Mr. Albert Thompson had the misfortune to cut one of his feet severely, while chopping, which will confine him to the house for some time.

Mr. James Coutts had a rather exciting experience last Thursday night. While returning from Proton Station with a lively team, a line became detached from the bits, and when Mr. C. attempted to check their speed, the horses ran the buggy over an embankment. The result is that Mr. Coutts, who was thrown violently out, has since been nursing numerous wounds and bruises, but no doubt thankful to escape from what came near ending fatally.

Mrs. W. H. McNally, who appeared to be recovering from her lengthy illness, has lately been much worse.

Mr. James Johnston started to raise his new barn on Monday. Mr. Cavanagh, of Proton, is at it with block and tackle.

Mr. Geo. Warling, of Vandeleur, visited with his brother, Mr. S. Warling, last week.

Mr. Charles Stafford has returned from Cuba, and expresses himself as well pleased with his lately acquired possession.

Mr. R. T. White raises his new barn on Tuesday.

It is a pleasing sight at this season, to travel over the township and view the green fields with their luxuriant growth of grasses and grain. One notes too, the vast improvements during the past few years, in buildings and other farm improvements. The rail fence has, in many cases, given place to the more sightly and serviceable wire fence, which is in many cases answering the double purpose of lessening snow-drifts and enhancing the value of property on which they are built. On every hand are seen evidences of prosperity and prospects of a rich return for the laborer's toil. Altogether the lines of the people of Artemesia have fallen in pleasant places and they have a goodly heritage.

On Friday last a number of the people of this section met at the school house and after listening to Mr. Hutchinson review his work during his term as teacher, Mr. F. W. Nicholson was appointed chairman, who called upon two or three for short speeches, and then upon the Secretary to read the address, while he (Mr. Nicholson) presented Mr. Hutchinson with a gold watchcase and chain. The teacher replied in feeling terms, stating that although he valued the present highly he prized far more the good will and good wishes of the donors. Following is the address:

Port Law, June 30, 1905.

Mr. J. A. Hutchinson.

Dear Teacher and Friend:—We, as representaives of School Section No. 8, Artemesia, having learned, with much regret, of your resignation as teacher of our school, and intended departure from our midst, have felt impelled to wait upon you to-day to give expression to our appreciation of your services as teacher and of your personal worth and value to this community.

As teacher we have found you painstaking and efficient, always anxious to promote the welfare of your pupils, and zealously guard their best interests. Not only have you been interested in their secular instruction, but in Sunday School and upon other timely occasions, have also been ready to impart that knowledge that maketh wise unto salvation. In temperance work too, you have been active, and by example as well as precept, have taught the young to build up noble characters, after the pattern of Him whose body was ever the servant of His spirit. During your five years' sojourn here, you have been in and out among us as one of ourselves. You have rejoiced with us when we rejoiced, and when sickness or the angel of death visited our homes, your hand was ready to offer practical assistance, and your heart shared our pangs, sorrow, and beat in unison with ours. We soon learned to respect you, and our confidence has grown with acquaintance, until it has ripened into implicit trust. As a slight token of our regard for you, and reminder of your friends in this section, we ask you to accept this watchcase and chain, and assure you that wherever your lot in life may be cast, you will occupy a warm spot in our affections, and our prayer is that you may receive strength and all necessary gifts for a life of great usefulness.

"We wish you just enough of wealth,
To serve thy soul and body's health,
A mind at ease, and length of days,
A life well spent in noblest ways,
And last, not least, an end serene
When Death draws near to end the scene."

Signed on behalf of the people of the section,—Samuel Pedlar, F. W. Nicholson, F. H. Thompson, Trustees.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario. "Being a mild physic the after-effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by W. E. Richardson.

Mr. Joseph Williams, who was so severely injured in the saw mill, is still under the doctor's care and is very poorly.

Miss Sarah Pedlar is home at present from the city on a visit at the parental home.

Mr. Ed Hutchinson of Toronto, is home for a week's holiday.

Mr. and Mrs. Rob Hutchinson from Uxbridge left on Friday week for Parry Sound to visit the latter's sister.

Court Vandeleur, C. O. F., held their annual picnic and entertainment on the school grounds on July. Although the weather was not all that could be desired, there was a large attendance. The programme, which was to have been given outside, had, owing to the showers, to be in the school house, which was filled to overflowing. Mr. Geo. Pritchard, Chief Ranger of the Court, occupied the chair. Mr. Wilson, entertainer of Toronto, gave some very pleasing Scotch selections, and Miss Nellie McMullen delighted the audience with her violin music. A number of local gentlemen were present and gave addresses. The proceeds amounted to $104.

Dr. Caldwell, the new pastor, preached here on Sunday.

The Sabbath school convention will be held in the church here next Monday, 10th inst., with afternoon and evening sessions. An interesting and profitable time is anticipated.

Sprained Her Ankle

"I slipped on an icy step and sprained my right ankle very badly," writes Miss Minnie Burgoyne, of Glenwood. "It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

On Sunday afternoon last Nottawasaga was visited by a cloud burst that did an immense amount of damage. Bridges were swept away, cattle carried away with the rushing waters, crops ruined and roads washed out. Several narrow escapes from drowning occurred along the line of rushing waters, and the cloud burst is said to be the severest that ever visited the township. The loss is variously estimated at ten to thirty thousand dollars. The bridge over Batteau Creek, above Duntroon, on the 8th line, was swept away for sixty feet and will cost $2,000 to replace. The bridge between Duntroon and the railway station was carried bodily away. The bridge on the side road between the 6th and 8th over Batteau Creek has disappeared besides numerous culverts and small bridges. The Main street of Stayner, which recently cost $1,000 to build, was completely washed out. Mr. W. Leach, at Duntroon and R. Fisher on the 6th are reported to have lost heavily. The county will have to come to the rescue and help the township out in its great loss, as the unexpected expenditure would entail too much of a burden on the farmers of the township.—Collingwood Enterprise.
