W. Armstrong,
FLESHERTON, ONT

Rev. Ivison Wilson, B. A, B. D.

The subject of this sketch, who has labored so successfully for the past four years as pastor of the Flesherton Methodist church, was born at Beaverton, Ont., in 1868. After passing the public school he attended the Omemee high school, and later entered Victoria university. At this institution he received the degree of B. A. in 1891 and B. D. in 1897. Since ordination he filled charges, first at Wilfrid, Ontario Co., and South Darlington, Durham Co., previous to accepting the Flesherton charge four years ago. Mr. Wilson has accepted an invitation by Markdale Methodists to become their pastor at the end of the present conference year.

Industrial Home Notes

(By an Inmate)

A short budget this week is due to the scarcity of news, the scarcity of news emanating from a depression in traffic, the depression in traffic from the present bad condi ion of the roads, and the bad state of the roads from the natural occurrence at this time of the year.

In addition to the death of Sam Cobean at the beginning of last week, we have to report another death which occurred at the end of the same week. Mrs. Ruttan, the old lady reported as having lost her reason a few weeks back, died early on Saturday morning last. About 3 p.m. the inmates were assembled in the service room to take a last view of the deceased and listen to a touching and impressive discourse delivered by the Rev. Mr. Rodwell from Job, 14, 14. Owing to the impossibility of getting to the cemetery the rev. gentleman read the service for the burial of the dead, previous to the removal of the remains by the undertaker for interment in Markdale cemetery.

Ten deaths have occurred in the Home since its opening; four men having died between the months of October and Dec. 1904, and three men and three women since the first Jan. 1905. The number of inmates at present in the Home are twenty-five men and eight women, making a total of thirty-three.

Champion Liniment for Rheumatism

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suff-ring from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by W. E. Richardson.

Priceville

The steady thaw without any interruption by frost has caused a heavy freshet in the Saugeen, which makes a heavy strain on milldams, bridges etc.

The late rain and melting snow has entered several barns and cellars of dwelling houses. Some farmers upon going to their stables would find their stock standing in several inches of water, and others going hastily into a dark cellar for supplies would plunge into an ice cold bath. Drains had to be cut through ice, etc. to reduce the water and make the basement habitable.

Miss Lizzie Robertson, who has been in Toronto for some time, is home this week visiting her mother.

Miss N. Grier of Dundalk visited friends here last week.

D. G. McLean has a difficult task at present conveying passengers and heavy mail bags to and from the station, but D. G. is plucky; like the Japs he ventures and succeeds where others would fail.

Several gangs of men have been employed this w-nter making square timber "rock elm" which commands a good price. One gang operating a few miles from town, found some very fine trees that even the owner was not aware of being of that variety. The newly discovered "rocks" were duly cut down, lined and dressed, but when measured and inspected were found to be soft elm, scarcely worth a fraction of the price of standard timber, so the farmer appropriated them for building material, thus getting them hewed gratis. Now the question is asked, can the "Beaver" distinguish between rock and soft elm?

Two of our marine sports while on their way home from a seaport town, came in contact with the Gulf Stream or some other stream and were wrecked a short distance north of Duntroon. Their craft collided with an ice berg and was capsized. Owing to heroic efforts of the first mate the captain was landed on terra firma and both little the worse for their adventure.

Things are very flat in our burg, owing to the bad condition of the roads.

Married—On Wednesday, March 22, Miss Mary Heron, of Feversham, and Mr. Joseph Henderson, of Rob Roy. The ceremony was performed by the Rev. H. E. Kemp.

Miss Morgan and her brother, of Owen Sound are visiting their sister, Mrs. Geo. Fletcher.

We are glad to hear that Mr. Scheniman owing to his strong, sturdy constitution, is improving somewhat.

We are sorry to learn that W. H. Guy is the loser of three valuable horses.

Walter is going to work the old homestead this year. He says the only thing about it is he dont like living alone; but by the way things are shaping he will likely have company.

Dr. Scott's auction sale went off nicely, both financially and lively. The sporting feature of the day was between two old residents of our township who disagreed over some deal. Such a piece 18 oratory has not been heard on lot of since the time of Adam.

All signs point to spring.

WAS TORTURE TO WALK

Mr. Julien's Interesting Story.

The most remarkable cure that has yet been effected by Cameron's Rheumatism Cure was brought to the attention of a reporter yesterday morning, when he had an interesting talk with Mr. L B. Julien, the well known merchant tailor, at his place of business in the Redfern block, adjoining the Post Office. "I have been a sufferer from rheumatism for twelve years," he said, "and during that time I have had the disease in almost every form. I have had inflammatory rheumatsm, sciatica, lumbago, neuralagia of the joints and muscles, and have suffered endless agony during that time." "What were the circumstances which brought about your cure?" asked the reporter, "Well, it was this way, I was in Cameron's drug store about two months ago, and Mr. Cameron, knowing my condition, suggested that I try a bottle of Cameron's Rheumatism Cure. I laughed at him and said 'Jim, you have no idea of my condition' Mr. Cameron wrapped up the bottle and pushed it into my hand, and I took it home. That was about two months ago, and I have used two bottles during that time. It has done me a world of good. Only last fall I could not bend my left arm and it was impossible for me to work. This fall I have been free from the trouble and I believe the cure is permanent." Mr. Julien went on to say that he had taken about half of a bottle before he noticed any result. Then his appetite got better and he began to feel better in every way. He had taken all kinds of medicine without result. At one time he had to quit cutting and could not stoop to measure a customer. Now he is cured and has not the slightest difficulty in meeting every requirement of the business. There is no question that Cameron's discovery is the most effective cure for rheumatism known, and the frequency with which candid testimonials have been volunteered from week to week have resulted in large sales of the remedy. As a case of twelve years standing, Mr. Julien's story of his cure is remarkable, and stands alone in medical annals.

For sale by D. A. Cameron & Co., Owen Sound. $1.00 per bottle. Express paid on two bottles.
