Much sympathy is expressed for Mr. and Mrs. George McMaster in the loss of their eldest boy, about 5 years of age. The child had been suffering from whooping cough for some time but the immediate cause of death was inflammation.

Inspector Campbell paid our school an official visit on Thursday last.

Mrs. Geo. Thompson had an exciting few minutes while driving home from Flesherton Thursday last. She was rounding the hill at Mr. Cullin's when the horses took fright and ran the buggy to the verge of an embankment. Mrs. T. eventually got the horses under control and fortunately averted what was within an ace of being a serious accident.

Miss Annie Sheardown leaves on Wednesday for Bolton to visit for an indefinite time with relatives.

Mr. H. R. Dyson has built a large addition to his barn to be used as a straw house.

The fatality among young colts appears to be unusually large. Some have lost two. Mr. Henry Holman lost a mare and foal. The fatality is attribued, by some, to the severe winter which prevented the animals receiving the necessary exercise.

Miss Lila Love has returned from a visit at the parsonage, Eugenia.

Mrs John Walker entertained a number of her lady friends one day recently, when quilting and a good social time was indulged in. It being Mrs. W's birthday her friends surprised her with a number of nice presents.

Daleside Sunday school will hold their annual picnic on Saturday next in Mr. Stafford's grove.

Mount Zion Sunday school will hold a garden party at the home of Mr. Thos. Taylor on Wednesday, 22nd inst. Preparations are being made for a good time.

Last but not least, Portlaw Council of Royal Templars have decided to hold their picnic on Wednesday, July 6th in Mr. John Kerr's shady grove. All are cordially invited to attend. The order here is in a healthy condition. Four new members were initiated at last meeting.

At the time of writing Mr. John Hudson was somewhat worse than he had been for a week past. We trust that Mr. Hudson may recover.

Capt. Plantt of the Salvation Army left last week, with the intention of taking a trip to the old country. Captain Plantt was exceedingly well thought of here, and all wish him bon voyage.

Harry and Harvey spent Sunday in Collingwood.

We noticed a Flesherton buggy in town rather late Sunday night. Was it a case of (love) sickness?

Priceville

The weather prophets who in early spring were certain that we would have a very dry summer seem to be lacking in prophetic abilities, but some say it is not too late yet for a dry season. The excessive moisture has hindered many farmers in preparing their turnip fields.

Commissioner McArthur was in Owen Sound last week on county business. Mr. C. C. James is in our county town this week as a grand juror. The sons of Scotland are preparing for the picnic and concert on the 21st, see bills for partiulars. The fraternal societies of town have placed 50 more chairs in their union hall. Visiting brethern will be welcome. The annual Workman picnic, which has become so poplar in the district, will come off early in July. Watch for posters.

Mr. D. McDonald has aranged to take charge of the Pomona school for a time.

No service in the Methodist church last Sunday, the pastor being away attending the annual conference.

The farmers are pleased with the better prices for wool at the surrounding markets this season.

"Not if it Costs Ten Dollars

A bottle would I be without Polson's Nerviline, writes J. A. Ruth, a farmer living near Trenton, Ont. Nerviline is the best household liniment I know. We use it for stomach trouble indigestion, headache and summer complaint. I know of nothing better to take in hot water to break up a cold, or to rub on for rheumatism or neuralgia." Every farmer should keep a bottle of Nerviline handy and have smaller doctor bills. Large bottles 25c. at druggists.

Woman's Institute

A successful meeting of the East Grey Woman's Institute was held in the town hall on Thursday last. At the afternoon meeting Mrs. S. S. Burritt of Kimberley occupied the chair. The speakers from a distance were Mrs. Torrance and Miss Shuttleworth. Their subjects were, The apple applied to domestic uses, and Cold dishes for summer. The speakers were hardly up to the standard and their addresses would scarcely be worthy of a synopsis. Eleven new members were added to the roll at the afternoon meeting. After adjournment tea was served to the members at Uncle Sandy Stuart's.

Mr. T. R. MacKenzie presided over the evening meeting, which was well attended. Mrs. Torrance and Miss Shttleworth were again the speakers. The program was made interesting by Mr. and Mrs. Shepard and Miss Allie Joy, who sang. Music was supplied by Mr. James Paton, violin, and Miss Nettie Perigo on the orgain. Mrs. J. L. Wood, who ranks high as an elocutionist, rendered "Counting the eggs" in first class style. Altogether the evening meeting was quite pleasing.

Re School Holiadys

At the county council session last week the business was not of great public interest. Routine and the passing of accounts took up most of the time. Mr McArthur, chairman of the Education Committee, as delegate to the Trustees Convention did not give a report, but submitted the following ressolution, which was adopted: (1) In view of the severe winters which prevail in this country and the consequent inability of many of the younger children to attend school during the winter months, I would ask this council to memorialize the Minister of Education to introduce legislation to alter the school vacations so that in rural districts the summer vacation would be shortened and the winter and spring vacations lengthened; or if that be not possible, that rural trustees be given authority to alter the vacations or a part thereof to suit the sections or districts affected by severe climatic conditions. (2) I would also recommend the organization of rural school trustees into a county association to meet at the same time and place as the Teachers' County association, and that the said trustee organization be entitled to send one or more delegates to the Ontario Education Association."

The Caledon Mountain Trout Co. sustained a serious loss Monday of last week. A heavy downpour of rain recently proved too much for one of the dams at the clubhouse in Caledon, which enclosed thousands of trout. The dam burst at an early hour in the morning with the result that the fish are now in the neighboring streams and the most ordinary disciple of Isaac Walton is at liberty to angle for them. The loss is said to be from eight to ten thousand dollars.

A hotelkeeper who permits drunkenness on his premises may be fined $10. A hotelkeeper who allows liquor to be supplied to a person "apparently under 21 years of age," is liable to a penelty of not less than $10. A judge or police magistrate may forbid a licensed person from selling liquor to a person "addicted to excessive drinking." The husband wife or parents of any person who has the habit of drinking liquor to excess may give notice in writing, under [illegible] 125 of the Liquor License Act [illegible] any person who sells liquor, requiring the liquor seller not to supply any liquor to the person having such habit. If the liquor seller disobeys the notice he renders himself liable to the penalty of $50, and also to an action for damages.
