Bargains For Next Month.

W. A. Armstrong,

JEWELLER

Flesherton, Ont.

Vandeleur

Mr. A. Dunlop has returned from Brampton, where he was attending his wife who has been very ill at the home of her parents near that place. He reports Mrs. D. improving.

Messrs. E. Baker and W. J. Alcox have taken possessession of the farm they recently purchased in this neighborhood

Mr. H Douglass has returned from his trip to Chicago.

Mrs. S. Douglass has also returned from Fergus, where she has been visiting her mother, who has been very ill.

Mrs carson of Priceville is visiting her daughter Mrs. S. Gilbert.

Mr Sinclair, who has been visiting his sister Mrs. A. Johnston, for some time, has returned to his home at Sarnia.

Mr. Ezra Pritchard lest on Saturday to seek his future in Manitoba.

Stone Settlement

The robin has made his apperance and is heartily welcome, and we hope he will have no occasion to leave us until the arrival of the usual migratory season.

Mr. F. Gee begs to express thanks to the Companions of the Royal Scarlet Chapter of the Artemesia district for two suits of underwear, also to the brethren of L. O. L. 883 for a handsome present which will be a boon companion in his very close confinement to the upper story.

We are informed that our highly esteemed neighbor, Mr. Thomas Snell, contemplates removing to Markdale in the near future. We are very sorry to lose you, old friend, and we feel convinced that you, too, will experience a pang of regret in taking your departure from the old home in which you have continuously resided for more than half a century. We trust, however, that the change will increase tenfold the pleasure of your future life, assuring you that the best wishes of all in this neighborhood will accompany you.

We understand that Mrs. A. Hazzard has been seriously ill. We hope soon to hear of her complete recovery.

One of Mr. Irwin's boys is also on the sick list.

The new Militia Act, of which we recently received a copy, says that all the male inhabitants of Canada of the age of twelve and under eighteen, British subjects, and not disqualified by infirmity, shall be liable to drill and training as cadets. We wonder if the schoolmarms will have to engage in the training.

Ceylon

Miss Rossie Robinson, who has been a patient in the General and Marine hospital, Owen Sound, for several weeks, undergoing treatment which promises to be successful, returned home last week.

Quite a number of our residents attended the funeral of the late Mrs. Donald McKenzie on Monday.

The Easter service of the Church of England congregation will be held at the hall next Sunday at 7 p. m., when the newly formed choir will, for the first time, chant the canticles, and lead in the singing of Easter hymns. The Easter vestry will be held on Monday at 8 p. m. in the hall.

The department stores in some of the cities say that the town merchants are making so much better use of their advertising space in the local papers that customers are awakening to the fact that they can get just as well served in their home stores as in the large cities. As a consequence the mail order business of the large department stores has seen a considerable shrinkage.

Obituary.

Mrs. Rachel Doupe, the aged partner of Mr. Charles Doupe of this township, passed away on Wednesday of last week at the home of her son, Mr. Ephraim Doupe, west back line, at the age of 84 years. Mrs. Doupe was a native of County Limerick, Ireland. She was twice married, the first time to Nathaniel Shire in 1840. They came to Canada in 1849, settling in the township of Blanchard. Mr. Shier died two weeks after his arrival in this country. The second marriage was contracted with Mr. Charles Doupe, who survives her. A few years after this second marriage the family moved to Egremont township, in the year 1858, where they remained until 1874. In that year they came to Artemesia and have been highly respected residents of this township for the past 29 years. Mrs. Doupe was converted when sixteen years of age and joined the Methodist church, of which she has remained a steadfast member until the time of her death. While living in Blanchard her house was used for four years in which to hold church services and Sunday school. While in Egremont for three years her home was used for a like purpose and also as the home of the minister until a parsonage could be erected. Mrs. Doupe had a family of five children by her first husband, of whom the following are living. Samuel Shire of Cedarville, Francis of Portlaw and Mrs. Robert Kennedy, Toronto. The second family are all living, as follows: Sidney and Amos of New Ontario; Mrs. Robt. Best, near Flesherton; Mrs. W. J. Spence of Toronto, and Ephraim on the old homestead. Ripe and full of years, the deceased lady has passed to her reward. The funeral took place to Flesherton cemetery on Friday afternoon, when the funeral service was conducted by her pastor, Rev. Ivison Wilson, of Flesherton Methodist church.

MRS. DONALD McKENZIE

Mrs. Donald McKenzie died at the home of her daughter, Mrs. Wm. Hislop, near Eugenia, on Saturday last. Mrs. McKenzie fell a couple of weeks ago and broke her hip bone, and at her age 76 years, the accident proved more than her constitution could bear. The funeral took place to Flesherton cemetery on Monday of this week. One more of the pioneers of this township is thus numbered with the past. The deceased lady came to Canada from Scotland with her husband in 1852, and the family settled in Artemesia on the back line west, 1¼ miles from Flesherton, in 1861. Deceased leaves behind her a sorrowing husband and a grown up family.

PILLS AND PILES

A prolific cause of Piles is the use of cathartics and pills of drastic, violent nature.

