WHEREAS it is desirable and expedient for the Municipality of the United Counties of Frontenac, Lennox and Addington to contract a Debtor Loan, by subscribing for Stock, to the amount of one Thousand Pounds, in the Stock of "The Wolfe Island Railway and Canal Company," for the purpose of assisting and enabling the said Company to construct a Canal across Wolfe Island, by which the City of Kingston will be brought into direct communication with the Rome and Cape Vincent Railroad, in the State of New York, and the general interests of these Counties thereby greatly promoted.

And whereas, in order to liquidate the said debt or loan, so to be created or contracted, and the interest thereon, it is necessary that a special rate, over and above and in addition to all other rates, for the payment of said debt or loan and interest within the time limited by the provisions of this By-Law, should be levied annually (according to law,) on the rateable property of the said Municipality; which said amount, to be raised annually, will amount in each of the years 1852, 1853, 1854 and 1855, to sixty pounds; in the year 1856 to two hundred and sixty pounds; in the year 1857 to two hundred and forty eight pounds; in the year 1858 to two hundred and thirty-six pounds; in the year 1859 to two hundred and twenty-four pounds; and in the year 1860 to two hundred and twelve pounds.

And whereas the whole rateable property of the said Municipality, according to the assessment returns of the same, for the last financial year, ending on the 31st day of December, 1851, amounts (as near as can be ascertained) to the sum of One Million Five Hundred and Seventy Thousand Pounds.

And whereas, a special rate for the payment of the said debt or loan, and the interest thereon, as aforesaid, the following annual rate in the pound upon the said rateable property, for the said respective years, namely: for each of the years 1852, 1853, 1854 and 1855, the sum of one one-hundred and tenth part of a penny in the pound: for the year 1856 the sum of one-twenty-fifth part of a penny in the pound; for the year 1857 the sum of one-twenty-sixth part of a penny in the pound; for the year 1858 the sum of one-twenty-seventh part of a penny in the pound; for the year 1859 the sum of one-twenty-ninth part of a penny in the pound; and for the year 1860 the sum of one-thirtieth part of a penny in the pound will be required to meet the payment of the said debt and interest in each year as it shall be due.

Be it therefore enacted by the Municipal Council of the United Counties of Frontenac, Lennox and Addington,

I. That the Warden of these United Counties do subscribe to the Stock of the Wolfe Island Railway and Canal Company, to the amount of One Thousand Pounds.

II. That Debentures shall be issued, signed by the Warden, and countersigned by the Treasurer, of the denomination of twenty-five pounds each, bearing legal interest, payable half yearly, to the amount of the said stock, debt or loan of one thousand pounds, made payable to the Treasurer of the said Company, and to be redeemable as follows:—£200 on the first day of January in each of the years 1857, 1858, 1859, 1860 and 1861, with interest on the first days of July and January in each year.

III. That for the payment of the said debt or loan and interest thereon, within the time as hereinbefore limited, a special rate be levied in each year on the said amount of rateable property within the aforesaid Counties, amounting in each of the years 1852, 1853, 1854, and 1855, to sixty pounds; in 1856 to two hundred and sixty pounds; in 1857 to two hundred and forty eight pounds; in 1858 to two hundred and thirty six pounds; in 1859 to two hundred and twenty four pounds; and in 1860 to two hundred and twelve pounds.

IV. That for the purposes hereinbefore mentioned, the following annual rate in the pound for the respective years following, shall in the said years be respectively assessed levied and collected (in the same manner as the general rate of said Counties,) upon and out of the said whole rateable real and personal property in the said United Counties as aforesaid, namely: for each of the years 1852, 1853, 1854 and 1855, the sum of one one-hundred and tenth part of a penny; for the year 1856 the sum of one-twenty-fifth part of a penny; for the year 1857 the sum of one-twenty-sixth part of a penny; for the year 1858 the sum of one-twenty-seventh part of a penny; for the year 1859 the sum of one-twenty-ninth part of a penny; and, for the year 1860 the sum of one-thirtieth part of a penny.

V. That this By-Law shall come into effect on the day after the day of the meeting of the Municipal Council, which shall be held with reference to the passing of the same under the provisions of the "Upper Canada Municipal Corporations Law Amendment Act of 1851," Section 16.

VI. That it shall be lawful for the Municipal Council of the said United Counties, by By-Law, to sell, transfer and dispose of the said Stock, to Subscribers, as aforesaid, in such manner as they shall see fit, provided that in no case shall such sale or transfer be made, unless the whole amount of principal money paid on account of such Stock be realized from such sale or transfer.

BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION,

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eight and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may does for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

[ADVERTISEMENT.]

To the Editor of the British Whig.

DEAR SIR—I wish to inform the public through your widely circulated journal, that it is a great loss to all who are suffering many disorders, that they do not know where they might be relieved in a short time, at little expense. I was for some weeks with or unable to stretch in my bed, but sat in a chair, nearly suffocated with Asthma; my friends were alarmed lest I should drop suddenly. They despatched a messenger hence to Kingston, to Dr Lanktree for medicine, and the very first day that I took it was freed from danger, and was able to some my business in a short time, for which I feel thankful.

JOHN NOWLAN

Scott's Corners,
Township of Kingston,
24th April, 1852.

I wish to make it known the public, I was suddenly afflicted with a complaint that was alarming to me and my little family every second day, at the hour of 12 o'clock, was out of my mind, and did not know what I did or I would do if allowed. I was advised to go to Dr Lanktree, and upon treatment that he used, and with the blessing of God, I had not a return of that complaint.
