PIANO FORTES.
THE Subscribers beg to inform their Friends and the Public generally, that they have received, and are in possession of their Fall Stock of Piano Fortes, from the celebrated Manufactures of
STODART & DUNHAM, IN NEW YORK, AND
CHICKERING, IN BOSTON,
Which comprises all classes of Six, Six-and-a-half and Seven Octave Pianos, from the plainest to the most highly finished. The superiority of these Instruments has been proved during ten years' trial in Canada, and as the undersigned offer them at the lowest manufacturing prices in New York and Boston, they are confident that the public will favour them with that liberal custom which they have hitherto enjoyed.
In order to meet the wishes of those also who are desirous of procuring Pianos at the lowest prices, the subscribers have added to their stock, a very large assortment, of INSTRUMENTS, of other good makers, as also SECOND-HAND PIANOS, which they keep constantly on hand at from £10 to £50.
Intending purchasers residing at a distance, by specifying their wishes by letter, in respect to style, quality of Tone, &c., may depend upon a faithful selection being made, with the privilege of exchanging if not perfectly satisfied.
A liberal allowance made for Old Piano Fortes in exchange.
Having engaged a good Piano-Forte tuner lately, from Collard's establishment, London, Messrs N. are always prepared to tune instruments at the shortest notice.

Announcement Importatn
*REDUCTION IN PRICE OF BOGLE'S HYPERION FLUID*
For Restoring, Preserving, and Adorning the Hair.
To the Lowest Rates of any article ever known for the Hair, as follows:

| | | | |
|---|---|---|---|
| Bottles formerly sold at | 50c, | reduced to | 25c. |
| " " " | 75c, | " | 50c. |
| " " " | 100c, | " | 75c. |
| " " " | 200c, | " | 150c. |

The unprecedented sale, increasing demand, and unqualified satisfaction this wonderful Hair Restorative has attained throughout the world, has raised up a host of Counterfeits, under all manner of names, of the most pernicious and destructive nature to the hair, which trash has been palmed upon the public under the lure of cheapness, and thousands have to regret the loss of fine heads of hair, by the use of these deleterious nostrums. The inventor of Bogle's Hyperion Fluid, considering the great success which has always attended his efforts, has determined to reduce the price of this invaluable compound, to the above scale, so that all, the rich and the lowly poor, may have an equal chance of making Bogle's Hyperion Fluid a household treasure, and banishing quackery from their doors.
At the same time, the inventor pledges his reputation that the Hyperion shall ever continue to be as good as heretofore, which has gained it a world-wide celebrity. He therefore, throws aside the realization of large profits, and assumes that of largely increased Cash Sales, confident of continued success, and yet further popularity.
The virtues of Bogle's Hyperion Fluid for the Hair need no panegyric. Its universal success has never been equalled, and the immense good it has done is testified by thousands of Certificates from Physicians and parties of the highest standing, open for inspection at the Proprietor's.
Therefore,—
All who suffer from Baldness—
All who are troubled with Dandruff—
All who have Salt Rheum, or any Humor on the Scalp—
All who have Half-Eaters at the Roots of the Hair—
All who are troubled with Headaches—And
All who wish to have a Beautiful and Glossy Head of Hair, in luxurious redundancy to the latest period of life—
*Bogle's Hyperion Fluid.*
Its price is now within your reach, whilst its manifold virtues are beyond price.
When used in early childhood, it lays the foundation of a good head of hair.
Ladies find it invaluable for keeping the parting clear of dandruff and hair-eaters, whilst it keeps the hair moist and beautifully in place and curl.
*Bogle's Eletric Hair Dye,*
A recent and most wonderful discovery in Chemistry, for instantaneously and with the least inconvenience, changing Red, Light, or Grey Hair, into a Permanent Auburn, Dark, or Black Color, without injuring or staining the skin in the least, and retaining all the original gloss and softness of the Hair.
The distinctive advantages of this new invention over all other Hair Dyes are,—1st, it is entirely free from all ingredients which can injure the Hair. 2d, It does not stain the skin. 3d, It is easier of application, as the Hair can be dyed any time in any weather, cloudy, rain, or sunshine. 4th, It acts like magic and is instantaneous in its effect, as the Hair can be washed with soap and water immediately after application, when it assumes a beautiful silky gloss, and has the most natural and lifelike appearance. 5th, It is the most permanent and natural Hair Dye ever invented, and neither Washing, nor the effects of the Sun, or Weather, can destroy its color, or tarnish it in the least.
Bogle's Hebeacona.
For purifying the Complexion, and eradicating Tan and Pimples, unrivaled. And
Bogle's Amole Shaving Cream,
Is allowed by all who use it, to be Perfection. These Articles may be had Wholesale and Retail of E. Jenkins, Market Square, also of G. Rose, Druggists, and T. Cradford Hair Dresser, Kingston, C. W.

THE Subscriber begs leave to call the attention of his friends and the Public, to his unequalled single and Double Horse Power Threshers and Separators, which have now been in use for two seasons, giving time to prove that all he said of them is correct having sold 27 of them to different persons, amongst whom he would mention Mr. H. Blanchard, Ernest-town; Mr. Smith Carrying place, P. P. D., Mr. H. Pultz, Wilton; Wilton Fisk, Esq., near Wilton; Mr H. J. Wells, Fredericksburgh; Mr. John Gibson Kingston (who took the first premium at the County Show last year, the Subscriber taking the second premium himself,) Mr. McSourly, Wolfe Island; Mr. Parker Barrett, Loughborough; Mr John Amey, Camden; Mr. Thomas Fraser, Township of Kingston; Mr Charles Shibley, Portland; Jacob H. Powley, Esq., Township of Orillia, Lake Simcoe; Mr. William Howard, Amherst Island. To all whom reference can be made that the Machines have given the best satisfaction of any yet introduced into Canada.
The Subscriber has now on hand a number of Machines ready for sale, and is still making them, intending to complete 50 by the first of October next, or more if called for, so there will be no delay in furnishing them to his customers during the season. They are all made with the Nut Wheel, and Converge, or Internal Gear and Pinnion with Larger Band Wheel than last season, as experience has shewn the power to be equal to a much greater speed. In all other respects they are built the same as last year.
The Over Shot Thresher and Separator has been fully proved to be the best and safest ever introduced and the Subscriber has made an improvement in the formation making the Concave Bearers wider, thereby saving the wear of the covering of the Cylender, and giving a larger throat. He has also adopted a new plan for raising the Concave, by means of two Thumb screws one on each side, enabling the Concave to be shifted, without stopping the Machine.
The subscriber, from his long experience in the Manufacture of all kinds of Threshing Machines, feels confident that he can now offer to his friends and the public, an article which cannot be surpassed for Durability and Usefulness.
The Two Horse Power Thresher and Separator is capable with 3 or 4 men, of Threshing from 150 to 200 Bushels of Wheat or Rye. The single from 60 to 100, or double that quantity of Oats or Peas per day.
