Also—Stoves, Ploughs, Mill and all kinds of Castings.
THE Subscriber begs leave to call the attention of his friends and the Public, to unequalled Single and Double Horse Power Threshers and Separators, which have now been in use for two seasons, giving time to prove that all he said of them is correct having sold 27 of them to different persons, amongst whom he would mention Mr. H Blanchard, Ernest-town; Mr. Smith Carrying place, P. E. D., Mr. H. Paltz, Wilton; Wilton Fisk, Esq., near Wilton; Mr. H. J. Wells, Fredericksburgh; Mr. John Gibson, Kingston (who took the first premium at the County show last year, the Subscriber taking the second premium himself,) Mr. McSourly, Wolfe Island; Mr. Parker Barrett, Loughborough Mr. John Amey, Camden; Mr. Thomas Fraser, Township of Kingston; Mr. Charles Shibley, Portland; Jacob H. Powley, Esq. Township of Ops, Lake Simcoe; Mr. William Howard, Amherst Island. To all whom reference can be made that the Machines have given the best satisfaction of any yet introduced into Canada.
The Subscriber has now on hand a number of Machines ready for sale, and is still making them, intending to complete 50 by the first of October next, or more if called for, so there will be no delay in furnishing them to his customers during the season. They are all made with the Nub Wheel, and Converge, or Internal Gear and Pinnion, with Larger Band Wheel than last season, as experience has shewn the power to be equal to a much greater speed. In all other respects they are built the same as last year.
The Over Shot Thresher and Separator has been fully proved to be the best and safest ever introduced and the Subscriber has made an improvement in the formation making the Concave Bearers wider, thereby saving the wear of the covering of the Cylender, and giving a larger throat. He has also adopted a new plan for raising the Concave, by means of two Thumb Screws, one on each side, enabling the Concave to be shifted, without stopping the Machine.
The Subscriber, from his long experience in the Manufacture of all kinds of Threshing Machines, feels confident that he can now offer to his friends and the public, an article which cannot be surpassed for Durability and Usefulness.
The Two Horse Power Thresher and Separator is capable with 3 or 4 men, of Threshing from 150 to 2 0 Bushels of Wheat or Rye. The Single from 60 to 100, or double that quantity of Oats or Peas per day.

"QUEEN OF THE WEST."
Captain Harrison.
WILL RUN during the Season between Hamilton and Toronto, touching at Oakville and the Credit going and returning.

After the First day of May she will make

leaving Hamilton at Seven o'clock, and Toronto at Ten; Hamilton, in the afternoon at One, and Toronto at Four.
The low rate of fare established by the *Queen of the West*, viz: *One Dollar Cabin, and half a Dollar Deck*, will be uniformally adhered to.—While the proprietors have greatly reduced the fares heretofore charged on this route, and placed on it a Steamer in every way adapted for the business, they do not consider they would consult the interests of the travelling community by adopting a tariff varying from a Dollar and a half to a York shilling for the mere sake of opposition. They have reduced the rate to a fair standard, and in expressing a determination to abide by it they confidently appeal to the public for a share of the rapidly increasing business between the two cities.
