The Sydenham Mutual Fire Insurance Co. has the largest surplus of any purely mutual fire insurance company in Canada; has a large membership, is managed by men of experience in the insurance business, rates as low as is consistent with security, has a premium note one third less than any other company. Before insuring call on or write to their agent, W. J. Bowes, Markdale.

Dr. Scott of Maxwell has sold his medical practice to Dr. A. T. Bond, a graduate of Toronto University and recently with Dr. McFaul of Collingwood. Dr. Bond is now in charge of the practice, and places his card in this issue. Many people in Osprey will regret to hear of Dr. Scott's removal from active work, and more particularly on account of the necessity which arises for the move. At the same time we believe they will find a worthy successor in Dr. Bond.

Division Court was held in Dundalk last week. The docket was unimportant. One case, however, may be of public utility. This was that of Sharp vs Moorhead. A party of Dundalk young people hired a livery from Sharp last fall. The vehicle broke down near Flesherton and caused the young people much inconvenience. Sharp, the liveryman, sued for seventeen dollars, alleged damages to the rig. The judge held that the vehicle was unsound and dismissed the case.

The anniversary service in the Presbyterian church on Sunday was well attended, the preacher being Rev. John L. Small, B. A. of Auburn, Ont. On Monday evening Mr. Small lectured to a fair sized audience on the subject of "Church Etiquette." The audience was most appreciative, for the lecture was a treat and was one which should have been listened to by our young people. Mr. Small is a very pleasing speaker, and interspersed his lecture with several recitations, which shows that he is a reader as well as lecturer. Mr. and Mrs. Sheppard each gave a solo, and the choir rendered several anthems. The ladies served ice-cream and cake in the school room free of extra charge.

In speaking of the House of Refuge opening the Dundalk Herald says: "There was also a dearth of newspaper men when every paper in the county should have been represented. Though some may not think it, there is a certain amount of courtesy due the press, and it would have been a very little thing for the county council or the management to forward to each one a proper invitation to be present, and better still, provide a place for taking notes when they did come. The result will be that instead of such an event as the opening of so grand an institution being heralded with pride and enthusiasm to every resident of the county, the majority of newspapers will refer to the fact that it was opened as they would refer to a barn raising."

Mr. W. C. Parker, a well-known and highly respected resident of Artemesia, passed away on Thursday of last week at the Toronto general hospital after a prolonged illness with cancer of the bowels. Mr. Parker had been at the hospital for a couple of weeks. The remains were brought home and interred in Flesherton cemetery on Friday last. The deceased gentleman was a native of Yorkshire, England, and came to this country 21 years ago. He has lived in this township for the past twenty years, and was a consistent member of the Methodist church. Much sympathy is expressed for the bereaved family. Mrs. Parker desires us to express her thanks for the very many great kindnesses shown by neighbors in her hour of trial. The funeral on Friday last was under the auspices of the I. O. F., of which deceased was a member.

Arbitration

An important arbitration case was in progress here Monday and Tuesday of this week before Messrs. C. Pye (chairman) Clarksburg; James McCaslan of Euphrasia, and R. J. Sproule, Flesherton. The case was one arising out of an accident on the 12th con., opposite John Weber's, in the valley, last winter, by which Gilbert Isaac of Kimberley claimed damages from Artemesia township for injury sustained by his wife. Mr. Isaac's story is to the effect that while driving down the mountain from Markdale at night his cutter struck a wheel scraper lying beside the track; the horse jumped and upset the cutter, it is claimed injuring Mrs. Isaac's back, from which she is said not yet to have fully recovered. A large number of witnesses were heard, including Dr. Schultis of Heathcote, who treated the case. The plaintiff was represented by P. McCullough of Markdale, and the defendant township by Barrister W. H. Wright.

A Missouri editor refuses to publish obituary notices of people who while living failed to subscribe for his paper, and gives this pointed reason. People who do not take their home paper are dead anyway, and their mere passing away is of no news value.

A bunch of surveyors, on the new C. P. R. line near Bond Head were running a line through a farmer's wheat field. The farmer objected and presuasion failed turned a cross bull into the field. The bull soon had the field to himself. A farmer near Bolton "sot" his dog on the surveyors, but the dog was not as successful as the bull.—Bolton Enterprise.
