Western Fair, London.

Active preparations are under way for this year's Exhibition, to be held September 9th to 17th. The prize list has just been issued and is now in course of circulation. The Secretary informs us that he will be pleased to mail one to anyone who has been overlooked, on receiving their address. Liberal premiums are offered, open to all, and fairly distributed among many departments, comprising about every conceivable industry, a large portion going to the live stock classes. The conditions, rules and regulations are conveniently arranged so that anyone can easily understand them. The improved entry form which was originated by the Western Fair will be used again this year. It is much appreciated by the exhibitors, as it saves time and avoids mistake.

Contracts have been let for a new dairy Hall, which will be completed in time for the opening of the Fair. The building will cost $10,000, and will be of first-class construction throughout, giving a floor space of 8,500 feet. The Demostration Hall will have a seating capacity of 800 to 1,000, equipped with up to-date appliances for demonstrating the manufacture of butter and cheese. Butter-making competitions, for both professional and non-professional butter makers, will be held daily during the Fair. The portion of the building sen apart for exhibitswill be suitably fitted up with refrigerator cases for butter and cheese, and platforms and stands for dairy machinery, including cream separators, churns, etc. In fact, everything in connection with this department will be in keeping with the importance of London as centre of one of the best dairying sections in Canada.

The removal of the Dairy Department from the old Dairy, Agricultural and Horticultural Hall provides very much more room for agricultural and horticultural products, and will tend to better the excellent displays of past years.

It is confidently expected that the Manufactures and Arts Building will be largely filled with exhibits of processes of manufacture of goods made in London. Leading artists will be represented in the Art Gallery—a better display than ever is anticipated.

The list of attractions is about complete and we are assured it is the best yet. The speeding in the ring, always a feature of the Western Fair, will this year, with enlarged purses, be more attractive than ever.

The people of Ontario have always shown the highest appreciation for the Western Fair, and we feel that, in wishing them a prosperous future we but express the sentiments of everyone in this section of the province

Sniffeling and Sneezing Colds,

Can be stopped in a few minutes and permanently cured in one hour by inhaling fragrant healing Catarrhozone. No remedy compares with Catarrhozone for cold in the head and nasal catarrh. It soothes and heals the inflamed mucous membranes, prevents sneezing and coughing, clears away the "stuffed up" feeling in the forehead. If you haven't used Catarrhozone get it and try it on your next cold. You'll be surprised at the efficiency of this delightful inhaler treatment which pleases everybody because it cures so quickly. Complete outfit $1.00; small size 25c.

Promotion Exams.

NO DIFFERENCE

No distinction is made as to the kind of piles that Hem-Roid cures.

The names internal, External, Bleeding Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-roid is a tablet taken internally.

It is a permanent cure and no case of piles has ever been found it failed to cure.

Money back if itdoes.

A guarantee with every package.

Dr. McFadzean of Arthur reports a peculiar freak of nature which occurred on the premises of Mr Robert Wates, C. S. R. A calf was born in the reverse manner, its internal organs being entirely external and in full view of all. The animal was well formed in every respect, the head and feet being perfect. Dr. McFadzean considers it one of the most peculiar freaks that has ever come under his observation.—Grand Valley Star.

A buyer for one of the largest liquor houses in Philadelphia, who is compelled to sample enough wine and spirits every day to put an ordinary man out of business, says that buttermilk is his salvation. "I not only buy five or six glasses a day at the dairy restaraunts or street stands," he says, but I drink it all the time at home instead of tea or coffee. I never touch beer or anything like that. I keep a stone crock of buttermilk in the cellar and let it get just a little stale. A man who has a craving for liquor will find very little trouble if he takes plenty of buttermilk. If he wants to swear off, buttermilk will help him. It is a spendid stomachic. Two quarts of good buttermilk a day will cure any case of nervous dyspepsia.

A smart man, an employee of Waldemar grist mill, one day recently sought a little variation in the busy day's routine, and picking up a gun started for game. Spying a large sow, and perhaps mistaking her for a hippopotamus, he aimed and fired Her pigship waddled off from the mill and reaching the Presbyterian church shed, decided it was far enough and died. Her owner, George Lawson, thought the miller had gone too far, the pig costing him $25 some months previous and was about to increase his live stock wealth, so he issued a warrant for the miller's arrest. He litterly shook the dust off his clothes at once, taking a ticket for Ordlia and High Constable Billy Marshal would like to locate him.—Grand Valley Star.

Three young men of Marsville district, Archie Wilson, Archie Donaghy and Thomas Redmand, have got themselves into a rather nasty box, all resulting from failing to observe the commandment to remember the Sabbath day and keep it holy. It is said these young men have a grudge against A. Collins, who works for Mr. Handley at Orton, and gathered around the household on Sunday night between ten and eleven o'clock to square matters. Some stones were thrown, when Miss Libbie Handley went out on the veranda to see the cause. She was struck near the temple with a stone, which rendered her unconscious, and had remained in that condition up till time of writing, although a doctor had been in attendance continally. Warrants have issued against the young men implicated, charging them with doing bodily harm, and the outcome of the young girl's injury means much to all concerned. Wilson claims to have been in bed at the time stated.—Grand Valley Star.

Miss Agusta Bessie Moot of Orangeville was married in Toronto lately, to Quong Sing, a Chinese tea merchant of 85 Queen street west. He had paid her attention for over a year, but during her illness in St. Michaels hospital lately, his ardor subsided, the bride called on Staff Inspector Archibald, who detailed two policemen to interview the celestial, with above result.

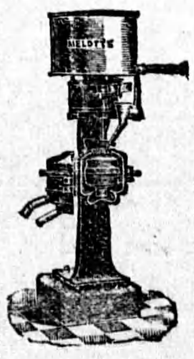
Friday night—Flesherton for 2 hours	
Saturday—Markdale house, Markdale.	

Wm. Manary is Manager for both horses with the exception of Gauthier Friday night and Saturday, when he will be under the care of H. M. Douglas, proprietor, Vandeleur



MELOTTE CREAM SEPARATORS

increase the quantity of cream 20 per cen., improve the quality of butter, save ice, save time in washing a multitude of pans and provide sweet and still warm separated milk, which, with a little corn meal added makes a far more valuable, though less expensive, food for young stock than stale skimmed milk. These are facts which any user or any dairy expert will cofirm. No charge for trial.
