Industrial Home Notes

(By an Inmate)

Within the first twenty six hours of the present week, two more souls have taken their flight from their earthly tabernacle to the great unknown beyond; two more clayey, vacant tenements at this moment of writing lie beneath this roof awaiting to be returned to "Mother earth." Mrs. Walker, relict of the late Wm. Walker, who died at this Institute on the 17th of February, passed quietly away about 5 o'clock on Sunday morning after a painful illness of a few weeks. The old couple were in a destitute condition, residing in Sydenham and admitted to this institute on the 17th of January and where both have since passed bway to the silent majority.

Old Robert Smith had the misfortune to break his arm a few days ago. Dr. Ego set the limb and he is doing nicely now, but age is making sad havoc of his mind which has not been of the soundest for some time back.

Geo. McCallister, who has considerably overstayed his leave of absence granted by the committee, will require fresh committal papers before he can return to the Home. It is quite possible that he has no intention of returning until the frost and snow appears and the wintry winds whistle, go back, go back.

Mr. Herb Robinson called on his sister Miss Rossina on Sunday evening. Sorry to hear that Mrs. Henry Stone was so poorly but hope to hear soon of her recovery; glad to hear that himself has so greatly improved in appearance especially about the lips.

Success to the Stone's line choir, sing, sing, sing.

John Barrett, a former resident of Thornbury, was admitted in November for the winter months, his papers being good until May 1, at which time he contemplated returning to his bachelor home to earn his living during the summer months. He caught a severe cold a couple of months ago which settled on his lungs and to which he succumbed on Monday morning. Barrett was in his 77th year. He was born in the British army and came to Canada with his father's regiment when he was four years old. Six years later his falher died. his mother was granted 100 acres of scrip land, which she sold, and remarried. In the early fifties young Barrett enlisted in the regiment in which he was born, returned with them to England, embarked with them for the Crimea, was present at Alma, Inkerman and Sebastopol, was four times badly wounded, the worst of which was in the head. While assisting to lift a wounded comrade into an ambulance wagon a gun came by, the horses at a gallop. Barrett was struck by the leaders, and his head jambed between the spokes of the ambulance, which was moved forward, tearing away a portion of his scalp and tearing skin from his breast and side, which. said he, "nearly finished me." He returned to England, recovered rom his wounds, was granted a free discharge without pension, made his way back to Canada, and has lived many years in Thornbury or vicinity. He never married. He maintained a soldierly bearing, elastic step, and was always clean, neat and tidy. We hope he was fully accounted for the last roll call.

Wareham

Business progresses very slowly in our village on account of the continued wet weather and the farmers are doing considerable grumbling, but we think the sunny weather is now close at hand and things will take a brighter turn.

Miss Gladys Wright, who was one of the favorites in the village, died very suddenly Sunday, May 7, after an illness of only a few hours. A large number of mourners and sympathizers followed her emains to it's last resting place in Mount Zion cemetery. Mr. and Mrs. Wright have the sympathy of the community.

Two of our young men were speeding their horses one day last week and overturned Mr. Robinson's buggy, throwing Mr. and Miss Robinson out. Miss Robinson's arm was hurt in the fall, otherwise no harm was done. People should see that the road is clear before running their horses.

Mr. McCutchen also met with a serious accident. When returning from Dundalk his horses became frightened and ran away. Mr. McCutcheon was thrown out and seriously hurt. His recovery is uncertain.

Mr. Lot and his sister, Mrs. Wood of Shallow Lake, are the guests of Mr. S. Arnott.

Miss Maggie Ross has purchased a new organ.

The saw mill is doing a good business this season.

How to Ward off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlains Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by W. E. Richardson.

A Remarkable Story.

Mrs. Alexander McLeod, con. 8, lot 7, Holland, when called upon, said: "No, my son is not at home just now; but if it is a testimonial you want, I can give it to you as well as he can. My son has been troubled with rheumatism for over one year, principally in his right foot. Last November he had such a bad attack that he could not get his boot or overshoe on. On Monday morning, two days after, he got a bottle of Cameron's Rheumatism Cure from Mr. Morrison, storekeeper, at Strathavon. That night I was going to visit a sick neighbor; and my son Alex. was to come and fetch me home if he could get his overshoe on. What was my surprise," said Mrs. McLeod, "when he came to get me, to see him with both his boot and overshoe on; and it is now two weeks since taking and he is now working in the bush, and has not had any signs of the rheumatism since. Yes, said Mrs. McLeod, "to know the merits of Cameron's Rheumatism Cure, write to me, Mrs. Alexander McLeod, Massey Postoffice.

Dropped All Others.

"I dropped all liniments but Nerviline because I found Nerviline the quickest to relieve pain," writes E. S. Benton of St. John's. "If my children are croupy or sick, Nerviline cures them. If a case of cramps or stomach ache turns up, Nerviline is ever ready. We use Nerviline for neuralgia, rheumatism and all kinds of aches and pains; it's as good as any doctor." The great Canadian remedy for the past fifty years has been Polson's Nerviline—nothing better made.

The editor of the Hanover Post has been served with a notice of libel by Geo. Ries, proprietor of the Reid House, Hanover. A letter signed, "One of the humiliated," appeared in the Post alleging that minors were able to secure liquor at the Reid House, and that the commissioners were justified in refusing to grant a license for longer than three months. The Post does not apologize for the statement of its correspondent, but agrees with the writer and says: "It is true, deplorably true, that young and growing boys on the green side of twenty-one years of age, go reeling about the streets in this town, a saddening spectacle to the town at large, but a sight more harrowing to their friends and relatives and the loved ones at home." It will now be in order for Mr. Ries to back down or there will be a big libel suit at the next session of the High Court in Owen Sound.

A Good Suggestion

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by W. E. Richardson.

An Owen Sound correspondent writes that a "Jack the Hugger" has appeared there and has already strenuously kissed several ladies. The result is the streets are crowded nightly with old maids, who are bound to catch the hugger or know the reason why.—Hanover Post.