Followed by a reaction on account of the resinous, drying properties they contain.

There are other causes, but no matter what the cause or what the kind of Piles, Dr. Leonhardt's Hem Rold can be relied upon to cure—to stay cured.

It's an internal remedy that remove the causes of Itching, Blind, Bleeding or Suppurating Piles.

A guarantee goes with each package containing a month's treatment.

It can be obtained for $1.00 at druggists. Sold by W. E. Richardson.

In these days of high-priced coal and a scarcity of wood the invention of Messrs. H. and W. H Bunker of Lisle of a unique machine for converting straw into wood or fuel will be welcomed. The machine rolls the straw so tightly that it is as tough as a stick of timber. The product, used as fuel, is much cheaper than coal or wood, and gives an intense heat, at the same time holding the fire much longer than wood. Messrs. Bunker have entered into a contract with Mr. T. M. Brown of Alliston for the manufacture of a number of the machines and will begin the manufacture of fuel in the near future. One of the machines is now in operation in Dakota and is said to be a perfect success.

In about ten days the Willian Kennedy & Sons Company, limited, will be prepared to ship what is probably the largest machine ever manufactured by an Owen Sound concern. It is a powerful horizontal water turbine weighing about one hundred tons and is now mounted temporarily alongside the pattern building at the company's works on Stephens street. The wheel is capable of generating two thousand seven hundred and fifty horse power, and will be installed by the Ottawa and Hull Power Company in the harnessing of the Chaudier Falls. It is valued at $9500 and will be shipped in sections.—Times.

If You are Losing Weight

Your system is out of order and Ferrozone is needed to start a rebuilding process. Ferrozone makes new tissues, forms wholesome blood, strengthens the nerves and keeps your physical condition up to the proper standard. "I lost fifteen pounds through la grippe," writes Cyril Lash of Hartford, "but soon regained my former weight and improved my health by using Ferrozone. It's the best rebuilder and finest tonic I ever used." Use Ferrozone—it assures health. Price 50c at druggists.

F. R. Blair, son of Mr. William Blair of Artemesia, and Miss H. M. Buskin, daughter of Mr. George Buskin of this place, were quietly married in Toronto two weeks ago. They arrived last week in town and are visiting relatives hereabouts for a fortnight, and will leave about the 1st April for their home in Gwillimbury. Mr. and Mrs. Blair commence married life under favorable circumstances and are a most worthy couple who carry with them the hearty good wishes of a large circle of friends.—Standard.

The Pickering news says: A young man named Greer, from the north-east of Lindsay, brought in a load of wood recently. During the afternoon it was in brisk demand at $8 a cord. With a businesslike inclination to let the law of the supply and the demand operate to the limit in his behalf, Mr. Greer refused all offers, and decided to stay and see what the next day's price would be. He put up at Butler's Hotel, and left the load of wood in the shed. He slept, and in his sleep came visions—visions of a sleigh load of wood gilded with gold. As he awoke the visions vanished, and when he loooked out of his window the wood had vanished also, for during the night some person had taken every stick of it and the rack on which it was piled. Near by there swayed in the breeze a card on which was written this announcement: "We will take another load at the same price."

The well-known Scottish Canadian minister, Rev. Wm. Wye Smith, who resided in Owen Sound in the early days of that town in an article in the Chicago British American on 'Early Canadian Experiences," says: The winter of 1842-43 was probably the longest and deepest for snow of any since the country was settled. It came—enough for good sleighing—on November 15th, and continued unbroken only with deeper and deeper snow, till April 15th—five solid months of sleighing (such as it was, but many roads got blocked). Rev. John Brown told me how himself and twin brothers failed in getting a little jog of straw home for their hungry cattle; the sled stuck fast in the deep snow, and it was impossible to move it, so the cattle had to fast. Next morning we were out bright and early, the cattle by instinct following; we chopped down a couple of great maples, first tramping down the snow where the trees would fall, else the branches would be buried. The starving cattle made a rush at once for the pranches, gnawing off the little twigs Talk about a winter, the long one of 1842-43 was the worst the country has ever known."

To Break Up a Cold

Right quickly nothing works so nicely as Nerviline taken real hot. It sends a glowing warmth all through the body, and when rubbed on the throat and chest loosens up the cough and relieves tightness and soreness in the chest. Nerviline is used as a preventive and cure for colds, coughs and winter ills in thousands of homes because it goes right to work and brings relief quickly. There is no remedy in the world with half the power and merit of Nerviline; it's invaluable in every house. In large bottles, price 25c.

The Bolton Enterprise says: The report that some man has succeeded in perfecting a seedless apple brings to mind a peculiar freak of nature which occurred in this vicinity. The late Henry Harper of Albion had an apple tree which was broken down by the wind. A portion of the tree remained attached to the trunk by only a small part of the wood. The tree blossomed and bore seedless apples, which were a fair sample of fruit in every way but not a trace of core could be found in any of them. Nature plays strange freaks sometimes, and in this case produced a result which some men have striven for years to attain.

McFarland, Stafford & Co.'s Big Store

MARKDALE, ONTARIO

Grey County's BIGGEST and CHEAPEST STORE.
