Colgan—Acheson

A pretty wedding was solemnized on March 16th at St. James' Church Rectory, Dundalk, when Miss Mary Adeline, daughter of Mr, and Mrs. Ab. Acheson, was united in marriage to Mr. John J. Colgan, of Flesherton, by the Rev. Rural Dean Blackwell. The bride, who was supported by her sister in law, Mrs. McLean, wore a travelling dress of navy blue serge and hat to match. Immediately after the service refreshments were served at the home of the bride's parents. The young couple will spend a few days in town before going to their home near Maxwell. —Herald.

MARKDALE

Mr Peter D'Arcy delivered a ten months old pig at the stock yards which tipped the scales at 400 lbs. This is the best pig of the age which has been brought to Markdale this year.

Thos Whitten of Toronto Street left at The Standard Office on Monday, a black shelled egg, which he found in a nest in his hen house. We have been unable to find any person who had any knowledge of such a freak at any former time.

The dam at Markdale's Pumping Station in connection with the water works system, was completely destroyed early Sunday morning by the great rush of water caused by the heavy rain during the night. T L Mercer's big farm tractor was put into service and the supply of water kept at normal. It will take some time to re-erect the dam and will entail considerable expense. The village council have contracted with Mr O Minnis to erect a new structure at once. I is expected that water will be pumped by the new power dam in ten days or so, as Mr Minnis is rushing the work.—Standard.

Rev. Father Dardurand, O M. I., claimed to be the oldest priest in the world, celebrated his 102nd birthday at St. Boniface, Man., last week. He has been a priest for 79½ years.

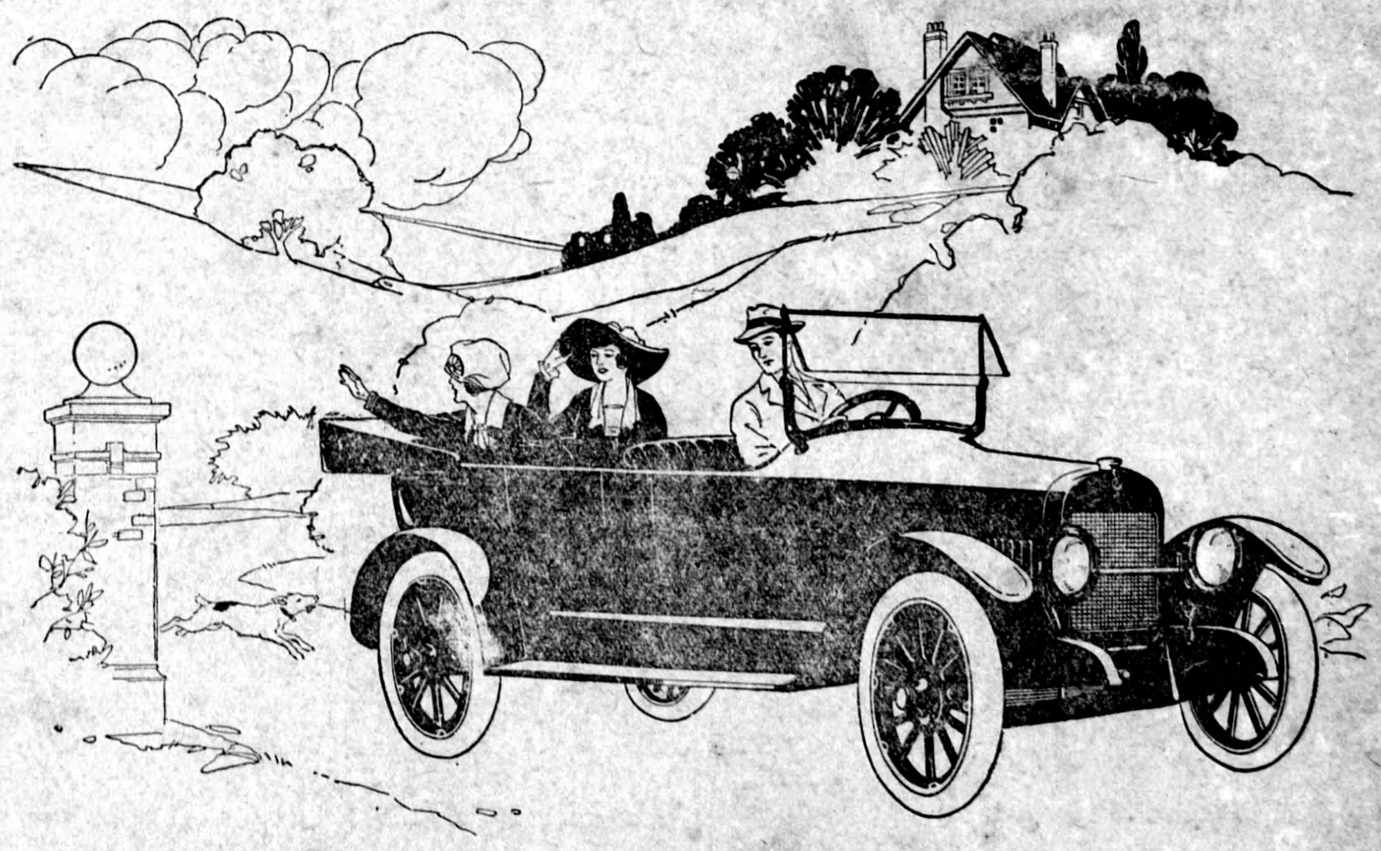
GRAY-DORT

Its Value Is Intentional



EACH added Gray-Dort which goes into use serves not only to provide fresh evidence as to the quality of the car, but also emphasizes anew the high ideals of the Institution which builds it.

A surprising majority of the thousands of motorists who have selected the Gray-Dort as the biggest value in the motor car field tell us that the reputation of the men responsible for the car has been the most important factor in their choice.

And this is natural, because only by deliberately intending to give heaping value could we hope to produce such a car as the Gray-Dort at its price.
