The local mills are scarce of flour, owing to low water. People who use the Manitoba kind are more fortunate. Boyd Hickling & Co. have lots of "Five Roses" Flour, Bran and shorts.

The rotary snow plough will be kept on this line for the balance of the stormy season, which will probably prevent any further prolonged blockade.

A meeting of the Womens Institute will be held at the residence of Mrs Albert Stewart in the suburbs, on Tuesday, Feb. 28. All ladies are cordially invited.

Dundalk public school was burned to the ground on Saturday last. The fire started from the furnace. The school was a sold brick building. It was erected twenty years ago and the people of Dundalk had only completed paying for for it last year.

Mr. R. J. Sproule was on the Thursday evening train last week from Toronto which arrived at Orangeville 12.30 at night and stopped there. R. J. remained at Orangeville until 11.30 a. m. on Saturday when he started out for home in a cutter, where he arrived 12.30 at night—twelve hours to do the 38 miles.

Jeremiah F. Johnson, a colored man from Artemesia, died in Owen Sound jail recently, aged 69. The Times says the old man was one of the winter refugees and was committed on Oct. 20 for one month as a vagrant. Dropsy was the cause of death. The Times thinks deceased ought to have been in the house of refuge rather than the county jail.

Some friend sends us a copy of the Lincoln County Times, Washington, containing notice of the death of Edwin Snook, who at one time lived in this vicinity, we believe, and married a daughter of W. H. Moore. For several years he had been a fruit farmer in the Orchard Valley and leaves a wife and twelve children, most of whom are grown up.

Another swindle is being worked in some parts of the country by a man who sells canary birds. They are worth $10 but the owner will accept $1 down and the remainder when the birds have proved their ability to sing. With its first bath the bird loses its beautiful yellow and turns into a common sparrow.

Owing to the blockade Miss Johnson and Mr. McRaye were unable to fill their engagements on this line and the concert has been postponed until Thursday, March 2. The library board purposed calling off the concert altogether but large numbers have signified their desire to hear these talented people and so arrangements have been made to secure them for the above date.

Speaking of Rev. Mr. McBrien's removal from Owen Sound to Flesherton, the Sun says: For the past four years he has ministered with acceptance to the West street congregation. As the rules of the church restrict a pastor from remaining in one held longer than four years, Rev. Mr. McBrien's removal from Owen Sound is a matter of necessity, although his congregation and church goers generally will sincerely regret his departure.

John Bowler, a pioneer of this township, died at the home of his son in Owen Sound last week. Deceased is a brother of C. W. Bowler, of Markdale and Joshua Bowler, of Euphrasia. Mr. Bowler, with his family, moved to Owen Sound over a year ago and resided there until his death last monday. Deceased has been in poor health for some weeks, yet his friends were shocked by the news of his death. He leaves a widow and a grown up family: Mrs. Wm. Cargo, Artemesia; Mrs. J. Clark, Mrs. George Carbert, Mrs. Wm. Maher and Miss Mabel of Owen Sound. The remains were interred at Owen Sound.

At the annual district meeting of Artemesia L O.L., the following address of condolence was tendered Bro. Chas. Neil: Dear Bro. Neil—By resolution of Artemesia District Lodge, in session assembled, we convey to you this letter of condolence. It is with feelings of deepest sorrow we have learned of your recent serious accident. You have our sincere sympathy in this your affliction, with hope that you may speedily recover your wonted health and strength. And may this season of trial be of rich spiritual experience in earnest preparation to be translated to the Grand Lodge above. Believe us as ever yours faithfully, WM. SHARP, W. M.; F. T. CARR, Chap.; C. E. THOMPSON, Sec.

Mr. and Mrs. Isaac Sinclair of this place received the sad news from Port Huron on Saturday last that their only daughter, Mrs. Lou Ludlow, had passed away at her home there on Friday evening. The deceased was a young woman, only 32 years of age, and the blow was a heavy one, being altogether unexpected. Although it was known that she was unwell, still it was not thought to be so serious. She leaves behind, her husband and two little children—4 and 6 years of age—to whom much sympathy is extended. Deceased was of a bright, cheerful nature, and possessed qualities which made for her many warm friends here, where she was born. Owing to railway blockades the remains were placed in a vault at Port Huron, but it is expected they will be brought here this week, for interment.

Startling But True

People the world over were horrified on learning of the burning of a Chicago theatre in which nearly six hundred people lost their lives, yet more than five times this number or over 3000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by a timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold by W. E. Richardson.

Mr. Jas, Fenwick, of Weyburn, Assa., formerly of the vicinity of Maxwell, recently suffered a very severe loss. He had eight horses altogether and one died of glanders. The N. W. Mounted Police then stepped in and ordered to destroy the other seven. The Government does not provide any compensation in such cases.—Herald.

R. J. Watson had a couple of ribs cracked recently as the result of a fall in going upstairs from the cellar of his house after attending to the furnace. Pleuritic symptons set in a few days ago, as a result of which Mr. Watson has been confined to the house, but we understand he is progressing nicely.—Shelburne Economist.

The annual meeting of the Cement Co. is to be held in Toronto on Feb. 28 inst. There will no doubt be a good attendance as the Directors will have an interesting report showing clearly, we believe, that our great industry during 1904 was a money making concern, even with the price of cement lower than it is likely to be again for some time. Owing to the initial mishaps and mistakes, it will not, we expect, be possible to declare a dividend this year, but we hope the directors and managers see daylight ahead in this particular.—Grey Review.

A few days ago some young lads who are old enough to know better were discovered in a theft which may lead them into trouble. With a deplorable cunning for immature years, they asked Mr. T. Reid, temporarily in charge of Mrs. Beggs' store, for some article requiring his absence at the back of the shop. While there one of them robbed the till of $5 50, some say $7.50 and got off. The theft was discovered and part of the money secured. There's a lesson to learn by somebodye.—Grey Review.

Mr Norman Whitsoak, formerly of Osprey, died suddenly of pneumonia at the hospital at Parry Sound last week. He was in a lumber camp when he took cold. His case became serious and he was taken out to the hospital, where he only lived a few hours. He was a blacksmith by trade and served in one of the Canadian contingents which went to South Africa to fight the battles of the Empire.

Mr. Jas. Donaldson, 12th Bruce, delivered a fat bull to Mr. And. Cormack last week that weighed 2,260 lbs. This is the heaviest beef ever put on the Paisley scales. He was a shorthorn Durham, and less than three years old. The animal brought over $100.
