Stop a Moment !

But that is not what our Watches do—they "go on forever," like Tennyson's Brook—with an occasional cleaning.

We have the best value in Watches to be found in Ontario. That is a big statement, and if you don't believe it come in and let us verify it. We make a specialty of the popular and perfect

HAMILTON MOVEMENT

A big stock of this movement just to hand.

CLOCKS In immense variety and at all prices.

Our repairing department is thoroughly equipped and good workmanship guaranteed.

W. A. Armstrong,
Jeweller, Flesherton

Priceville

The majority of people do not seem to be in love with the sudden changes of emperature, to opposite extremes.

Inspector Campbell visited our schools last week.

Arbor day was observed by teachers and scholars of the public school.

Death again visited this locality and took away Mary Cameron, wife of Donald McArthur, north line, on the 8th, after a long illness borne with christian patience. Deceased came with other members of her family to this vicinity 52 years ago, a little girl of 7. She was a kind and amiable lady much respected by all who were acquainted with her. She leaves to mourn her loss a husband, four sons, a daughter, a brother, Mr. Malcolm Cameron, now of Toronto, and a sister, Mrs. McDonald, O. D R. A large number of people escorted the remains to the cemetery here on the tenth. Rev. Mr. Matheson officiated at the house and grave.

A children's service was held in the Methodist church last Sunday. The Sunday Schools of Stones' Settlement and that of the village were seated on either side of the church. A quantity of house plants and early wild flowers were collected by the children on Saturday for decoration purposes.

Our resident clergymen exchanged pulpits on the evening of the 9th, Rev. Mr. Matheson taking Ebenezer, Methodist, and Mr. Roach taking the Presbyterian church here.

Mr. W. Williamson, who has been for some years in the mining regions of Montana, came home to visit his father who lies very ill. Will has some exciting tales to tell of western life. Mining life in the Rockies cannot be monotonous when interspersed with strikes, riots, destruction of smelters and other property with dynamite, hundreds of employees arrested and placed in the bull pen or prison and guarded by soldiers and boarded at Uncle Sam's expense.

Mr Jos. Switzer, of Norval, visited friends here on Monday last. We understand he is going west at an early date.

J. Brander's mare got out of the stable Sunday afternoon and struck out probably for her former home at Brooklyn, as she was seen going through Ventry at nine o'clock Sunday night.

Mr. Dugald McLean has been very ill during the past week, but is improving slowly now.

Miss Maggie McDonald, of the Durham Road, was visiting friends in Toronto lately and while there became quite ill. Her brother Archie, went to the city and accompanied her home, she is now somewhat better we are glad to hear.

Dr. Dixon had the pleasure of a visit from his father and mother, who remained a few days with him last week.

T. A. Ferguson was in Shelburne one day last week to see his mother, who was very poorly, but is improving a little we understand.

We had a heavy frost Monday night.

Stone Settlement

Spring took a relapse. Sheep that were shorn during those few warm days on account of their panting with the heat would need both pants and overcoats to keep them from shivering during the cold days and nights which followed.

The fall wheat in this locality indicates at present a smaller yield than in former years. In one or two cases it has been plowed under.

We are pleased to hear that Mr. Jarvis Hazard is able to be out again. Jarvis left last week to work in the fire-ruined district of Toronto. Guess there will be plenty of work there this summer, even for non-union men.

Harry Spicer is assisting Councillor Gibson to build his new house in Markdale.

The poetical abilities of our former school teacher, Miss I. B., are worthy the admiration of her many friends. Write on, young lady, you are a poetess, and before you die the world will know it. Yes, who knows but Byron, Burns or Moore their first rhymes chalked upon the kitchen floor? Write on, young lady, and let us hope that you'll dwarf a Milton, Cowper, Pope; of talents rare 'tis you may boast, unaided e'en by Shakespeare's ghost. Write on, young lady, give up never, the general verdict is, you're clever. Write on, then; such may be the case that you'll be a winner in rhymer's race.

Miss Annie Harrow was home last week on her holidays, not having taken the regular Easter holiday.

Maxwell

Seeding is the order of the day and the cool weather favors its progress. Only a few farmers have finished with cereals.

Miss Elizabeth Sterling is spending a few weeks in Toronto.

Captain Bemrose has received his order to come at once to take charge of the King Edward at the Sault. This is the boat which the captain mastered last year. It plies between Sault Ste Marie and Toledo. Mr. George Long is also shipping with the Captain as mate.

The Eckard family, bell ringers, are to give their popular entertainment at Feversham on Friday night next under the auspices of the public library. It will be a rare treat to hear them.

