The garden party at Thomas Taylor's on Wednesday evening of last week was one of the most enjoyable and successful functions of the kind ever held in this part. Much credit is due those who had the matter in hand and on whom the preparations entailed a great deal of labor. After the gathering had enjoyed themseves in social converse and various ways, and the tables relieved of their load of tempting viands, the company was called to order by the pastor, Rev. Mr. Sinclair, and an interesting program proceeded with, which included a number of musical selections by the choir, recitations by Mrs Thomas Taylor and Messrs, Brooks and Hutchinson, a solo by Dr. Murray, and a liberal contribution of phonographic selections by Mr. Orr. A handsome sum was realized which will place the finances of the Sabbath school on a good footing.

The Royal Templars' picnic promises to be something more than ordinary. Remember the time and place, July 6 in Kerr's grove, near Richard Allan's, and come.

The Greatest Family Remedy.

And one well known in most Canadian homes is Nerviline, a perfect panacea for all internal and external pain. Mrs. M. E. Cartwright of Morris says:—I couldn't think of being without Nerviline. When I get toothache Nerviline stops it. If I get a sick headache, have a trouble with my stomach or bowels I can rely on Nerviline to cure me promptly. To break up a cold or rub on for rheumatism or neuralgia Nerviline has no equal. It's priceless in any family. Nerviline is king over all pain and costs 25c.

The government has placed 22 parent black bass in the pond and river at Mt. Forest.

A commercial traveler whose business took him up the Bruce Peninsula went off for a day's bass fishing with a local customer, and on returning in the evening was telling in the sitting-room of the hotel at Lion's Head of the luck they had had. The two men had caught and brought back with them about eighty bass, some of them quite large. An elderly man in the room remarked to the traveler that it was contrary to law for one person to catch more than eight bass in one day, a piece informtaion at which the traveler laughed. But he learned presently that he had been telling of his fishing exploits to Mr. B. B. Miller of Wiarton, a fishery inspector, who believed in the thorough enforcement of the law. The men were fined ten dollars each. Daily Star.
