HOLLOWAY'S PILLS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMAN'S LAND.

Copy of a letter inserted in the Hobart Town Courier, of the 1st March, 1851. by Major J. Walch.

Margaret M'Connigan, nineteen years of age residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills which she consented to do, and to an incredible short space of time they effected a perfect cure.

SHERIFF'S CHOLERA SYRUP

IN CALIFORNIA.

THE following extract of a letter is from a gentleman of respectability, who has thoroughly tested the virtues of the above medicine, not only in this, but in other climates, also, and which goes to show its value to persons intending to journey through the various climates and sickly regions, where epidemic diseases cut off the inhabitants by thousands:

Bath, March, 1st, 1852.

DEAR SIR—As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives. I hope you will accept my most unqualified acknowledgements of the benefit which I have personally received from the use of your medicines. In 1849, I was starting on the overland route to California. I procured a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and climate, both while crossing and here, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhœa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as ever I was in my life. And I would most sincerely recommend all those who intend going to the same country to procure a good supply of your Cholera Syrup, as I know it to be the most useful medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.

Yours Respectfully,
D. A. P. SHEPPARD, Surgeon, [illegible]

Prepared only by [illegible] Canada.

HOLLOWAY'S OINTMENT!

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor Holloway.

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.
