Conn Telephone Line

At the meeting of the Conn Telephone Co. Limited, held in Conn on Monday the stockholders endorsed the scheme to have the capital stock increased to $40,000 and application will at once be made to have the charter so amended. The Directors were also instructed to take steps towards extending the line in several directions. Among the new branches proposed are lines to Arthur, Kenilworth and Dundalk; one through Metz and Living Springs, West Garafraxa to Fergus; another from Arthur through Peel and Marlboro to Drayton; another from Mount Forest through Normanby and Glenelg to Durham; and still another from Mount Forest through Minto to Harriston. Secretary Begley gave a satisfactory report of his visit to Ottawa. No difficulty is anticipated about disposing of the additional stock, several shareholders declaring their intention of taking more stock when the shares are on the market. We trust the enterprise of this young Company will be rewarded with ample success.—Confederate.

The Conn telephone line is at present only 21 miles long, and has not been in existence quite a year. Within a little over seven months after beginning operation it paid a dividend of seven per cent. At present there are only seven phones on the line. As the above item proves, the farmer promoters of this line are enthusiastic over its success and propose to extend the concern very materially.

Why Suffe Fom Rheumatism

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible and that alone is worth many times it's cost. Many who have used it, hoping only for a short relief from suffering have been happily surprised to find that after awhile relief became permanent. Mrs. V. H. Legett, of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlan's Pain Balm is the only thing that will relieve the pain." For sale by W. E. Richrdson.

The Speeulator Nipped.

W. Cornell, of Shelburne, is one of the greatest speculators in the county of Dufferin. He also has a great reputation as an adopter of boys. He always has his weather eye open to catch a stray dollar or so. In March, 1904, he adopted Rob Delaney, the fourteen year old son of Wm. Delaney of this place. He took the boy to his home in Shelburne and shortly afterwards hired him out to James Carson a Mono farmer.

The boy worked a couple of months with Carson, for which "Corney" got a cow valued at $40. He then hied himself to Orangeville and secured an agreement with Delaney's Parents, adopting the kid. In return Cornell agreed to clothe and give Delaney at least three months' schooling in the year, but the crafty old chap no sooner got back to his home in Shelburne than he again engaged young Delaney to Carson, for which he took a promissory note for $100. All this time Delaneys parents were unaware that their son was leased out for commercial purposes.

Some time ago Carson died and then Delaney's father found out about the commercial proposition. He placed the matter in the hands of Lawyer Henry, who at once entered suit to recover $500 damages from Cornell. The matter never reached court, however, for a settlement was arrived at by which "Corney" paid the Delaneys $60 and also contributed the sum of $10 to help pay their lawyer. Before young Delaney left Carson's place Cornell demanded all the clothing he had given the boy and left him with scanty attire.—Orangeville Sun.

A Marvellous Cure—A Wonderful Rescue from Suffering

Three Doses Relieved--One Bottle Cured.

Astonishing results from using Cameron's Rheumatism Cure— testimony given for the benefit of those suffering from Rheumatism, by Mrs. John McNiven, Bay street.

She said I have suffered from rheumatism ever since I came to this country; that is about fifteen years ago. I was laid up in bed for weeks at a time every year. Sometimes I had to be carried up and downstairs. The pain was principally in my hands and knees. I tried different kinds of medicines, and used dollars's worth of liniments, but got no relief. I was advised to try Cameron's Rheumatism cure and did so; that is seven months ago. After the first three doses I felt decided improvement, and after taking the whole bottle I have not had a return of the disease in any shape or form." Mrs. McNiven concluded by saying that she thought it her duty to inform sufferers from rheumatism of the wonderful merits of Cameron's Rheumatism Cure, which is manufactured only by D. A. Cameron & Co., Owen Sound, Ont. Price one dollar a bottle; express paid on two bottles to any place in Canada.

Andrew Grier, school inspector for East Grey, died at his home in Thornbury on Saturday, April 26. The Clarksburg Reflector says of him: "The late Andrew Grier was one of the pioneers of Thornbury and a native of Donegal, Ireland. When 15 years of age he emigrated to Canada, and settled in the township of Caledon, Peel County. He then moved to Griersville, but returned to Caledon and taught school for one year. In 1846 Mr. Grier went to Philadelphia and attended Cramford's Academy for two years. In 1854 he was appointed school inspector for East Grey, but resigned in 1868, and was re-appointed in 1875, holding the position until his death. Since 1872 Mr. Grier has lived in Thornbury, and his upright dealings with the citizens have made for him a large circle of friends. When the town was incorporated he was elected its first mayor, and filled the office for three years. After a retirement of a year he was again elected and the honors of the Mayoralty conferred upon him for another three years.

Purgatives Are Dangerous.

They gripe, cause burning pains and make the constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts, Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, billiousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

At an early hour Monday morning William Sensabaugh met death in Gillies' Lake, eighteen miles north of Lion's Head. He had been operating a small tug on the lake in connection with Pedwell's lumbering interests. The rest of the crew went ashore for a short time, and on their return to the tug found Sensabaugh missing. A search was instuted, and his body was found in six feet of water. Deceased was about 38 years of age, and was well and favorably known. An attach of heart failure, to which he was subject, seems to have been the cause of his falling overboard.

HORSE ROUTES

LIGHTNING

MONDAY—Noon at Thomas McConnell's, 4th line, Euphrasia, thence to James Patterson's, Blantyre, for night.
