W. A. Armstrong,
Jeweller, Flesherton

Wareham

The weather here has been exceedingly fine this last few days.

The township has been in a hum with tradesmen's tools during the whole summer.

Miss Bradley, of the public school here, has returned from a visit to her home and friends, and has resumed teaching.

Harvesting is about in full swing around here now, but the farmers are complaining that the crops are badly damaged with rust.

Mr. Roome, postman, has just received a very large supply of wheat flour, which seems to be a little up in price compared with that of last month.

Mr. J. Inkster, late of the old country, has sent a very large order to Toronto for photographic goods, which he intends following up. He is still with his cousin, W. S, Inkster.

Mr. J. Grummot and others seem to have failed in their proposal to have the school moved, as no sight of the former has been seen since the Board of Health visited the grounds, and the brickwork is in full swing.

Mr. W. S. Inkster is preparing to lay a large cement floor under his barn, which he has recently raised. He also intends to build a large addition to his barn this fall or coming spring, which will probably make it the largest barn in the towuship.

Mr. Ernest Buckingham, who has had charge of Kimberley roller flour mill for the past few months, is now holidaying for a few weeks after which he will return to take charge of the above mentioned mill.

Industrial Home Notes

The harvest on this farm is now well under way and would, most probably, have been finished by this time had not a cargo of coal arrived, which caused a delay in commencing the harvest. The oats are in stook, and a good part of the pea crop is housed and in good condition. The upper part of the barn is finished and presents a fine appearance, now that it it is painted. The under part will probably be finished in a few days.

Mr. Ritchie, the electric light man, was lately engaged finishing the house with lamps. Each room is now furnished with a lamp and the Home, at night, looks extra cheerful.

An inmate humorously suggests that henceforth this institution be designated "The Orphanage," as all its inmates are both fatherless and motherless. Poor children! They have our sympathy, even though some of them are grandfathers.

Rev. Mr. Simpson of Toronto, and Rev. Mr. McNab of Kilsyth, were among the visitors of last week. Both gentlemen expressed their pleasure at the attractive appearance of the home, outside and a still greater degree of pleasure at comfort provided for the inmates inside.

J. Boyle of Holland township and D. Henderson, of Markdale, were admitted to the home last week, the former as an indigent, the latter as a private boarder.

Number of inmates at present time of writing, males 15, females 3.

Number of visitors registered since last report, 95.

Mr. Harness conducted divine service in the men's day room on Sunday afternoon taking for his discourse 3rd chapter St. John's gospel, 16th verse.

Maxwell

On Tuesday, Aug. 23., the Auxiliary of the W. M. S., of Maxwell, held an At Home at the parsonage. Refreshments were served, after which a short program was given, part of which was a very interesting and instructive address given by Mrs. R. Buckingham, of Stayner, organizer for Collingwood district. The Misses Kerr gave a selection of instrumental music. The evening was beautiful and everybody seemed to enjoy themselves. Although the fee was small the results were $12.25.

Mrs. Robt. Coutts, of Muskoka, who has been visiting with frienbs here for some time, returned to her home this week.

Miss Flossie Clinton, of Feversham, is visiting with her cousin, Miss Maud Heron, this week.

Mrs. John Gamey started for her home in Arcola, N. W. T., last Thursday, her sister, Miss Maude Spofford, accompanied her.

Mr. Frank Kerton returned to the West last week on the harvest excursion. Frank seems to be much taken up with the West.

Mr. Charles Ferguson has also taken a trip out West.

Miss Seimuler of Toronto is the guest of Miss Annie McCallum.

Miss Mabel Guy spent a few days with her grandmother, Mrs Gray of McIntyre.

Mrs. King, of Buffalo, is visiting with her mother, Mrs. Tom Madden.

Miss Gray, of Collingwood, is spending a few days with her uncle, Mr. Geo. Pallister.

The executive and memberspip of the W. M. S., of Maxwell, desire to extend their sincere thanks and appreciation to their many friends, with respect to the great success of their At Home, held at the parsonage on the eve of the 23rd. inst., which, let me add, bespeaks much on behalf of the Godward tendency of a christian community.

Port Law

As a number of items in last week's budget did not appear in The Advance, and believing that their omission was not intentional by the editor, but that a sheet had been laid aside, we repeat those yet seasonable.

Clarence, the four-year-old son of Mr. J. H. Watson, had his leg broken lately. He happened to come near a waggon while his father was greasing it, and touching a loose wheel it fell on him with the above result. Dr. Carter has the little fellow now in a fair way to recovery.

Mr. Jacob Loughead fell from a beam in his barn and had an arm broken. Mr. Loughead has been the victim of a chain of misfortunes within the past year, among which was the death of his wife, and the loss of his barn by fire.

Mrs. Dr. Sproule, Markdale, Mr. Howard Sproule, Winnipeg, Mrs. W. Jones, and Miss Hull of Boston were the guests lately of Mr. and Mrs. F. W. Nicholson.

At time of writlug the framework of Mr. R. McMaster's new barn is beginning to tower aloft.

Miss Annie Sheardown returned last week from a two months' sojourn with friends near Bolton.

Mr. James Coutts has received his new threshing machine, and given it a trial.

Harvesting is pretty well under way, and should fine weather continue a short time would relegate it into the past.

Catarrh of The Head

Is very common, but awfully dangerous because it causes deafness and leads to constipation. Cure is as certain to follow the use of Catarrhozone as day is to follow night. You simply breathe the fragrant healing Catarrhozone which spreads through the nasal passages, throat and lungs, driving out every vestige of catarrh. "I was cured of chronic catarrh of the nose and throat" writes Ernest M. Wilkinson of Laurenceton "after many years of misery by Catarrhozone which is a splendid remedy to free the air passages from mucous. Catarrhozone relieved quickly and my cure has been permanent." Price $1 00 for two months' treatment; trial size 25c.

W. J. McBeath, who lives in the suburbs of Chesley, had a much closer acquaintance than he desired with an electric bolt during the storm last Wednesday evening. He and his wife and sister were standing in the doorway watching the storm when the electric fluid struck the chimney, came down the stove-pipe, and hitting the zinc under the stove, flew over the floor, one bolt going out the door. Mr. McBeath was knocked off his feet and his wife thrown back against the wall. The two women carried him outside as his legs seemed paralyzed. They thought at first he was killed, but he soon rallied, and though his legs seemed numb he was able to stand. For a couple of days afterward he was quite deaf in one ear It was a close call for both Mr. and Mrs. McBeath.—Chesley Enterprise.

What is Dyspepsia?

Qualms, nausea, longing for food yet dreading to eat. You may have the real thing, but Ferrozone will cure you like it did S. D. Huntingdon of Hamilton, who says "I frequently was attacked with such acute dyspepsia that I thought it must be heart disease. I used Ferrozone and was cured. My digestion is in perfect order and I can eat anything to-day. Nothing is as good as Ferrozone for dyspepsia and those bothered with weak stomachs. Price 50c. at druggists.

Reports from Tara say that on Saturday evening of last week, the same night that a meteor struck earth near Shelburne a similar visitor landed near Tara. It fell on a stone pile and burnt the stones into lime. The meteor weighed 19 pounds and took 17 hours to cool. It looked like granite.
