EXCELSIOR MINERAL FIRE PROOF PAINT!

Manufactured by J. F. Brown, Litchfield, Herkimer Co. N. Y., and sold by HOLLAND, BROTHERS, sole Agents in Kingston.

THIS Paint is found in a vein about six hundred feet below the surface of the earth in this county. When taken from it it presents a beautiful color, resembling mahogany, and is pronounced by the best judges of Paint to be far superior to the Chinese, or any other Paint in use. One of its important components being red oxyd of iron, the public will readily see that different colors are more readily brought out by mixing a less quantity of other Paints than if it were black oxyd, getting a livelier color at less expense for an a perfect cement body. A large portion being silica, it bids defiance to the action of the weather, and is a sure protection against fire. All the colors may be got up from this composition, from a beautiful lead to jet black which has than half the expense of the usual way, forming a harder coat, which is susceptible of a high polish, and may be used for the finest kind of ORNAMENTAL PAINTING.

This Paint is warranted proof against fire, water and weather, for painting on wood, brick, stone, iron, tin, or any substance exposed to the weather or water, and unchangeable in its color. It mixes readily without composition, and is a beautiful dark brown. The longer and more severe the exposure, the harder the coating becomes, and the more perfect the shield against fire and water.—This Paint cannot be separated from the substance it covers when once dry, and is superior to any other for painting decks of [illegible] and roofs of buildings, only needs a trial to convince any one of its good qualities of protection against fire and water.

Certificate of analysis as follows: Silica 66, alumina 11,50, red oxyd of iron 9·11, lime 7,41, magnesia 1,87, potassa water and loss 1,31.

CERTIFICATES.—I hereby certify that I have used J. F. Brown's Excelsior Mineral Paint and cheerfully recommended it to the public as the most valuable Paint in use; being in its native state, a beautiful color for all outside painting, which may be changed to almost any other color, forming a harder coat than any other Paint in use, and I find it much cheaper than other Paint, as it requires less oil, and covers better.

H. W. LYMAN Painter.

German Flatts July, 23, 1851.

This certifies that I have used J. F. Brown's Excelsior Mineral Fire Proof Paint, and tested its quality, and fifteen years' experience in painting I never have found any Paint that I could more place fully recommend to the public for painting all outsides of buildings, bridges, or railroad depots, or any other building exposed to weather, water or fire.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL ONE MILLION.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous *Tables of Rates*, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eight and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an *immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death—No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

LIVERPOOL AND BOSTON PACKETS.

TRAIN & CO'S LINE being the only established Line between LIVERPOOL AND BOSTON! Regular first class Packets are despatched from Boston on the 5th, and from Liverpool on the 5th and 20th of every month, throughout the year.

Every facility is afforded by this Line to Canadian Merchants and Importers, for the prompt transmission and delivery of merchandize on Board—and arrangements have been made through Messrs. Alfred Hill & Co., Kingston and Liverpool, and Messrs. Hill, Sears & Co. of Boston, whereby greater despatch than has ever before been obtained, will be given to transshipping and forwarding by this route.

The reputation of this Line for punctuality, quick passages, and prompt delivery of freight in good order, is well known to importers.

Emigrants will find this route a great saving in time, and far preferable to the voyage via the St. Lawrence.

These ships are built in Boston expressly for the trade—carry experienced Surgeons—and are fitted up in a superior manner for Cabin, Second Cabin and Steerage passengers.

Persons wishing to send for their friends, can obtain certificates of passage, and bills of exchange for one pound sterling and upwards, from eight to sixty days, in sums to suit, by remitting us the amount. Sight Bills five dollars the pound—sixty days, at current rate of Exchange.

☞ Orders per Mail will receive prompt attention.