Mr. D. Winters of the 4th and his gang of masons are now at work in Feversham building the foundation of a stable for Mr. John Sample.

W. Priddle is now bricking Mr. John Kernahan's house.

At the annual meeting of the Maxwell Auxiliary of the W.M.S., held in the Methodist church recently, the following officers were elected for the ensuing year: President, Mrs. (Rev) Scott; 1st Vice Pres., Mrs. J. Clinton; 2nd Vice Pres., Mrs. Wm Scutt; Cor. Sec., Mrs. Ed. Pallister; Rec. Sec., Mrs. U. M. Field; Treasurer, Mrs. Robt. Heron; President of Systematic Giving, Mrs. Robert Morrison.

Kimberley

Charles J. Stafford and Noble Lawrence have gone to New Ontario.

Mr. Charles Stuart of Priceville spent Sunday at his home here.

Mr. W. L. Young of Markdale was in town last week.

Miss Annie Scott of Eugenia spent Sunday at the parental home here.

Miss Norma McMullen of Eugenia spent Sunday at Mr. R. J. Stuart's.

Mr. Taylor of St. Vincent visited his daughter, Mrs. Joseph McCullough, recently.

Messrs. A. E. Armstrong and Albert Mills took charge of the service in the Union church here Sunday evening last.

A very interesting football match was played here on Saturday evening last between Kimberley and Heathcote teams. The game resulted in neither side scoring a goal.

Mr. David Thompson is visiting with his sister, Mrs. John Plewes.

Eugenia

Seeding in this locality is well on to a finish. Vegetation is far advanced considering the late, cold spring.

Died—At Eugenia, May 7, the baby daughter of Mr. and Mrs. James Williams, aged six months.

Born—At Eugenia, May 12, to Mr. and Mrs. Thos. Betts, a daughter.

The many friends of Mr. and Mrs J. R. Hogg are delighted to have them again become residents of Eugenia. They have purchased Fern Villa, the handsome residence of Mr. H. M. Bowerman. Mr. Hogg will be manager here of the Eugenia Power and Electric Company, which starts operations very soon.

All regret the continued ill health of Mr. and Mrs. Bowerman, which compels them to retire from farming. They purpose living in Toronto. All join in hoping they will soon regain their health. They will be much missed in church and Sabbath school where for so long Mr. Bowerman has been a most faithful worker. It will be difficult to find one to fill his place.

Mr. Thomas Betts is erecting a fine barn. Mr. John Whitten is contractor.

Mr. R. Hoy is putting up a handsome brick residence on the site of the old Morey House.

Miss Alice Gordon of Orange, N.J., is at present visiting her father. Her many friends are pleased to welcome her home.

Mr. Andrew Graham of the Valley has a fine barn in course of erection.

Keenan Bros. of the 7th line have a large force of men at work at their mill and are cutting something over 10,000 ft. of lumber per day.

Rockvale Mills are also rushing business with a large force of men. Their large supply of logs is being manufactured into all sorts of material very fast.

Mr. Adam Smith of our Eugenia sawmill has been busy cutting out his yard of logs and Mr. Osburn is cutting up his shingle stuff at a great rate of speed. No idle men this spring, except those who are too tired to work.

Buisy People Need Health.

What a rush modern life is, push, drive, get there somehow. It's hard on the nerves, hard on digestion, hard on sleep. Your blood gets thin and strength goes down hill. Busy people must maintain health, must build up. Take Ferrozone,—it sharpens the appetite, forms rich blood, develops strength as if by magic. Ferrozone is a nerve and brain tonic that keeps a rebuilding going on in the system and brings vigor and energy to those who need it. Try Ferrozone and see how quickly you'll improve. Price 50c, at drug gists.

Port Law

Mr. and Mrs. Joseph H. Watson's youngest child, a boy of eight months, has been so ill that his life was despaired of; but good hopes are now entertained of his recovery.

Born—On Friday 13th inst. to Mr. and Mrs. William Fisher, a daughter.

Born—On Tuesday, 10th inst. to Mr. and Mrs. Thomas Sherwood, a son.

Mount Zion Sundy School re-opened last Sunday with a good attendance. Mr. Wm. H. Allen is the Superintendent, and is assisted by a good staff of teachers.

James Murdoch, Esq., inspector of weights and measures, gave the Port a professional call lately.

Mr. J. W. Lyons sustained a severe loss in rhe death of his entire horse last week.

Building operations this season promise to be more than usually brisk. Among those who will build barns are Messrs. Wm. Chard, R. H. Hemphill, Robert McMaster, Robert White, and Wm. Love. Messrs. R. D. Meldrum and James Wilson are each erecting new dwellings.
