F. T. HILL & CO.

Extra Values in Buying Inducements for the wool season.

For this week we put on sale many lines of seasonable goods which are specially adapted for the requirements of the present month's trading. The qualities in every instance represent good staple wearing lines and the prices are an inducement to help us to increase and extend our business for the present month. Be on hand early and see what we are doing.

Buying Inducements in Prints.

1200 yards of dark and light colors in Canadian, English and American Prints. This lot also includes some lines of crums Print. The values are 10c and 12½c kind. Special inducement price, per yard 9c

Buying Inducements in Dress Goods

This week we put on sale many lines of Dress Goods consisting of blacks and many of the leading colors This lot represents Dress Goods that are good values in the regular way at 40c., 45c., 50c., and 55c., per yd., but. to send them out with a rush we make this special inducement price. Per yard 28

Flannels that are Cheaper Than the cost of Wool

800 yards of extra heavy pure wool Flannels consisting of light and dark greys, navy blue and black. This flannel is an extra heavy quality and is good value at the regular selling price—35c and 40c per yard—but as a special inducement we put the lot on sale at per yard 25

Odd Lines of Men's Tweed Pants

at $1.50 Per Pair

80 pairs Men's pure all wool Pants representing all sizes but probably not more than 2 or 3 pairs alike. These are pants that sell in the regular way at $1.75 to $2.40 per pair, but as they are odd lines and we wish to sell them quickly, get here early and take your choice of $1.75 to $2.50 pants for, per pair 1.50

Men's Working Shirts

at 15c. each---all sizes.

500 Men's Working Shirts in regular shirting ginghams, principally dark colors in stripes and checks and in fast colors, There is nothing wrong with the quality of this line, but the manufacturer made a mistake and cut them a little under size, hence the reason for such a ridiculous price. Men's Working Shirts—all sizes—choice for 15

MARKDALE

The Flesherton Advance

Is published every Thursday at $1.00 per annum if paid in advance, $1.50 if not so paid.

All subscribers paying $1.00 strictly in advance get the Montreal Herald one year free as a remium.

J. McGarty and Hugh Weir, near Owen Sound, had 25 sheep and lambs killed by dogs.

The sons of Richard Crowe, Dummer, have a goose which has laid and hatched one brood of goslings and has laid another setting of eggs. A Dummer authority who claims to be "sound on the goose" declares that this is the only instance on record where such a bird has been found to be goose enough to so overwork its oviparous organs.—Norwood Register.

An item elsewhere in this issue regarding road improvement in Simcoe county should have the effect of awakening some of the other counties to a knowledge of their possibilities in this respect and arousing an ambition in their breasts to go and do likewise, thus sharing in the largess of the local government, which amounts to one third of the outlay. It is especially a pity that this county cannot see its way clear to an investment in good roads and a share in the bounty. Simcoe has dipped into the public exchequer a couple of times and has found it extremely satisfactory.

During an electric storm a peculiar occurrence took place at the residence of Mr. Marcotte who resides on the 8th concession of Tiny, Simcoe county. Some half dozen persons were sitting in the kitchen, when lightning struck the ice house, made a scattering of some pans that were inside the building, passing into the woodshed it entered through the window of the kitchen, passing between the occupants of the room in the form of a ball of fire and stopped in the centre of the floor, where it burned a hole. No one was injured, however, but all were more or less alarmed at the peculiar freak of the electric fluid.

No town can become or long retain its position as a good business centre so long as the majority of its business men rely on a few merchants to bring the business to them. Too often the men in a few lines of trade are about the only ones who reach out after trade. The others merely wait for their associates to induce people to come to town, and content themselves with what trade drifts to them. This is manifestly unfair and unjust, and no whole-souled, public-spirited business man will do it. If you want trade ask for it. Tell people what you have to sell, and give them reasons why they should buy from you rather than from the "other-fellow." The most effecting and far-reaching method of asking for trade is by newspaper advertising. The newspaper reaches everybody. It is also a mirrored reflection of the town. If it contains no advertisements people naturally conclude that there is no one there who has life enough to do business; if it has a few advertisements, that it has not sufficient competition to bring prices down to the right level. The newspaper is the one agency which touches all the people all the time. The scholar cannot get along without it; the farmer has it for his sole intellectual food. Rich, poor, wise, ignorant, young, old—everybody reads the local paper, and it is the only form of literature of which this may be said. Thus the opportunity of the press is unlimited. It has the public ear, and the public can be reached through it.—Ex.

When Seven Men Die.

You know at least one of them had consumption. At first it was only catarrh—but it was neglected. When "Catarrhozone" cures so quickly it's foolish to suffer—it's a shame to keep on sniffling and hawking. Catarrhozone goes direct to the cause of the disease,—that's why it's so dead certain to cure. It stops the cough, prevents that disgusting discharge, clears phlegm out of the throat in five minutes. Very pleasant, and safe too; get Catarrhozone from your druggist today.

Simcoe County will be one of the first to profit by the amendments to the Good Roads Act introduced by Hon. Dr. Reaum last week. By the provisions of this amendment one third of the amount to be spent by the county will be paid by the province, instead of in accordance with the assessable area as in the old act. In two years Simcoe County has spent $186,000 on its roads. They have filed a claim for another provincial grant, this time of $37,000, and it is understood it will be paid. Another condition in the bill extends the time for taking advantage of this to January 1st, 1907.

A "Wheezy" Chest.

Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nerviline. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no prescription is better than Polson's Nerviline. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

In the action of Plant vs Tps. of Normanby and Minto, tried at Guelph, judgment has been delivered in favor of the plaintiff for $1500. The action was to recover damages for personal injuries to husband and wife, who were injured by driving over an embankment into a ditch. Plintiff was awarded $1000 and his wife $500. The court claimed the municipalities ought to have put up a railing for protection.

The Tonic of Health

Must be more than a stimulant—must be a food as well. There is one medicine that is both a food and a tonic,—it aids digestion, promotes assimilation, converts food into nutriment that builds up nerves blood, brain and bone. That tonic is Ferrozone which contains exactly what a run-down system needs. Ferrozone supplies oxygen to purify the blood, phosphorous to develop the brain, iron to harden the muscles No wonder it makes such vigorous men and women. You'll eat, sleep, think and feel better by using Ferrozone; try it—now. Fifty cents buys a box of fifty chocolate coated Ferrozone tablets at all dealers.

Up to Date Tailoring

Why Buy a ready made suit when you can get one for about the same or very little more, tailor made and good fit that will stand more wear and tear than two or three ready mades?
