BETTER LATE THAN NEVER

to wish you

A Happy New Year

Also better late than never to buy your WATCHES, CLOCKS and JEWELLERY from the undersigned.

But try to call early—don't leave it off too late.

We have the best selection of silverware for presentations, etc., ever seen in the county of Grey. Don't forget this fact.

W. A. Armstrong,

Jeweller, Flesherton

Industrial Home Notes

Mr. Editor,—We don't exactly know how how matters stand in the outside world, but at the Home everything seems quiet just now and we can scarcely gather enough news to form a budget and merely send these few not very interesting items to let you know that we are still in the land of the living.

The first difficulty arising in connection with the water-works system of this establishment occurred about the middle of the present month, when the water in the supply pipe from the tank to the house was solidly frozen, consequently completely cutting off the supply of water. Mr. Harness, however, after a couple of days of assiduous labor and constant attention, succeeded in overcoming the difficulty by thawing out the pipe by the aid of an oil stove In the meantime the house was kept supplied with water drawn in a threshing machine tank. It is quite possible that steps will be taken to prevent a recurrence of this defect in the future.

We are sorry to state that Mrs. Harness has been, for several days, and still is, seriously ill. A trained nurse is now attending her, and we hope to be able to report her recovery in the near future.

Mrs. Varty, of Calgary, and formerly of Flesherton, was a visitor at the Home on Thursday last.

The number of visitors, last week, was considerable for this time of the year.

Old William Walker and wife, of St. Vincent, were admitted as inmates on the 17th inst.

Mr. and Mrs. Thos. Manders, of Flesherton arrived on Monday of this week. The old couple seem quite pleased with their surroundings.

Owing to the serious illness of Mrs. Harness, Divine service was dispensed with on Sunday.

—INMATE

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is a sure preventative pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by W. E. Richardson.

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years from rheumatism," says W.H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by W. E. Richardson.

Fire destroyed the house occupied by Mr. Alf. Nicholson near Corbetton on Friday morning last. Mr Nicholson was not at home and Mrs. Nicholson was at the barn milking the cows when the blaze started, and so quick was the destruction that nothing was saved. The loss is considerable and very serious to them.—Herald.

Whitney Wins

The Reform Party Completely Snowed Under.

J. B. Lucas

Member Elect For Centre Grey

The election on Wednesday resulted in the complete discomfiture of the Reform party in Ontario. The results show an overwhelming majority for Mr. Whitney.

The latest summary gave Con. 67, Ref. 26, a Conservative majority of 41 in the house.

Out of the 98 seats a few could not be reported. Mr. Ross' election is not certain in West Middlesex. His majority will be under fifty. Mr. Dryden is defeated in South Ontario.

Mr. C. McPherson, Passenger Agent of the Canadian Pacific Railway, predicts that in ten years the United States will buy the Canadian wheat for home consumption.

Excitement has been caused at Orillia by the disappearance of Alexander McGrimman, cattle dealer, and manager of the Dalton Cattle Company. His books show a shortage of $15.000 to $20.000. The company is composed of Orillia men. During the last year McGrimman became loose in his methods, although he was a shrewd, careful Scot, and had the implicit confidence of the members of the company. The company's ranch consists of ten thousand acres in the township of Dalton, County of Ontario, with large stables at Digby and another close to Orillia. McGrimman's method of operating was to make a shipment of cattle, and only account for half of it on his books. The defalcations have been going on since last March

No town will become a good business centre as long as the majority of its business men rely upon a few merchants to bring trade to town. Too often men in a few lines of trade are about the only ones that reach out after custom. Other merchants wait until these business men influence people to town and content themselves with trade that naturally drifts to their to their place. A public spirited man asks himself is he is doing his part to attract people to come to town. Any person who induces people to come to town to trade is helping the entire community, and no town is a success unless all lines of trade are working to extend business as far as possible and trying to bring a larger territory in the circle of which the town is the business centre.
