Last Saturday afternoon Mr. C. Swale met four bears on the Oliphant road at the Davis' crossway. Going home he got his rifle and, with Geo. Rogers, hunted for them in R. Greenlee's bush for an hour without success. Then Mr. Swale went home for his dog and got the bears started. After a short scrap with the dog they went northeast across four lots and tried to shake off the hound in the wet swamps and thickets south of J. M. Mullen's. Here the dog drove all four bears past Mr. Rogers, who had a shot at all of them, killing one on the spot, and apparently killing a second, while the dog went on with another to Mr. Swale, who killed it. The dog went on out of hearing with the fourth bear. On going back to pick up bear No. 2, it had disappeared; and it now being nearly dark, the hunters had to be content with two bears, which was not a bad record, considering it all took place within a few miles of Wiarton. No doubt these are some of the bears that have been killing sheep near Boat Lake lately, they being in good fur and condition.—Wiarton Canadian.

Just What Everyone Should Do.

Mr. J. T. Barber, of Iwinville, Ga., always keeps a bottle of Chanberlains Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by W. E. Richardson.

The crew of the steamer Carribou had a novel experience on their down trip early in the week. They had on board five horses which they were bringing down from Gore Bay for Mr. Michael Horan of Owen Sound, and during a gale on Sunday morning one of the animals broke loose and fell through the hatchway into the fire hold. The animal escaped injury and after the storm was over an attempt was made to raise him to the deck. Portions of the deck and hatch combings were removed and the crew had all but succeeded in the effort when the horse began to kick violently, with the result that he fell to the bottom again. He struck on his back and the second fall resulted in a broken back and the animal was put out of its sufferings. Last Fall Mr. Horan lost a cow in a similar manner.

A Miraculous Escape.

An accident of rather a marvelous nature occurred at Feversham one day last week. Bert Dench, a Scotch immigrant who works in I. Perigo's mill, was the victim. In some manner he allowed his foot to come too near the saw, which caught his boot and cut it open at the heel, just grazing the foot. Dench was hoisted completely over the saw, alighting on the other side The marvel of it was that he was not injured in any way more to have his foot scratched and his nerves and muscles badly shaken up,

Dr. Jones, as coroner, was required to hold an inquiry on Monday over the body of John Miller, lot 34, con. 2 Proton, better known as John Moriarty who was found dead in a water hole near the cottage in which he lived. The body was discovered by two boys, John and Patrick Mulhall, who had gone to Miller's place to buy cabbage plants. Gardening was the old mans chief occupation and he was accustomed to supply the surrounding farmers with garden stuffs. Upon investigation it was found that his watch had stopped at 5 o'clock and he had last been seen alive Saturday morning when talking to Frank Hills, owner of lot 33. Evidently the man had met death accidentally that afternoon. The coroner considered an inquest unnecessary. Deceased was about 65 years of age—Rep.

An American Disease.

Some doctors go so far as to say that indigestion is the national disease of America. There is but one national remedy for indigestion and that remedy is Dr. Hamilton's Pills which accelerate the action of the gastric glands and give tone to the digestive organs. They strengthen the kidneys and liver, cleanse and purify the blood and thus add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases. Test Dr. Hamilton's Pills yourself,—25c. per box or five boxes for $1.00 at all dealers.

Dan Trotter, the 19-year-old son of Mr. Peter Trotter, of Owen Sound, has been practising high wire walking, and while practising on a wire stretched across the gulley in rear of Boyd Street rink he fell from a hight of 35 feet. He was alone and it was some time before he was able to drag himself out to the street, where he got assistance, and was taken to the hospital. One of his knees is badly injured, two bones being broken and the cords badly strained.—News.

By a recent amendment to the Municipal Act, pathmasters are no longer required to look after the cutting of noxious weeds on the highways in their division. Every owner or occupant of land is now required to cut the weeds growing on the highways adjacent to his land.
