ago, because they found that short hours made willing employees. Many of them, indeed, became enthusiastic supporters of the early closing movement. For some time the Robert Simpson Company have been closing at 5 30 o'clock and in summer time the Eaton Co. have been closing at five oclock. The extension of five o'clock closing to all the year round in all the stores and factories means that thousands of families in Toronto will have more leisure in the evenings for self improvement and recreation. Mental alertness and full bodily vigor are the accompaniments of ideal conditions of employment. —J.
