Is published every Thursday at $1.00 per annum if paid in advance, $1.50 if not so paid.

All subscribers paying $1.00 strictly in advance get the Montreal Herald one year free as a remium.

Railway Matters

There appears to be something doing in railway circles this spring. At present a gang of men are surveying a railway route from Walkerton to Flesherton, and the party is expected to reach here next week. These men are working under orders from the C. P. R., who hold a provisional charter from Lucknow to Flesherton by way of Walkerton—provisional in this way: The old Huron and Ontario electric charter will expire on July 1st next if the contractor, Mr. May, does not have ten miles under construction by that date. Last session of parliament the C. P. R. was granted a charter over this route, to issue only in event of the electric line failing to materialize on July 1 next. The C. P. R. appear to be taking it for granted that the line will fall to them and are surveying the road.

In this connection it is stated that the C P. R recognizes the fact that the Grand Trunk is away ahead of them in tapping the manufacturing towns of old Ontario and are taking steps to rectify this condition, by building new lines to the manufacturing centres where the Grand Trunk enjoys a monopoly. This system of new railways will tap the Georgian Bay and Lake Huron at three new points, possibly more, and involve the completion of the direct line from Port Burwell to Collingwood, with feeders at several points, of which the Lucknow to Flesherton spur will be one of the most important, tapping such large manufacturing towns as Walkerton, Hanover and Durham.

Of course these things are largely hearsay as no definite statement can be secured, but recent actions of the C P. R. would more than lend color to the rumor. In conversation with Mr. O'Donohue last week The Advance learned that there was something of this nature in the wind, but he was not at liberty to make public his information. Since speaking with that gentlemen we have learned that the surveyors are actually on the route between here and Walkerton.

This information should be received with much interest by the people of Artemesia township in particular, as well as by the townships to the north. Taken in conjunction with the now almost assured development of the Eugenia waterpower it may mean that much brighter days are dawning for the township. While the railways under discussion would not give us the direct advantage of a competing line, still we are near enough to the G. T. R. at Durham to insure shippers against exorbitant charges being made, and at the same time access to new markets would be facilitated and the assessible property of the township very largely enhanced in value. Let us hope that the rumors are rather within than wide of the mark.

The Walkerton Telescope of two weeks ago says: "We do not suppose the C P R company are maintaining surveying parties just for fun. Evidently the C P R mean business. It is evidently their intention to build a line from Flesherton to Walkerton and from Walkerton to Teeswater and probably thence on to Lucknow and Kincardine."

Another exchange, referring to this matter, says: The network of railways which will cover Old Ontario in a few weeks is being mapped out. Territory which has been only supplied by the Grand Trunk will have competing lines, and this week Mr. J. W. Leonard is arranging for an extention of the C P R to Stratford from the Guelph and Goderich line now under construction." The section connecting Stratford with the Guelph-Goderich line is embraced in the Port Burwell to Collingwood air line.

Durham Chronicle: A C.P.R. official, Mr. Savage, was in town Mon. collecting data regarding the amount of shipping in and out of Durham, with a view to building the road through here by way of Walkerton, Hanover and Durham and thence to connect with the T. G. & B. somewhere between Markdale and Dundalk, and thence through to Collingwood. Mr. Savage gave the information that surveyors were already at work looking over the route, and if satisfacory the road is sure to be built No part of Western Ontario is in greater need of a road than a cross country line from Lake Huron to some point on the Georgian Bay, let it be Collingwood, Meaford or Thornbury. It has certainly been a long felt want that thousands will be glad to welcome. There is not a single railroad running across this part of Ontario and crossing, as it will, the various lines running north and south it will be a great convenience to the traveling public.

Come early if you want a seat in the Methodist church to-night (Thursday.) Splendid program. Admission 25c,

Farm Forestry

To The Editor of The Advance,—

Dear Sir:—The Ontario Department of Agriculture is inaugurating a work in connection with farm forestry. It is proposed to supply seedlings at a minimum cost, that such farmers as may desire them may set out small plots of forest trees. This work will be directed from the Agricultural college and E. J. Zavitz, who has been appointed lecturer on Farm Forestry, will have charge Applications will be received by the Secrtary of Centre Grey Farmer's Institute for two or three plots in this riding, to be recommended by the Board of Directors at their annual meeting in June. It is not necessary that the land devoted to this purpose be good agriculturat land, but hill or waste land can be utilized Low marshy land is not desirable. A light, gravelly or sandy soil is more desirable. A nominal price for the seedlings used, from $2.00 to $5.00 per acre, will be required. Statistics show we only have 17 per cent. of our forests left in our country. These are intended for the farmer. Would the papers in our riding pleased copy.

J. I. Graham, Sec. C. G. F. I.
Vandeleur.

What Causes Snoring.

When asleep, people that snore breathe through the mouth instead of the nostrils which are choked with catarrh. Just use Catarrhozone before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membranes, Catarrhozone makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents dropping in the throat. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrhozone—that's worth remembering

Notice to Creditors

IN THE MATTER of the Estate of JOHN CLINTON, late of the Village of Flesherton in the County of Grey, Farmer, deceased.

NOTICE is hereby given pursuant to The Revised Statutes of Ontario, 1897, Chap. 129, that all creditors and others having claims against the estate of the said JOHN CLINTON deceased, who died on or about the Eghth day of February A.D.1905, are required on or before the First day of May A. D. 1905 to send by post prepaid or deliver to Messrs. Lucas, Wright & McArdle, Barristers, etc., Owen Sound, Ont., Solicitors for the Executors of the last Will and Testament of the said deceased, their christian and surnames, addresses and descriptions, the full particulars of their claims, the statement of their accounts and the nature of the securities (if any) held by them.

AND FURTHER TAKE NOTICE that after such last mentioned date the executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by them at the time of such distribution.

Dated March 27th A. D. 1905.

Lucas, Wright & McArdle,
Owen Sound, Ont.
Solicitors for the Executors.
