Industrial Home Notes

(By an Inmate)

Owing to a sudden and severe attack of illness which confined your cor. to his bed during the past week he was unable to send his little contribution of news from the home to the expectant readers of this column.

The Home Committee met in the superintendent's office on Monday and Tuesday of last week for the general transaction of business in connection with the home. We understand they decided to have carried out as soon as possible the necessary alterations to the stabling under the barn, recommended by the grand jury a few months ago. Our genial and popular warden, J. McArthur, Esq., and Co. Com. Patterson kindly visited at the sick bed of your scribe, who, however, was suffering too much pain to converse with them.

In the early part of last week a sufficient length of two inch rubber hose was attached to each large faucet in the corridors of the house to ensure a steady stream of water being thrown to any part of the building in case of fire. Another section of tubing was also attached to the hydrant near the tank to play on the exterior under the same circumstances. The precautions taken will, no doubt, prove fully adequate should occasion require a test.

Several weeks ago the late Sam Cobean requested Mr. Harness to apply to the Crown Lands Commissioner setting forth his (Cobean's) claim to the government grant of land to the veterans of 1866. A few days before Sam's death Mr. Harness received from the Crown Lands office a deed for 162 acres of land in New Ontario for Sam, which he (Mr. H.) will forward to the relatives. Sam was serving as sergeant in No. 1 Owen Sound company at Sarnia and Point Edward during the Fenian raid of 1866, for which he received the Canadian service medal and clasp.

We are glad to state that our highly respected matron has so far recovered from her recent severe illness as to be able to leave her apartments, and we trust that in a few days she will be completely restored to her wonted health.

Mr Harry Harness, who has been managing the agricultural portion of the industrial home since its inception, will sever his connection with the staff about May 15. He goes to Owen Sound to learn the tinning, plumbing and brazing business with Christie & Sons. We understand Mr. J. Varty has been engaged to take his place here.

The condition of Mr. S. Turner is perceptibly growing worse. In addition to his helplessness his attendant informs me that at intervals the old gentleman becomes delirious. It is daily expected that one of his sons will remove the old couple to his home and between the family take the future caee of their aged and infirm parents.

Mr. John Barrett, the old Crimean veteran, has been in very poor health lately, and I fear he will be unable to leave the institution at the expiry of his commital. Old Jimmy Grier is also failing fast—old age will soon complete his career

Wm. Romans was, at his own request, permitted to leave the home on the 3rd inst and return to his friends in Yeovil. The old gentleman was never reconciled to the home. He says he will no come back again.

Mr. A. McLellan (pay inmate) leaves to-morrow—Tuesday. He goes back to bachelordom in Euphrasia. Three or four others contemplate taking their departure about the first of next month, but your scribe, poor old chap, is doomed to remain to the end of the chapter.

Rev. Mr. Rodwell visited and prayed with the sick Saturday afternoon last.

It is so many weeks since the inmates were brought together for divine service that we cannot say how the poor old ladies are getting along. One obstacle no sooner disappears than another crops up to prevent the re-commencement of divine service on the Sabbath. This is where the want of a regular hospital is felt.

Owing to sickness in her family Mrs. Kinnear of Holland has been obliged to resign from the staff

The electric lights are decidedly improved since the removal of the plant to Hayward's falls.

About Rheumatism

There are few diseases that inflict more torture than rheumatism, and there is probably no disease for which such a varied and useless lot of remedies have been suggested To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great sucess in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by W.E. Richardson.

Priceville

The Saugeen bridge on the south line was considerably damaged by the freshet this spring, although it has been repaired. A new bridge will have to be built in another year or two.

A shoemaker from Burlington has opened a shop in Priceville, last week, where a shoemaker was very much needed. There are only two shoemakers in the township.

Mrs. McCaulay returned home last week, accompanied by her daughter and little grand daughter.

Mrs. Weber and daughter Evelyn, of Owen Sound, who have been visiting Mr. Roach, returned home Tuesday.

Kimberley

The farmers are busy getting ready for seeding

Messrs. Emerson Brown and Edgar Graham visited with Thornbury friends recently.

We are having excellent mail service these days between Epping and Flesherton, Mr. John Weber, sr., being carrier.

Mr. Jos. Carruthers, who has been in the Northwest territories and New Liskeard, New Ontario, for some time, has returned to his home here.

Stuart Bros. & Carruthers shipped a carload of stock to Toronto this week.

The local sports have commenced football practice.

Mr. F. T. Weber will commence the erection of his new store here shortly.

Mr. H. Wilcox took charge of the service in the Union church here on Sunday evening last.

Dr. Shultis was in town on Friday last soliciting subscriptions for the proposed Bell telephone line between here and Heathcote.

