APOCALYPTIC SKETCHES:

OR

Lectures on the Book of Revelation,

Delivered in Exeter Hall, and at Crown Court Church.

NEW EDITIONS,

Revised & corrected by the Author with Index &c

These Lectures were begun in Exeter Hall, during the period occupied in the enlargement of the Church of which the Lecturer is the Minister. Not a few were then afraid that the Author might be led into rash and questionable theories in investigating a subject confessedly beset with difficulties, but, by the blessing of God, and the exercise of caution and prayer of study, all has ended more than satisfactorily. The unprecedentedly large masses of persons of every denomination; and of no denomination at all, who overflowed the spacious hall in which they were delivered, and the growing attention exited in the minds of these audiences, and the saving and very striking impressions made on unconverted minds by the means of the solemn truths they heard, are all signs and tokens that call for humble gratitude to God.

Numerous requests were made for their publication. A short-hand writer was therefore engaged, who took a *verbatim* report of every Lecture. These reports the Author has now corrected; and trusts that the work will be found a substantial summary of his Discourses on the Apocalypse. It is his earnest prayer that these, and all his labours, may redound to the glory of God, and to the good of souls.

"The fervent piety, subdued and reverent reasoning, careful thought and expansive charity, which prompt, guide, control, and vivify the whole, prove the author one of those gifted teachers whom it is, indeed, a privilege to hear.—*Morning Advertiser.*

Uniform with the above, in one handsome volume, Prophetic Studies; or, lectures on the Book of Daniel.

Extracts from Report by the Board of Directors to the Sixth Annual General Meeting of the Company, held 1st November, 1852.

"THE COLONIAL LIFE ASSURANCE COMPANY had been in operation nearly six years at the date of the last periodical balance, on 25th May, and the Directors have the pleasure of congratulating their Co-proprietors on the success which, year by year, has characterized the results of the business, and which has brought the Company to the very satisfactory position which it occupies.

"The new Assurances effected from 25th May 1851, to 25th May, 1852, amounted to £305,111 17s, selected from Proposals made, to the amount of £347,281 1s. The Annual Premium on the new Assurances effected amounted 9s, £8,713 1s 8d, and the number of Policies was 511.

"The meeting will observe more particularly from the following Table, that the number of Policies, as well as the amount Assured, is greater than in any previous year:—

ANNUAL RESULTS.

Date.	New Policies Issued.	New Sums Assured.	New Annual Premiums.
		£ s. d.	£ s. d.
3rd Aug. 1846 to May 1847	119	102574 11 0	3249 19 8
1847 ... May 1848	135	109502 12 0	3449 [illegible]
1848 ... 1849	205	158385 15 0	4983 [illegible]
1849 ... 1850	341	169082 8 7	5111 [illegible]
1850 ... 1851	374	185418 13 7	5723 [illegible]
1851 ... 1852	511	305111 17 0	8713 1 8

"On the other hand, the sums claimed under the Policies emerged by death during the year have been small, viz. £3249 19s, being less than during the year ending 25th May 1851 by upwards of £1000. The Claims by Death in each year since the commencement of the business, amount in all to £14,970 10s 3d, which the Directors are happy to state has all been paid, with the exception of £200, not as yet applied for.

"The progress and extension of the business has the anxious attention of the Board. In British North America, and in the West Indies, the Company's arrangements are, it may be said, nearly perfect, and their chief attention is now directed to the East. An influential connection has been formed at the Cape, and at the Mauritius; and since the establishment of steam communication with Australia, the Directors have taken initiatory steps to form a Board at Sydney, in connection with a branch of business in that important quarter. Last year, the Directors mentioned that the Secretary would proceed to India to establish Boards in Calcutta, Madras, Bombay, and Ceylon; and the Directors are happy to be able to report, that very satisfactory arrangements are in progress, by which they hope to open up with every prospect of success, the extensive field of business in the East.—Boards have been formed at Calcutta and Ceylon; and in a few weeks similar arrangements will be completed at Bombay and Madras. The development of this extensive branch of business will take time, and will require much attention. There are other offices, British and Native, transacting business there, and to compete with these, and suit the terms and conditions of Assurance to the practice of the country, it has been found necessary to reconstruct the class of risks in which India was included, founding, as it were, an Eastern branch on the experience of those offices which have gone before.

"The Directors have now to mention, that they have made a satisfactory arrangement with the Directors of the East of Scotland Life Assurance Company, by which the business of that Company has been transferred to The Colonial. It will add about £3500 per annum to the Company's revenue, and will increase their funds by about £10,000. With this addition to the revenue, The Colonial have commenced the present year with an income of about £40,000, and an accumulated fund of £70,000.

"Looking to the period at which The Colonial Company started, and the fact of its being one of the successful Assurance institutions out of the many established of late years, the Directors cannot refrain from referring to the recent agitation on the subject of Life Assurance Companies; not however, for the purpose of condemning any, as it would be out of place for them to do so, but for the purpose of pointing with some pride to The Colonial; for it is allowed by those who know the characteristics of success in such matters, that The Colonial is the most prosperous office of the day among the younger institutions.

