Stone Settlement

Mr. Editor, I regret that several items of interest referring to this section have not lately been given to your readers, but the omission has been occasioned by the return of a very painful attack of sickness which your correspondent has not experienced for the last twenty years. Although for 28 years a confirmed invalid, yet five out of the six doctors who attended me during the first eight years of my sickness have passed awav, and though I may be leaning on the ropes, I intend to remain in the ring as long as possible.

Miss Millie Fletcher, sister of our highly esteemed neighbor, Mr. Wm. Fletcher, was married on Wednesday of last week of Mr. James Beattie of the Orange Valley. Congratulations.

Mr. John McLeod has all the material on the ground for brick veneering his spacious residence. When completed it will be the finest residence in this neighborhood, and we trust that the worthy old couple will live many years to enjoy in comfort the well-merited fruits of hard labor.

We are also informed that Mr. David Harrow has the material on the ground for the erection of a new brick house this season. We are heartily glad to hear it. Mr. Harrow's indomitable courage and perseverance has proved a success where his predecessors failed. May you live long to enjoy it, friend Harrow.

Mr. John Boyce & Co. have invested in a bran new traction engine and up-to-date threshing outfit, one of those new machines which perform most of the work connected with threshing, except asking the hands. John & Co. have now to solve the problem how to divide themselves so as to accomodate the many patrons who are likely to require their services.

Of all the farmers in this locality we know of none more thoroughly equipped with modern agricultural implements than Mr. George Boyce. George surely means business. More power to his elbow.

The old English game of football seems to have taken deep root in this section the past two seasons. The yells of the enthusiastic competitors in the exciting game may be heard a long distance from the south-east corner of this line, where the game is played three or four evenings each week. Could we but see the old grey stone building, the chapel, close and stately old elms, what a flood of pleasant reminiscences might be presented to some of us, but alas ! alas !

Wanted—A correspondent to report to the outside world the interesting events of the Stone settlement.

Neuralgic Headache is Uaually

Attended with blinding pain, but relief comes quickly when Nerviline is applied, for it is the strongest pain reliever in the world. "I consider Nerviline a most magical remedy for neuralgia. I am subject to violent attacks, writes Mrs. E. G. Harris of Baltimore, but never worry if Nerviline is in the house. The prompt relief that Nerviline brings makes it priceless to me. Franklin ; President, Dr. F. T. Bibby ; Vice-President, Miss Jean Collinson ; Sec.-Treas, Miss E. M. Small. There is an executive committee and officers have been chosen for a number of chapters. A Present For The Old Folks.

For The Stomach's sake.

An eminent physician says, "human life should last five times the years it takes to mature"—thus if twenty-one is maturity we should live over a hundred years, but there are not many reach the century mark. A great deal more longevity would exist if the stomach did not get crippled and play out—That organ gets plenty of abuse, and is deserving of attention—It is starting point of most ailments, and it needs the first attention when symptoms of sickness appear. If an elderly stomach can be kept working right, you may be sure of a ripe and contented old age, comparatively free from physical burdens. The great new discovery, ANTI-PILL, the Great System Treatment, has a great effect in helping old and deranged stomach. Any aged person who will address a Postal to Wilson-Fyle Co., Niagara Falls, Ont., will get a free trial bottle by return mail.

Pneumonia is Filling the Hospitals.

Every day we hear of someone being taken with pneumonia. The only prevention is to get strong and keep your body healthy. Take Ferrozone which makes the rich red kind of blood that nourishes and stimulates the entire system. "I was all run down and an apt subject for pneumonia writes A. B. Charters of Burlington, when I tried Ferrozone. I didn't believe it was possible for Ferrozone to build me up so quickly. In a few days my appetite improved, color came into my cheeks and I felt stronger. I gained eight pounds and regained my old time vigor through using Ferrezone. Try Ferrozone, it assures health.