A goodly number of the many friends of Mr. and Mrs. John Carruthers assembled at the town hall and presented them with a purse and address prior to their departure for the prairie province. Following is a copy of the address :

To Mr. and Mrs. John Carruthers :

DEAR FRIENDS,—As the time is approaching when you will be leaving our midst, we have met together this evening to say farewell. We feel that we could not let you leave us without leaving with you some slight remembrance of your friends in and around Kimberley. We all appreciate the fact that you have been among the pioneers of this community, doing your share to make our locality what it is to-day. We feel that when a pioneer is about to depart we should show some recognition of his work. We therefore ask you to accept this purse as a token of the regard in which you are held by the people in this neighborhood. We earnestly hope that you will be happily located in your new home and that earth's best blessings may attend your pathway. Signed on behalf of your friends

Water in Your Blood.

Lots of people have thin watery blood, they eat plenty but don't digest. When digestion is poor food isn't converted into nourishment—in consequence the body loses strength. To positively renew health, nothing equals Ferrozone. It excites sharp appetite,—makes the stomach digest, forms life sustaining blood. Abundant strength is sure to follow. If you need more vitality, extra energy, better nerves, then use Ferrozone the medical triumph of the age Fifty cents buys a box of fifty chocolate coated Ferrozone tablets.

Portlaw

Mr. Geo. Thompson, sr., who has been very ill, is, we are glad to report, recovering.

Mr. R. McMaster is able to be around again after an attack of pleurisy.

Mrs, Frank Blakey is suffering from a severe attack of pneumonia.

Mr. and Mrs. Fred Field, late of Maxwell, have become residents of this neighborhood. A hearty welcome is extended to them.

Mr. James Cornfield sold a 2-year-old colt lately for a fancy price—nothing new for Mr. C. He has a habit of raising the kind of horses that command high figures.

The R. T. of T. initiated nine members during the past quarter. The side contest resulted in a victory for Captain S. Shier and his supporters. Another contest is started under the captaincy of Sister Love and Bro. Walker.

Mr. John Winters, sr., an old pioneer of Osprey and a much respected citizen, died at his home on Sunday last.

MISERY BANISHED

The Only Medicine in the World that Truly Cures. Cameron's Rheumatism Cure Does Wonders for Mr. Thomas Ramsay. He is made Well and Strong.

A well known blacksmith's story

Citizens of Owen Sound and surrounding country who have been following the series of accounts of the remarkable cures accomplished by Cameron's Rheumatism Cure, will be pleased to hear that Mr. Thos. Ramsay, the well-known blacksmith of Bay street, has been absolutely cured of a severe form of muscular rheumatism. He is personally known to hundreds in this vicinity. Visitors to the blacksmith shop will recall the occasional complaints and evident suffering which Mr. Ramsay endured during the past ten years. When the trouble first manifested itself by a pain in the right hip and right leg, he thought it was due to a strain, and gave the affected parts vigorous applications with well-known liniments. They all failed utterly. When Mr. Ramsay stooped he could hardly straighten up again, and a piercing pain would run up and down the muscles of the thigh between the knee and hip, causing intense pain at times, and always the greatest annoyance and inconvenience. Last October he heard of Cameron's Rheumatism Cure and purchased a bottle. He had taken less than half when the pain had utterly vanished. He continued until the bottle was finished, but is confident that half the bottle did the work. "Yes" said Mr. Ramsay, "I will be pleased to verify the facts at any time. Anyone who has suffered as I have owes it to his friends as an ordinary debt of gratitude that they should be told about it."

For sale by D. A Cameron & Co. Owen Sound. $1.00 per bottle. Express paid on two bottles.

Maxwell

Miss Ettie Kinnear died at her home in Feversham Friday night after a lingering illness. Her remains were conveyed to the Presbyterian cemetery here on Sunday. Attending friends from a distance were : Mr John Medhr, deceased's uncle, of Toronto ; Miss Mabel Kinnear, sister, and Mr. John Kinnear, brother, both of Toronto.

One of our enterprising young blacksmiths was the centre of a great attraction lately. He was visited by a few of the young people of Flesherton, principally young ladies.

Mr. Thos. Beatty, after having an attack of the grip, is able to be out again.

Mrs. W. H. Guy has been very sick for some time. We are glad to report she is doing nicely.

Dr. Bond is gaining the confidence of the public as a medical practitioner.

Two new architects in our burg. If you dont believe it just visit the town and note the improvements.

An old pioneer of this township, Mr. John Winters, sr., passed peacefully away at his home on lot 23 con. 3. He was well and faworably known, being formerly a member of the Municipal Board for a number of years. The remains were interred in the Presbyterian cemetry here.

Mrs. John Radley died on Thursday last at the age of eighty-four years. The funeral took place to the Methodist burying grounds here.

There is a new house to be erected on lot 6, a short distance west of here on the north side of the road; all that is needed now is the bird.

Wonder why our two young blacksmiths work so late at night. Is it on account of spring work, or is it to provide for future days?
