*Wistar's Balsam of Wild Cherry,*

not only emanates from a regular Physician, but has been well tested in all complaints for which it is recommended.—A Physician in Maine says:

"I have recommended the use of Dr. Wistar's Balsam of Wild Cherry for diseases of the lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed Consumption had taken place, the Wild Cherry effected a cure."

*From the Boston Daily Bee, March 28, 1849.*

"**Cure your Cough.**—Are you afflicted with this distressing annoyance, get rid of it. You have only to procure a bottle of Dr. Wistar's Balsam to ensure this. It seldom fails when taken in season to effect a cure, and always relieves even the worst cases of diseased lungs. Many physicians recommend it to their patients, and speak of it in the highest terms in letters to the proprietor, citing cases of cures where other means had failed.

For sale, wholesale and retail, by the General Agent, SETH W FOWLE 138 Washington st., Boston Mass., and by his sub-agents throughout the country.

Price $1 per bottle; six bottles for five dollars.

For sale by E. W. PALMER, Druggist, Market Square, Kingston.

## MARRIAGE, HAPPINESS AND COMPETENCE.

WHY IS IT!

That we behold many females, scarce in the meridian of life broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life as we see when physical health, buoyancy of spirits and happy serenity of mind, arising from a condition of health should be predominant.

Many of the causes of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin so light as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefitted by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years? And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable, easily remedied—or altogether avoided—if cured, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (within the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands.

In view of such consequences, a wife or mother is culpable if she neglect to avail herself of that knowledge in respect to herself, which would spare her much suffering, the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies, with healthy minds. That knowledge is contained in a little work entitled

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.

*One Hundredth Edition.* 18mo., pp. 250. *Price*, 50 cts
[ON FINE PAPER, EXTRA BINDING, $1 00.]

First published in 1847, and it is not

SURPRIZING OR WONDERFUL,

Considering that EVERY FEMALE, WHETHER MARRIED OR NOT, can here acquire a full knowledge of the nature, character and causes of her complaints, with the various symptoms, and that nearly

HALF A MILLION COPIES

should have been sold.

It is impracticable to convey fully the various subjects treated of, as they are a work strictly intended for the married, or those contemplating marriage, but no female desirous of enjoying health, and that beauty, consequent upon health, which is so conducive to her own happiness, and that of her husband, but either has or will read this work, as has or will every husband who has the love and affection of his wife at heart, or that of his own pecuniary improvement.

## CHILSON'S PATENT WORLD'S FAIR PRIZE MEDAL FURNACE.

I am happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the

*BEST FURNACE IN THE WORLD!*

Not only in this Fair acknowledged our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwellings, Churches, School Houses, Academies, Court and State Houses, Hospitals, Stores, &c in nearly all the cities and towns in the United States, but is meeting with equal favour in the Canadas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common cast iron air furnaces seven years since, and the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages, purity of air, powerful heaters, economical plan to burning anthracite, bituminous coals of wood, all equally well flues easily cleaned out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also, 4 sizes of new and and superior

## ST. LAWRENCE NAVIGATION.

## TUGBOATS.

NOTICE is hereby given, that TENDERS for the TOWING of all VESSELS for which such service shall be demanded, between KINGSTON and MONTREAL, or any of the intermediate Ports, will be received at this Office, until MONDAY, the FIFTEENTH day of NOVEMBER next.

The Tenders sealed and endorsed "TENDERS FOR TOWAGE" are to be addressed to "CHIEF COMMISSIONER OF PUBLIC WORKS QUEBEC"—and they are to state the lowest amount of bonus for which the towage will be done, based on the following general Principles, viz:

1st. That as many Tow-Boats are to be employed on the service, as may be deemed necessary from time to time, to perform the work so effectually, as to ensure the vessels being forwarded without a detention of more than TWELVE HOURS on any part of the route.

2nd That the Tow-Boats employed between Dickenson's Landing and Prescott shall be of not less than SIXTY horse power—and those on the remainder of the route of not less than FORTY-FIVE horse power; but without reference to these stated powers, it is to be understood that vessels drawing not more than NINE FEET water on the downward trip, or EIGHT FEET water on the upper trip, shall be towed at an average speed of not less than five miles per hour.

3rd. That the Tow-Boats shall not be engaged in the towing of rafts, or others than as contracted for.

4th. That the Service of Towing shall commence on the First Day of the Opening of the Navigation in Spring next, and shall be continued until the close of it.

5th. That in the event of any accident occurring to one or more of the Tow-Boats, the Contractors shall have others at command to be immediately substituted, so that no interruption of the Trade shall take place.

6th. That the rates charged per mile, for all Towage, Upward, shall not exceed the rates specified in the accompanying schedule, and for Towage, DOWNWARD, the charges shall not be more than ONE-THIRD of such rates.

7th. That the rates shall be charged for according to the following distances, viz.

From Lachine to lower entrance of the Beauharnois Canal, - - - - - - - 19 miles
From upper entrance of Beauharnois Canal to Cornwall, - - - - - - - - 40 miles
From Dickenson's Landing to Prescott, - - - - - - - - - - - 41 miles
From Prescott to Kingston, - - - - - - - - - - - - - - 61 miles

When a vessels is taken in Tow at any other points than those mentioned in the above table of distances, the Towage may be charged for from the commencement of the last station, unless otherwise specially agreed on.

8th. That when the Tow-Boats pass through any of the Canals, they, together with the wood for fuel, shall pass free of toll.

9th. A Contract will be entered into for the towage for three years: but the tenders are to state what the bonus demanded for that term will be reduced to, if the period is extended to five or seven years respectively.

10th. The bonus will be paid in three equal instalments; one on the first day of August, one on the first day of October, and one on the fifteenth day of December in each year.

On entering into Contract, solvent and *bona fide* security will be required for the faithful and due performance of the Contract, and heavy penalties will be prescribed for any delays that may be caused to vessels, or for any infraction of the conditions of the Contract.

Tenders are desired either for the towage of the whole line from Lachine to Kingston, or for any of the divisions thereof.

Any further information that may be required can be had on application to this office.

J. CHABOT,
*Chief Commissioner of Public Works.*
