Just why the Flesherton postoffice is not a money depositing branch is a question we would like to ask somebody. Even Priceville and Markdale are deposit offices, while ours is not. This is a question that would be within the realm of the "Board of Trade" to investigate. Many a nickel would be saved by the young people were such a convenience placed within their reach,

Notice—Having put in a first class grinding outfit in connection with the electric plant, am prepared to accommodate the public in the chopping business Fred Deagle, Eugenia.

Durham furniture factory was burned to the ground on Thursday evening last, the fire starting from some cause unknown. The total loss is $50,000, with $25,000 insurance. The reflection of the fire could be distinctly seen here. At a meeting of Durham citizens held Friday evening it was decided to assist the company to rebuild, and the statement was made that things would again be running full blast inside of three months.

A purely Canadian colony is forming in Cuba, the land of perpetual spring, with choice opportunities for securing fine agricultural lands at low rates. For sale—one sound horse, five years old, color dark brown; also one aged horse. Apply to E. M. Wurts, Proton Station.

Remember F. F. Karstedt's millinery opening on Thursday, Friday and Saturday of this week.

The unexpected break up of last week caught some people away from home, and among these were Baker Ed. Thompson, who made his usual delivery at Priceville on Friday but was unable to get team or rig back home and had to walk back himself. At the time of writing (Tuesday a. m) the team is still boarding out and Ed. is delivering bread with a borrowed horse and a butcher's box. Mr. Ed. Patterson also had a horse boarding over at Priceville.

Be sure and see the display of new spring goods in F. G. Karstedt's new millinery department. Opening Thursday, Friday and Saturdays this week.

Mr. T. Blakeley has a sample of his new roller bearing in operation at Wilson's factory. This bearing is the third and best that Mr. Blakeley has patented. The sample in operation here was viewed by many men of a mechanical turn, who all pronounced it the most perfect thing of the kind yet produced. Friction is a thing of the past with this bearing. It will be manufactured by the Kennedy firm of Owen Sound and is patented in both the United States and Canada.

For sale cheap and on easy terms, 1 good democrat wagon, good as new ; also 1 Massey Harris and one Noxon seed drill, both almost new and in first class working condition ; also 1 pair spring tooth harrows. R. J. Sproule, Flesherton

We quote elsewhere an item from the Owen Sound Advertiser regarding the Eugenia Falls electrical developement. The News of Saturday says application has been made to have the name changed to the Georgian Bay Power Co., and that the whole of the power will be transmitted to Owen Sound. As this fall proper is situated on public property we trust that our township fathers will see to it that public interests within their jurisdiction are not imperriled. Last year's municipal council submitted its terms, which we believe were fair. The present council should see to it that these terms are carried out or improved on if possible.

T. P. Smith, Eye Sight Specialist, will be at Munshaw's Hotel, Tuesday, April 18, "one day only." If you have defective eyesight it will pay you to call and see him. Examination free.

Proton Station is said to have been somewhat of a modern Venice during the thaw last week. Citizens had to go to milk their cows in galvanized iron boats and those who could not manufacture such boats had to move their cows to firmer ground. The genial tinsmith at Proton is now known as "Captain" Trelford.

Finest windsor salt by the barrel and also dairy by the bag. Also best Canadian and American coal oil, for sale at Sproule, Crossley & Co's, Flesherton.

On Wednesday morning of last week Mr. R. Trimble received a letter from a gentleman residing in Holland township, the letter being posted at Markdale. The contents of this letter were a surprise to Mr. Trimble, and were worthy of being made public. They consisted of a dollar bill and a note to the effect that the writer some 48 years ago had purchased half a pound of tobacco, price "ten pence," and which had never been paid for. The note quaintly ended with the following postscript : "Quit tobacco 20 years." At the time of this purchase Mr. Trimble kept a store about a mile north of this village on the Toronto and Sydenham line.

A few packages nice salmon trout and fresh water herring (heads off) still on sale at Sproule, Crossley & Co's, Flesherton.

Wanted—good, sober, energetic young man, to travel and solicit orders for a reliable firm. Good chances for rapid promotion. Call or address : B. R. Tubbs, Eugenia.

Mrs. Willett announces that after an unavoidable delay from illness of the lady who was coming, she will open her dressmaking parlors for business on Wednesday afternoon, 29th inst., with Miss E Harper in charge, over Boyd, Hickling & Co's store.

Sir James Watson's Opinion

He says that the commonest of all disorders, and one from which few escape is Catarrh. Sir James firmly believes in local treatment, which is best supplied by "Catarrhozone." No case of Catarrh can exist where Catarrhozone is used; it is a miracle worker, relieves almost instantly and cures after other remedies fail. Other treatments can't reach the diseased parts like Catarrhozone because it goes to the source of the trouble along with the air you breathe. Catarrhozone is free from cocaine, it leaves no bad after-effects, it is simply nature's own cure. Accept no substitute for Catarrhozone which alone can cure catarrh.

A Billious Headache

Is one of the meanest things in the world. To prevent biliousness use Dr. Hamilton's Pills which keep the system clean and pure, regulate the bowels, give tone to kidneys and liver. You'll never have a headache, you'll never have a sour stomach, but you will have vigorous bracing health by taking Dr. Hamilton's Pills. Your druggist sells Dr. Hamilton's Pills, 25c. per box or five boxes for one dollar.

The barn of Mr. Henry Harpell, about three miles south of Meaford, was totally destroyed by fire about 8.30 Wednesday evening of last week. Mr. Harpell was in the barn looking after the stock when he happened to drop the lantern, which exploded, setting fire to the premifes. He succeeded in saving the stock, but the other contents of the building went up in smoke. The loss is unknown but we learn that there was an insurance of $600 on barn and contents.

Have You Heartburn ?

It's quite common with people whose digestion is poor. Immediate relief follows the use of Nerviline. Stomach is strengthened, digestion is made perfect, lasting cure results in every case. Use Polsons Nerviline once and you'll never be without it because every type of stomach disorder is conquered by a few doses. One 25c. bottle of Nerviline always convinces. Sold everywhere for the past fifty years.
