MR. SQUIER'S NEW WORK ON NICARAGUA. D. APPLETON & Co. have recently published NICARAGUA; its People, Scenery, Monuments and the proposed Inter-Oceanic Canal, with numerous original maps and illustrations. By E. G. Squier, late Charge d'-Affaires of the United States in the Republic of Central America, 2 vols. 8vo., cloth, Price $5.

"It is mere justice to say that these two elegant volumes are prominent among the most valuable contributions to the Historical and Antiquarian Literature of the country, while at the same time they are in graphic relation of the incident of travel through a wild country, and among a strange people almost without a rival in the crowd of modern Journey Books.—[Courier & Enquirer.

"The author, while he spreads before us all the personal adventures of his mission to Central America, imparts a rich store of information respecting that country.'—[Journal of Commerce.

"These volumes contain some of the most delightful reading to be found in any book of travel.'—[Albany Argus.

"Lively, animate', spirited style: the absolute profusion of incidents and adventures which are described in its pages:—and that charming manner with which so much that is agreeable is interwoven with the instructive and useful, render it one of the choicest works recently issued."—Lowell Journal.

"The narrative is written in a most agreeable and spirited style, and is of itself one of the pleasantest books of travel that we have read in a long time. And for the scientific portion, Mr. Squier's reputation is an abundant guaranty."—Prov. Journal.

"We regard this book as an exceedingly valuable contribution to the History and Ethnology of the great American Continent, and we accordingly commend it to our readers with unaffected cordiality."—Southern Lit. Gaz.

BONNEY'S CHAIN PUMP.

THE Subscriber in returning his grateful thanks to the Public, for the liberal patronage he has received during the past Summer, would state that he has on hand a large number of HIS ENDLESS CHAIN PUMPS, the convenience, simplicity, and general utility of which can be testified to by over one hundred persons in the vicinity of Kingston. He would also state, that he is making the above Pump on a larger scale than those before offered in Canada, for the use of Tanners, &c. &c., and which will throw over two barrels per minute. Those wishing a large Pump, that will be durable, and warranted not to freeze up, would do well to give him a call.

Another Living Witness of the Hydropathic and Botanic Medicines, from CAPTAIN McMASTER.

WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR. LANKTREE, of Kingston, when I got his Medicine. It took but a short time, and little cost, until I could again rejoice in the return of my perfect health—thank God.

FRANCIS McMASTER.

Amherst Island, 23rd Aug., 1851. 212

SEEING and hearing of so many testimonials for Dr. Lanktree's Medicine, brings me to recollect my duty both to him and the public; for I was some time ago, to the knowledge of many in this city, given over as an incurable case, with Enlargement of the Heart and Liver Complaint, and was effectually cured by him; also, lately, I was in despair with a Dropsical Swelling, and obtained immediate relief, so that I am now able to do my business well, thank God.

FRANCIS JERVIS.

Kingston, 30th August, 1851. 212

I FIND that I am in duty bound to state to the public far and near, that I was very ill since 1843, with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person, and unfit for any business, putting away all the time; and hearing of so many persons cured of different complaints by Dr. Lanktree of Kingston, I went to him and by the use of his medicine, and advice as to what food I should use, I can now certify to all that I am fully restored thank God, to my family and perfect health again.

Continue to publish the following British Periodicals, viz:

The London Quarterly Review (Conservative.)
The Edinburgh Review (Whig)
The North British Review (Free Church.)
The Westminster Review (Liberal.)
AND
Blackwood's Edinburgh Magazine (Tory.)

These Reprints have now been in successful operation in this country for Twenty Years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectics and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. Blackwood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer), "My Pensinular Medal," "The Green Hand," and other serials, of which numerous reviews or notices are issued by the leading publishers in this country, have to be reprinted by these publishers from the pages of Blackwood, after it has been issued by Messrs. Scott & Co., so that Subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

HIGHLY IMPORTANT

FROM THE BRITISH PROVINCES OF NEW BRUNSWICK.

From the St. John Observer, Oct. 17, 1852

As at this season of the year and throughout the winter months, coughs and colds are the most prevalent of all the various ills that flesh is heir to, we would advise such of our readers and others who may be thus afflicted, to avail themselves of that excellent medicine, "Wistar's Balsam of Wild Cherry," which, judging from our own experience, and that of others, we consider as being one of the safest and most effectual remedies that has ever been concocted for the above complaints and which meets with the cordial approval of many of the best physicians. And as delays are dangerous, and coughs and colds frequently terminate in consumption, this efficacious and agreeable remedy should at once be resorted to. M. S. L. Tilley is the agent in this city, who can enumerate many instances in which the most pleasing results have followed from the use of "Wister's Balsam."

From the Evening Mirror, N. Y. March 20 1852

WISTAR'S BALSAM.—We regret the Wild Cherry tree as one of nature's own physicians, a sort of Good Samaritan of the forest; for its "medical gum" has relieved the sufferings and saved the life of thousands. The The Balsam prepared by Doctor Wistar is a pure and perfectly reliable preparation of the real Cherry Essence, and it is a remedy by no means "bad to take." We speak confidently and strongly in its praise, from having witnessed its renovating influence in consumptive cases, when all other prescriptions had proved of no effect.

None genuine, unless signed I. BUTTS on the wrapper.

GENERAL ADVERTISEMENTS

A few more of the numerous Testimonials for the Hydropathic and Botanic Medicines.

I wish to state, for the good of all who may be suffering any illness that my wife was dangerously ill last June, with a Sore Breast, which caused her a ex and head to swell to an alarming extent, so that it appeared there was no help, after getting all the aid I could for her; but on being advised to apply to DR. LANKTREE, the first two days he had charge of her, he reduced all the dangerous swelling from her, and removed the Fever she had on that occasion. And a few weeks since, I was afflicted in my Chest and Head; and, foolishly, I let it run on until I was taken alarmingly ill with delirious fits; whereupon I was forced to apply to DR. LANKTREE, and by this time the complaint terminated in a severe Brain Fever; but I thank God that now, after a few weeks' treatment through his care and incessantly attention, I am now ever it.
