MARKDALE

LUCAS---GILLIES

No Third Party in This Election

The nominations for East Grey for the pending provincial elections were held in the town hall on Wednesday, Sheriff Moore of Owen Sound presiding. The names submitted were: Donald Gillies of Clarksburg, nominated by Dr. Bibby, seconded by W. W. Trimble; I. B. Lucas of the village of Markdale, nominated by J. A. Boyd, seconded by Loudon Wright. A public meeting was held at 2 p.m. as which Mr. Gillies, the Reform candidate, and Dr. Sproule on behalf of Mr, Lucas, addressed the audience.

A Seedless Apple

Canadian orchardists should keep their eye on the Spencer apple, the new seedless and coreless apple which is destined to be to the apple market what the navel orange is to the orange markets — the leading favorite. That the Spencer apple is a well-flavored, winter-keeping fruit, absolutely and permanently seedless and coreless is now a well-established fact. There are now about two thousand trees in existence, all sprung from the first five and in a short time no doubt the number will largely increase. The Nineteenth Century and After, in the last number, had a very interesting article on this new evolution of the apple-grower's art—for such it appears to be. And the patient and skillful orchardist who brought it to perfection, claims, if we read aright, that he can render any of the leading varieties seedless. It is a question of time and care and patient "breeding". And among its advantages is reckoned the fact that, as the tree has no bright-colored, scented blossom, but only a rudimentary and green substitute for one, the codlin moth one of the apple-grower's great pests, is not tempted to it. Those who know what the seedless orange is as compared with other varieties, can realize what the seedless apple will be as compared with other apples. As we said at the beginning, our orchardists will do well to keep their eye on it, and prepare for the coming revolution in the apple market.—Guardian.

Mr. Edward Kidd, M.P. for Carleton, will resign in favor of Mr. R. L. Borden if the electors of the riding consent, and the new election will be held immediately

The Northern Navigation Co. has issued a writ against the executors of the late J. J. Long for $87,000.

The Elora Poultry and Egg Farm Co. has been incorporated with $40,000 capital of $100 shares. They purpose going into the poultry business extensively, and have secured a section of land adjoining Elora.

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years from rheumatism," says W.H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by W. E. Rirhardson.

How Many Ballots Will Be Polled?

The Mail and Empire Offers Eighty Seven Cash Prizes Worth $500.

It pays just now to be a close student of public events, with some knowledge of the theory of probabilities. There is money in it. This fact has become widely apparent of late, as is shown by the hundreds of persons in Canada who have sent their predictions of the total vote to be polled at the Ontario Elecrion on January 25th to The Mail and Empire Office, Toronto, with the hope of obtaining the first prize of $100 in cash for the closest guess, or one of the 86 other cash prizes. These predictions vary widely, and the perplexing features of present contest make almost all of them equally probable. As a matter of fact the scientific politician stands in very little advantage over the casual estimator.

The details of this competition will be found in the current issues of The Toronro Daily and Weekly Mail and Empire. Predictions will be received up to midnight of January 24th.

The vote on the statute labor question in Derby stood 241 in favor of the new system of abolishing statute labor and 98 in favor of returning to the old system of statute labor.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by W. E. Richardson.
