BRITANNIA LIFE ASSURANCE COMPANY,
No. 1, Princess Street Bank,
LONDON.

Capital, One Million.

Empowered by Special Act of Parliament, 4th Vic. chap 9.

The great success of this institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently, with security to the Assured, and the Subscriber begs respectfully to invite the attention of the public to the numerous Tables of Rates, specimens of which may be seen at his office in Kingston.

The income of the Company, independently of the large Subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in Profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an Annual Division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe inducement to the person wishing to Assure.

All claims payable within three months after proof of death.

No proof of Birth is required at the time a claim is made; the Age of the Assured being in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned, to a *bona fide* Creditor, the sum assured will be paid without deduction: if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

THOMAS BRIGGS,
Agent.

FROM THE BRITISH PROVINCE OF NEW BRUNSWICK.

From the St. John Observer, October 17, 1848.

As at this season of the year and throughout the winter months, coughs and colds are the most prevalent of all the various ills that flesh is heir to, our readers and others who may be thus afflicted, to avail themselves of that excellent medicine, "Wistar's Balsam of Wild Cherry," which, judging from our own experience, and that of others, we consider as being one of the safest and most effectual remedies that has ever been concocted for the above complaints, and which meets with the cordial approval of many of the best physicians. And as delays are dangerous, and coughs and colds frequently terminate in consumption, this efficacious and agreeable remedy should at once be resorted to. M. S. L. Tilley is the agent in this city, who can enumerate many instances in which the most pleasing results have followed from the use of "Wistar's Balsam."

From the Evening Mirror, N. Y. March 10, 1851.

WISTAR'S BALSAM.—We regard the Wild Cherry tree as one of nature's own physicians, a sort of good Samaritan of the forest; for its "medical gum" has relieved the sufferings and saved the lives of thousands. The Balsam prepared by Doctor Wistar is a pure and perfectly reliable preparation of the real Cherry essence and it is a remedy by no means "bad to take." We speak confidently and strongly in its praise, from having witnessed its renovating influence in consumptive cases, when all other prescriptions had proved of no effect.

None genuine, unless signed I. BUTTS on the wrapper.
