Industrial Home Notes

(By an Inmate)

Last week's items.

Gardening is the chief out-door occupation on this property at present for the few old chaps who are able to take part in it. The superintendent more than superintends the work, for not only is he an ideal gardener, but a most industrious one, and if painstaking labor be an important feature in gardening, the result on this industrial farm is worthy of a remunerative return, and should the summer be favorable, the visiting public will observe a thrifty and well-cultivated garden.

Mr. Henry Holman, and daughter, Miss Laura, of Port Law, accompanied by Mrs. J. Whitten of Flesherton; Mrs. H. Stone, accompanied by Mrs. H. Spicer, and little daughter, of Stone's Line, were among the visitors to the Home last week.

Wm. Romins, the old gentleman who was discharged from the Home on April 3, at his own request, was re-admitted on the 13th inst., and expressed himself glad to return. He is a very quiet and agreeable old gentleman of 77 summers, and unmistakably past his days of labor and self-support. He was heartily welcomed back by his old comrades and there is no doubt the poor old fellow will make himself content the remainder of his days at the Home provided for him.

Thomas Pease, of Sarawak, and Ed Black, of Holland, are out on a few days leave of absence. The former is a pay inmate and may not return till winter. The latter, well—

On Thursday, the 15th, your correspondent saw the 65th anniversary of his natal day, yet not a drum was heard nor a bugle note, nay not even a pop-gun was discharged to commemorate the auspicious event. Well! well! It is four years since he last saw the picturesque village of Flesherton and he had almost abandoned the hope of ever seeing it again, but since it has been decided to celebrate the coming glorious and memorable 12th in that loyal little spot, the hope of meeting some of his old time friends at that place, is revived.

Friday next, June 23, will be the first anniversary of the opening of this County Grey House of Refuge, and the following is a portion of the statistics in connection with the Home up to the present, viz:

Total number of inmates admitted during the year was 33 men, 11 women.

	Men	Women	Total
Casualities by death	9	4	13
Discharged	7	2	9
Present establishment	18	5	23
Total			45

One of the discharged men has been re-admitted.

Average age of the present inmates is men, 71 5-6 years, women, 78 years.

The oldest inmate is 87 years; the youngest, 53.

Religious denominations.

	Men	Women	Total
Church of England	10	0	10
Presbyterian	3	1	4
Wesley Methodists	2	4	6
Baptists	2	0	2
Disciples	1	0	1
Total	18	5	23

Municipalities to which they belong: Artemesia 3, Bentinck 1, Collingwood 3, Derby 1, Dundalk 2, Egremont 1, Euphrasia 2, Holland 1, Keppel 2, Markdale 1, Owen Sound 3, Sarawak 1, St. Vincent 1, Sullivan 1; Total 23.

For punishment in solitary confinement of 24 hours each for offences committed there have been five instances, as follows; for peremptorily refusing to attend divine service on the Sabbath when ordered to do so by the superintendant 1, for leaving the home with the intention of not returning without permission, 2, for insubordinate conduct and using highly disrespectful language to the management, 2. We regret to report that two of the five delinquents were women. The number of names registered in the visitors' book since its inception to the present are 1690.

This week's Items.

The matron resumed her duties a few days ago after a fortnight's well-merited holiday which has apparently been beneficial to her health, after more than a year of close confinement and busy life at the home. The greater portion of her holiday was spent with her venerable mother, Mrs. Simpson, of Chatsworth, who is still hale and hearty, nothwithstanding the 94 summers that have passed over her head. The old lady feels pround of the distinction of having lived under four sovereigns. She was predeceased by her husband twenty years ago, who for more than thirty years previous to his death had carried on a business as merchant tailor in the city of Toronto. Mr. and Mrs. Simpson were both natives of Yorkshire, England, their daughter, our estimable matron, is Canadian born.

Mr. Harness attended County Council at Owen Sound on Tuesday and Wednesday last on business in connection with his charge. We notice by the Owen Sound papers that the County Council has decided to make a change regarding the maintenance of this instution but whether or not the change will be appreciated by the municipalities remains to be seen. The warden was against the change.

Mr. and Mrs. Frank Cairns, of Snell's neighborhood, accompanied by Mr. and Mrs. Ruthvan were among the visitors of Thursday last. Your cor. was much pleased to meet with his old friends and neighbors, and is indebted to the former for the enjoyment of a few choice cheroots.

Miss Robinson, of the staff, is spending this week at her home on Stone's Line

The crops on this farm look well, notwithstanding the recent cold and wet weather, the corn, after a thorough scuffling and hoeing by wee Bob, et all, is is now in a thriving condition, while the garden which has been under the total supervision of the governor, will in a short time present a pleasant and neat appearance to the visiting public. Mr. H. is a very tasty gardener and a Trojan to work.

The confabs in the hospital room between old Rob Smith and the blind man, both of whom are exceedingly deaf, are voluminous enough for a Massey Hall, while the untiring propensities of the hospital sergeant for sitting quietly, might be used to advantage as a human incubator were he only possessed with sufficient N R G to turn the eggs.

Cuban Diarrhoea

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that the ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him as our neighbors will testify. I thank God for so valuable a medicine" For sale by W. E. Richardson.

The Heathcote football team journeyed over to our village on Saturday evening to play a friendly game of football with our boys. The game resulted in a victory for the visitors, the score being 1-0. This is the first time our boys have been beaten this season.

Mrs. Thompson, of Walkerton, is the guest of her sister, Mrs. T. E. Allen.

A number from here attended the excursion to Guelph, on Thursday last.

The Ladies Institute held two meetings in the Public Hall here on Saturday. The meetings were addressed by Mrs. Bates, of Indianna, and Miss Maddock, of Guelph. Mrs. R. D. Carruthers presided at the evening session. The meeting was interspersed with music and recitations. Both the ladies were excellent speakers and imparted much knowledge on the different subjects pertaining to the house and farm and those who were absent from the meeting missed a rare treat.

Miss McRae, of Redwing, visited with Mr. and Mrs. John Gillespie last week.

Found a Cure for Dyspepsia

Mrs. S. Lindsay, of Fort William, Ont. Can., who has suffered quite a number of years from dyspepsia and great pains in stomach, was advised by her druggist to take Chamberlains Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by W. E. Richardson.

Complexity of The Evil.

It's Only Real Antidote.

Rheumatism, when chronic, appears in two forms. In one of these, the joints are swollen and painful, the pain being aggravated by motion. The affection, before the discovery of Cameron's Rheumatism Cure, was ever known as exceedingly obstinate. It will attack new joints without leaving those already affected. Often the agony it inflicts is torturing beyond description; yet the victim must of necessity lie still and submit to it. Sometimes the disease will produce permanent deformity and atrophy of the muscles, so that existence becomes practically a living death. In the other chronic variety, the joints are not swollen but are simply stiff and painful Cameron's Rheumatism Cure is the only certain remedy.

Rheumatism or Rheumatic pain in the loins and small of the back is called Lumbago, and is an excruciating ailment, as all know who have experienced its torment. "It seemed as though my spine was cut through when the attacks seized me," said a well-known man of national prominence, who was a great sufferer from Lumbago before Cameron's Rheumatism Cure cured him. It is the only specific that will give permanent relief. Rheumatism, which affects especially the fibrous tissues, is called Rheumatic Gout, and is particularly painful and debilitating. It's only absolute corrective is Cameron's Rheumatism Cure. Price one dollar a bottle; express paid on two bottles to any place in Canada.
