Markdale Repudiates Promises

The following items from the Owen Sound Times and Markdale Standard puts the village of Markdale in rather a bad light with regard to its agreements respecting the house of refuge. We cannot think, however, that the citizens of Markdale will let any such stigma rest upon their fair village as would certainly be the result in the event of adopting a course of repudiation of their sacred and accepted covenants. Markdale's magnanimity and enterprise in this matter when the offer was made was a matter of surprise and pleasure on the part of very many. To repudiate her sacred promises now would be a petty piece of business indeed. The Times explains the situation as follows:

When the Markdale influences got to work to secure the house of refuge for that village the inducements included free electric light and installation, and this was made a big factor in the successful effort to secure the location there. A bylaw was passed by the council and submitted to the county's solicitor and accepted by the county council as the bona fide offer of the municipality. Imagine the surprise that will come to the members of the county council and to those who interested themselves in the question of a location, when they learn that the village council practically repudiates the bylaw. The repudiation is indicated in a letter received by the county clerk last week in which it is stated that the village council are advised that the bylaw authorizing the entering into the agreement is invalid and that the council is not justified in attempting to carry out the agreement, ratepayers having taken objection to the council levying any rates to meet the necessary expenditure. It is difficult to understand what code of honor or dishonor the Markdale council stand for. If ever the honor of a place was held up to question this is an instance. Whether the citizens of the village will back the council in such an action remains to develop. If the village was honest in its offer and the council were honest in an effort to do the right thing it would strain every effort to legalize the bylaw and live up to the strictest letter of a bona fide agreement entered into by the village council and the county council. Failing that the county council will not be doing its duty if it does not fight the matter to the extreme. If the council desired to save the good name of Markdale it would make the ratepays who wish to bring dishonor on the village take legal action to restrain the levying of rates and then not stop short of a special act of the legislature to ratify the by-law. For the credit of the village and the county it is hoped that a reconsideration will render unpleasant action unnecessary and that Markdale will not go on record as the first municipality to repudiate an agreement accepted as an honest expression of the council's intention.

The Standard says:

A regretable incident in connection with the agreement between the County Council and Markdale re the electric lighting of the House of Refuge has developed. Markdale council by resolution offered free electric light for ten years as an inducement to locate the buildings at Markdale. The county council having finally decided in favor of the Markdale location the question was raised by the members of the County Council as to the binding of Markdale to carry out the proposal to furnish free electric light. A by-law and agreement was prepared by the County Solicitor, forwarded to Markdale Council, and the by-law was duly passed and signed. The present council has been notified that the by-law is invalid and that the Council had no authority to enter into the agreement. Unfortunately too, our people are not, and never have been at all unanimous as to the wisdom of entering into such an agreement, and some feeling has been developed by reason of what seemed unreasonable terms exacted by County Council in demanding all night service. The by-law is not even in a shape in which it can be submitted to a vote.

Deaths in Osprey

HUDSON—John Hudson died in the general hospital, Toronto, on July 9, at the age of 61 years, after an illness of five weeks and two days—three weeks at his home, where everything was done that could possibly be, when he was removed to the hospital where it was hoped something might be done for him, but in vain. Mr. Hudson was a great sufferer during the whole time of his illness, until death relieved him. John Hudson was born in the township of Albion, from which place his parents removed to Meaford when he was ten years of age. Remaining at Meaford three years, they removed to the township of Osprey, then a wilderness, and settled on a farm on the 10th concession, near Feversham, where deceased resided continuously until his death, a period of about 48 years. He leaves to mourn his loss a wife and four children, his eldest son—Thomas—having been killed in the bush in the spring of last year. One daughter is the wife of Mr. George Hawton, living near the old home, and one daughter and two sons are still at home. Mr. Hudson has been engaged in farming ever since he was in the township. He was prominent in all municipal affairs; was a member of the township council for several years. He was elected reeve at the bye-election of 1903, and re-elected by acclamation at the election last December. He was appointed treasurer of Osprey Farmers' Milling Company, which position he has held continuously ever since. He was also always associated in some capacity with the Osprey Agricultural Society, and in all movements for the benefit of the community. Of the brothers and sisters surviving him there are, Sanderson, of Lakeport, Mich.; Alexander, of Maxwell; Margaret, wife of Dr. Kerr, Toronto; and Isabella, Toronto. The keenest sympathy of the whole community is extended to Mrs Hudson and family, their loss being also a distinct loss to the whole district.

HAWTON—Richard Hawton died at his home on con. 11, Osprey, on July 14, after a lingering illness of nearly a year It was thought in the spring, as he began to recover some little strength, that there might be a chance of recovery, but on the evening of July 9 he took a relapse, from the effects he gradually sank and passed away as stated. Mr. Hawton had been a resident of Osprey, living on the same farm for about 36 years., having moved from the Bruce Mines along with his parents. He was of a quiet disposition, always ready and willing to do his part towards all enterprises that were for the benefit of the community. He was a director of the Osprey Farmers' Milling Company since 1892, and was also President of Osprey Agricultural Society. He was also steward of Buckingham Methodist church. All of these positions he was still holding at time of death. Mr. Hawton leaves behind a wife, two sons and four daughters, of which one son—George—and one daughter—Victoria—are still at home. Other children are Mrs. James Buckingham, Mrs. James Hicks, and William and Annie in the Northwest. A brother, Isaac, resides in Osprey near Rob Roy, who is also in feeble health. The deepest sympathy is extended to Mrs. Hawton and family.

Talk to Yourself.

Why are there so many "dont feel well" moments? What is the cause of these aches and pains? Can I banish them!

When you don't feel well your stomach is not well. That is when the ills of the body commence, and they will never end until the stomach is made right. When the stomach is wrong the whole body is liable to go wrong—Poisonous formations are thrown into the circulation in too great a quantity for the other ogans to resist—Nerve tissue poisoned—Sleepless, excitable, nervous, heart irregular, headache, kidneys overtaxed, backache, kidney pains, liver clogged, constipation and bowel trouble. You can end these afflictions by helping the stomach with ANTI-PILL. It is just what a deranged stomach needs. You can prove for yourself by addressing Wilson-Fyle Co., Niagara Falls, Ont., for a free trial bottle. Regular size 50 cents (a months treatment).

MELOTTE CREAM SEPARATORS

are easier to clean than any other. The thickly enamelled surface of the bowl casing in sizes 1 to 5 is specially provided as being the easiest of all surfaces to clean. It should be noted also that the Mellotte has neither a number of small tubes nor any long tubes, nor complicated device os any kind to be cleaned. The bowl itself is self-emptying, and every part of it is easily accessible to hand and cleaning cloth. In short the Mellotte is by far the easiest separator to clean, and for close skimming is unexcelled. WRITE FOR BOOKLET NO. 1