"In conclusion, the Directors having already expressed their congratulations, now beg to thank their Co-proprietors, and all interested in the institution, for the support they have all along given them. To the boards of Direction in London, Dublin, and Glasgow their thanks are particularly due. The efficient direction and management of the Company in Montreal require special notice, and, with their esteemed connections in New Brunswick, Nova Scotia, and Newfoundland, have their best thanks. In the West Indies, the Company have received warm support. The Jamaica and Demerara Boards perform their duties in the most satisfactory manner, and those established in Antigua, Trinidad, Grenada, Dominica, and St. Kitts, do their duty with no less efficiency. The Directors hope they will be called on next year to propose a particular vote of thanks to their friends in the East; but in the meantime, the progress already made in Ceylon, and the influential connection formed there must not be passed over, and must be included in the expression of obligation which the Directors now wish to convey to the supporters of the Company throughout Great Britain and its dependencies.

The unprecedented sale, increasing demand, and unqualified satisfaction this wonderful Hair Restorative, has attained throughout the world has raised up a host of Counterfeits, under all manner of names, of the most pernicious and destructive nature to the hair, which trash has been palmed upon the public under the lure of cheapness, and thousands have to regret the loss of fine heads of hair, by the use of these deleterious nostrums. The inventor of Bogle's Hyperion Fluid, considering the great success which has always attended his efforts, has determined to reduce the price of this invaluable compound, to the above scale, so that all, the rich and the lowly poor, may have an equal chance of making Bogle's Hyperion Fluid a household treasure, and banishing quackery from their doors.

At the same time, the inventor pledges his reputation that the Hyperion shall ever continue to be as good as heretofore, which has gained it a world-wide celebrity. He therefore throws aside the realization of large profits, and assumes that of largely increased Cash Sales, confident of continued success, and yet further popularity.

CAUTION!

From the (Boston) Chronotype.

The great popularity of Wistar's Balsam of Wild Cherry has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well-earned reputation of this truly valuable medicine. The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of Wild Cherry; for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to," or preserved the health and life of so many thousands of our race as has Dr. Wistar's Balsam. Mr. Seth W. Fowle, druggist, No. 138 Washington street, is the sole proprietor of the original receipt for the manufacture of the genuine medicine, and supplies both at wholesale and retail, and of whom, also, agencies can be obtained.

THE GENUINE AND ORIGINAL

Dr. Wistar's Balsam of Wild Cherry,

SHERIFF'S CHOLERA SYRUP

IN CALIFORNIA.

THE following extract of a letter from a gentleman of respectability, who has thoroughly tested the virtues of the above medicine, not only in the, but in other climates, also, serves which goes to show its value to persons intending to journey through the various climates and sickly regions, where epidemic diseases cut off the inhabitants by thousands:

Bath, March 1st, 1852.

DEAR SIR—As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives, I hope you will accept my most unqualified acknowledgments of the benefit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California, I purchased a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhœa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as ever I was in my life. And I would most sincerely recommend all those who intend going to the same country to procure a good supply of your Cholera Syrup, as I know it to be the most useful medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.

Yours Respectfully,
E. S. BOOTH

HEALTH FOR A SHILLING

Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND BITTERNESS OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erwarton, near Harlech, Merionethshire.

To Professor Holloway.

SIR,—I avail my self of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited eagerly upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do. He kindly recommended your Pills, I used them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant,

June 5th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway,

DEAR SIR,—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, understood, was effected by your invaluable Pills. I was tapped five times within eight months, and, although treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in three months. Success.

[Signed] EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14, 1852.

To Professor Holloway,

DEAR SIR,—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pain in the side, weakness and general debility; for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in so many instances, particularly in cases of Measles and Scarlatina, having effected positive cure of those diseases with no other remedy.

[Signed] S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND PAINS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bodock, Druggist, Ashton under Lyne, dated July 31, 1852.

To Professor Holloway,

DEAR SIR,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood, who I have been acquainted with for some time, with violent spasmodic pains in the stomach and liver, arising from frequent colds, chills of a cold, and the effects of a sleeping position which he was obliged to assume in his business. The pains were then alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the Liver particles of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following the Medicine according to your directions, they have effected a complete cure, cleansing the liver and stomach, and strengthening the digestive organs, and he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,

[Signed] WM. BADDOCK.

NEVER-FAILING REMEDY!!

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 20th, 1852.

To Professor Holloway,

DEAR SIR.—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cummins, of Saltney Street in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

[Signed] J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsbro', dated March 1st, 1852.

To Professor Holloway,

SIR—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

[Signed] J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. J. M Clennell, of Newcastle-on-Tyne, dated Sept 20, 1852.

To Professor Holloway,

DEAR SIR—I am authorised by Mrs. Gibson, of 31 Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility and general ill health accompanied with a disordered stomach, and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength: and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully.

[Signed] J. M. CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG

Copy of a Letter from Messrs. Walker and Co., Chemists, Bath.

To Professor Holloway,

DEAR SIR.—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this city. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquires as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also had been perfectly cured of and old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise. We remain, Dear Sir,

Your's faithfully,

[Signed] WALKER & Co.
