Mr. David Dow met with a severe accident on Friday last while chopping in the bush. The axe glanced and entered the sole of his foot, splitting it for a distance of about four inches. It required six stitches to close the wound. Mr. Dow is extremely unfortunate. It is just about 6 months since he met with a similar accident.

Mrs. Willett announces to the to the ladies of Flesherton and vicinity that she will open a dress making establishment in the village about March 21st. She has been fortunate in securing Miss Mercer, of Toronto, lately with Peter Robinson, London, England (the world famous ladies' outfitters) to take charge and satisfaction in every case will be guaranteed.

The Inistioge postoffice has been closed the postmaster, Mr. Henry Armstrong, having resigned, and there being, under present circumstances, no real need for a postoffice at that point. Mr. Armstrong was getting too infirm to look after the business. He had been postmaster at Inistioge for fifty-five years. In this country long service in this sort of government business does not count for anything and Mr. Armstrong's faithful work cannot be recognized—more's the pity.

Irl R. Hicks, the St. Louis astronomer weather prophet, in his forecast for March says there will be stormy weather on the 3rd, 4th and 5th, culminating in high temperature on the 5th, and again turning to snowstorms, with sleety conditions. A rapid reaction to warmer will set in about the 7th, followed by rain, sleet and snow up to the twelveth. A severe March blizzard is billed for about the 21st, and very cold for the season. A decided rise in temperature is to take place from the 27th to the 29th, followed by colder weather again "The month," says Mr Hicks, "will not bring a maximum of cold, but much precipation in the form of rain, sleet or snow will occur, an unsteady state of the barometer and some furious storms.

Harmon Dyson, the young man whom we mentioned last week as being seriously ill from blood poisoning, passed away at the home of his cousin, Mrs. Henry Holman, on the 4th, on Saturday last, and the remains were interred in Flesherton cemetery on Sunday afternoon. This was a most peculiar case. The disease started in the foot and is supposed to have been caused from irritation by an overshoe buckle. The member swelled and the swelling extended to the body, when it proved fatal within six days. Deceased was only 35 years of age. His parents died a couple of years ago within ashort time of each other, and his brother, Herbert, is now the only one left of the family in this country. To the latter much sympathy is extended.

Miss Annie and Blanche Edwards, of Woodstock, have been visitors at their uncle's, Mr. Frank Chard, of the Toronto line, and other relatives in this vicinity for the past three weeks accompanied by their cousin, Mr. Jas. Sealy, of Sweburg. On Monday morning they started for Durham to visit friends there, on their way home. When driving through Flesherton Mr. Chard was informed that there was a telegram for him at the office. It contained the sad news of the death of Mr. George Edwards, father of the Misses Edwards, on Sunday the 19th. They telephoned home and found that the funeral was to be on Wednesday The blockade on the C. P. R. was raised so that the young ladies left on the evening train and arrived home the same night. Much sympathy is expressed for the young ladies who feel their loss most keenly.

The government at Ottawa has raised a hurricane of protest by its avowed intention of forcing separate schools upon the Northwest. It is only a few years since one government went out of power when making a similar attempt, and should Mr. Laurier succeed in his effort his hours are also numbered. Politics do not count when it comes to a matter of this nature. Why should Canada be eternally troubled with demands for separate schools? Non-denominational and strictly secular schools are what this country wants and wants badly. Let the religious aspect be fought out upon its proper field, and let us pin our faith to the survival of the fittest. Why should any church require the assistance of the government in propagating its tenets

There never was a paper in any locality that gave all the news. Persons often come and go that the reporter does not see. It often happens that a family is missed several times. They get the impression that the paper does not care to mention them. It is a mistake. The paper has no ill-feeling, nor spite nor enmity against anybody. Do not be afraid to give us items of interest. Perhaps you think the paper shows partiality, but try and see if it doesn't treat you well if given a chance. If you don't see us to tell us of any happenings or news items at your homes, call at the office or drop it in the postoffice, but don't fail to give your name so we will know there is no mistake about it.

Thos. Best of Whitfield met with a serious loss on Friday of last week by having his barn and driving shed destroyed by fire. He was engaged thawing out a water pipe that had become frozen when a spark got into some hay and in a few minutes the building was a mass of flames. The barn was a good building 100 x 68 feet and contained all his grain and feed for his stock. The driving shed was 24 x 36 feet. He succeeded in getting all his stock out except about 28 hogs and some implements. He had a large stock of horses and cattle and these are out among the neighbors, who came to his assistance. His loss will be heavy. The barn was insured for $1300 and the contents for $900.--Shelburne Free Press.

Mr. Fred Sheppard, Toronto Junction, was in town this week.

Editor Rutledge, of Markdale was at the Press Association last week. Editor McDonald, of the Chesley Enterprise is Warden of the County of Bruce. Editor Donnely of Sarnia dropped dead the other day. They all seem to be getting something except the Editor of this paper who was knocked out of being School Trustee by Jim Carson. Even Ramage has risen to the height of being a trustee, and now he's secretary of everything that's loose. We're not getting half a chance —Chronicle.

The case of assault preferred against John Cavanagh by two Armenians was given a hearing before magistrate McGregor on Wednesday evening of last week and resulted in an adjournment to Owen Sound where it will come up at the June assizes. Mr. Cavanaugh states that the two pedlars came to his place in the evening and after displaying their wares stated their opinion of staying all night. He ordered them to go and picked up a chair to show he was in earnest, but the biggest of the two took it from him. The axe was the next handiest and he gave his adversary a touch on the arm with it The two pedlars then came to Dundalk and the wound was dressed and an information laid. They were each fined six dollars for peddling without a liscense which they paid. Mr. I. B. Lucas appeared for the prisoner and County Crown Attorney Armstrong was also present.--Dundalk Herald.

Those who receive mail at Gill's Hill, Bruce county, consider the remuneration to postmaster Graham is insufficient and a petition will be prepared and sent to Ottawa praying for an increase.

Robert Thompson of Collingwood township hanged himself in his father's stable on Saturday. Last summer one of the young man's legs was amputated as the result of an accident at Charlton's mill, Collingwood, and for a long time life was despaired of. He fretted continually and felt that he was "only in the way, notwithstanding the kindness of his father and family. He was 35 years of age and much respected. The funeral took place Monday.
