New Perfection Oil Cook Stove

Speedy—Touch a match to the burner and it is ready for use instantly, just as speedy as a gas stove.

Steady—Set the flame where you want it. You can always see it through the mica door and it stays where you set it.

Clean—Does not blacken pots and pans. The long blue chimney turns every drop of oil into cooking heat. None of it escapes in smoke or soot or disagreeable odor.

Hot—For every cooking purpose there is always an abundance of steady, clean, intense cooking heat directly against the utensil.

Oven—Glass door, will not steam or break. Three point lock device saves heat. Scientific heat circulation, all steam and moisture carried away. No soggy food.

Call and let us show them to you. Made in 2, 3 and 4 burners.
