An extensive scale of Tables has been computed for Assurance on Joint Lives, the Survivor of two or more lives, and for Contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life against which it may be prudent or expedient to provide.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently with security to the Assured.

The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk.

All claims payable within three months after proof of Death.

No proof of Birth is required at the time a claim is made; the Age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned, to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances may be obtained either by letter or personal application to

CAUTION!

From the (Boston) Chronotype.

The great popularity of Wistar's Balsam of Wild Cherry has induced some unprincipled dealers in various parts of the country to compound quack nostrums to the great deception of the public and bring into the well earned reputation of this truly valuable medicine. The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of Wild Cherry; for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which afflict humanity. Such is Wistar's Balsam, that has preserved the health and life of so many thousands of our fellow citizens. Wistar's Balsam, Mr. Seth W. Fowle, druggist, No. 138 Washington street, is the sole proprietor of the genuine recipe for the manufacture of the genuine medicine, and supplies both at wholesale and retail and of such, also, agencies can be obtained.

THE GENUINE AND ORIGINAL

Dr. Wistar's Balsam of Wild Cherry.

It has been extensively Counterfeited in Philadelphia and some thousand bottles of the spurious mixture thrown into the market and extensively circulated; this is to caution Dealers and the public generally against purchasing any other than that having the written signature of I. BUTLER on the wrapper.

Prepared and sold, Wholesale and Retail, by Seth W. Fowle, 138 Washington street, Boston, Mass.

For sale by E. W. PALMER, Druggist Market Square, Kingston.

DICKEN'S HOUSEHOLD WORDS and UNITED STATES WEEKLY REGISTER.

NEW ARRANGEMENT.—The publication of this periodical will hereafter be carried on by the undersigned, who have become sole proprietors of the work. With the present volume commenced a new series of the work, under the title of "Dicken's Household Words and United States Weekly Register." The original work has attained such an unprecedented popularity both in England and this country, as to render any commendation of it in this place superfluous. For variety and richness of information, veracity of style, and good tone of feeling, it has no rival in English periodical literature. It may justly be called the greatest intellectual labor-saving machine of the age. One has only to peruse its pleasant pages to become master of an amount of knowledge which it has required no small degree of research and energy to accumulate in this condensed but fascinating form. Nor is it less valuable in point of pecuniary saving. The price of this work for one year will give more mental entertainment and instruction to the family circle than ten times the sum spent for the common run of books. In the present edition, a copious summary of statistical facts will be given with each number, which cannot fail to prove of service to the American citizen, both for present use and future reference. The work will continue to be issued in a style of great typographical neatness, forming two volumes a year, worthy of a distinguished place on the shelves of the library or the drawing-room table.

The "Weekly Register" portion of this work contains a record of important statistics, as well as of other passing events of general interest in the United States.

The present volume of The Household Words commenced with No. 1 of the New Series, with which, and the succeeding numbers, all new subscribers may be furnished.

TERMS.—The Household Words may be obtained of Booksellers, Periodical Agents, or from the Publishers No. 17 Spruce Street, at $2 50 a year, or 5½ cents a number for single copies; 2 copies for $4 50; 3 copies, $6; 5 copies, $9; 10 copies $15. Clergymen supplied at $1 75 per annum.

Liberal arrangements will be made with Agents and Postmasters for its circulation.

Persons contemplating subscribing to a periodical will do well to procure a specimen number before deciding.

All orders must be addressed to
