A movement is on foot, we believe, to reduce the number of liquor licences held in this township. We understand that petitions are in circulation this week and will be presented to the Council, which meets on Saturday next.

There appears to be no dearth of farms for sale in this township, as a glance at our advertising columns will show. This does not denote an exodus from the township, however, as in nearly every case the seller either wants a larger or smaller farm or to quit farming. There are some first class farms advertised in our columns this week and intending buyers should look them over.

All accounts and notes due must be settled, or costs will be added to them. Adam Smith, Eugenia.

Mr. John English, who has been visiting his son in Idaho since last November, returned home on Saturday. Mr. English enjoyed his visit very much and thinks Idaho a fine state. Mr. H. H. Burgess, D.D.G.M. of Dufferin district, A.O.U.W., paid Flesherton Workmen an official visit on Monday evening. At the regular meeting of Court Flesherton, 995. I. O. F. held in the lodge room on Friday evening, January 27, after the installation of officers elected at last meeting the members spent a most enjoyable hour discussing a very dainty repast furnished by the com. appointed for that purpose. Songs, musical stunts, etc., kept all in good humor till midnight. It is hoped by the members that this is but a procurser of many such meetings.

There was a little war between cattle-buyers last week. The altercation occurred out at Hoy's corner over the purchase of some cattle from T. Betts. R. Fawcett and A. McAulay were principals. Fawcett struck McAulay and the latter fired "language" at Fawcett. On Friday A. S. VanDusen, J. P., as umpire, called upon Fawcett to put up $5 and costs and McAulay $1 and costs, thus amicably adjusting matters.

Friends of Mr. John Field will regret to learn that he has had to undergo an operation in the Western hospital, Toronto. The cause was rather an unusual one, being what is known as a "dental cyst," which had to be removed. The cyst was a growth on the right lower jaw bone and was caused by a fracture of the bone in having a tooth extracted six or seven years ago. The growth was successfully removed on Monday of this week and has attracted considerable attention in dental circles. Mr. Field had recently been appointed to the foremanship of the composing room in the T. Eaton Company printing department, and will, we hope, soon be able to resume his duties.
