Artemesia Council

The Municipal Council of the Township of Artemesia met in the Town Hall, Flesherton, on Monday, July 3, 1905, members all present and Reeve in chair. Minutes of last session read and confirmed. Awards of arbitrators in the matter of Union Schools No. 14, Artemesia and Euphrasia, and No. 18, Artemesia and Glenelg, were presented and read a first and second time. By law No. 655, to borrow $2000 for current expenditure as required, was passed in committee, read a third time, signed, sealed and entered in the by-law book.

McKenzie—Carson—That the following accounts (duly certified) for gravel, be paid: Peter Muir, $3.55; Ed. Cullis, $1.85 A. McLean, $1.50.—Carried.

McKenzie—Best— That Artemesia's share of arbitrators' fees in the matter of U. S. S. No. 18, Artemesia and Glenelg, $14.00, be paid to Inspector Campbell as per award.—Carried.

Purvis—Best—That $20.00 be granted for the purpose of gravelling forty rods, 5 feet wide, averaging seven inches deep, at lots 33 and 34, Con. 10, provided sufficient gratis work be given to gravel fifteen rods more by persons interested.—Carried.

Purvis—Best—That owing to large expenditures on bridges and other absolutely necessary works this Council does not consider it advisable to open base line, south of Concession 4, this year.—Carried.

McKenzie—Purvis—That in regard to the petition of 28 ratepayers asking to have the deviation at lots 143 and 144, Con. 2, N. E., changed, and promising gratis work thereon, the Reeve and Mr. Best are authorized to confer with Mr. Thompson, owner of the land, and proceed with the work and report progress, if, in their opinion, it would be advisable to make such deviation—Carried.

McKenzie—Carson—That on account of the change in the system by the County Council, in regard to admitting inmates free to the Industrial Home, the monthly grant of $6.00 to Thos. Manders be withdrawn after the present month.—Carried.

Poultry Bulletins.

Three bulletins containing useful information for the poultryman are being issued by the Poultry Division of the Live Stock Branch at Ottawa.

Bulletin No. 7 is a re-written and revised edition of "Profitable Poultry Farming, (No. 6), and contains chapters on (1) Incubation; (2) Brooding; (3) The Chicken Trade; (4) Selection of Suitable Breed; (5) Crate fattening Chickens; (6) Preparing Chickens for Market; (7) Marketing; (8) Some Station Work; (9) The Egg Trade; (10) The Flock; (11) Feeds for Poultry; (12) Trap Nests.

Bulletin No. 8 "Farmer's Poultry House," a pamphlet of 15 pages, treats of the needs, location and essentials of a poultry house for the farm, and gives plans of seven good poultry houses used in Canada. Statistics of the value of poultry in Canada, divided into provinces, with quantities exported, etc., are included.

Bulletin No 9, "Diseases and Parasites of Poultry," also a pamphlet of 15 pages, describes the various diseases affecting poultry, with the treatment adopted by successful poultry men.

Any or all of these bulletins may be had on application to F. C. Elford, Chief of Poultry Division, Ottawa, Ont.

Nervousness, A Calamity,

Many who do not realize what lies beyond, treat an attack of the "nerves" with indifference. Others consider it will soon pass away. But in every case nervousness is a calamity. Only one remedy will cure—Ferrozone—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs, because you've used Ferrozone. Price 50c. per box, of fifty tablets at all dealers.

One day last week, a well preserved, elderly gentleman and his wife turned the Review corner and stopped to inquire if he was right for Owen Sound for he had missed "Hunter's tavern," which was here or hereabouts 30 years ago. We pointed to the McKechnie residence over the way and the transformed hostelry impressed him with the lapse of time. His name was Vail, a son of the printer who ran William Lyon McKenzie's paper, and who was later connected with the Owen Sound Comet in Vandusen's time. The old and worthy couple had driven from Southern Wisconsin, where they had lived for 13 years, but were now returning to their home in North Grey near Vail's Point, fully convinced that Canada is superior to anything they had seen in the States. In their weeks of travel they marvelled they had never been caught in a shower.—Durham Review.

Marriage has made much trouble for a young man named Albert Tucker, but his prison term has not cured him of the bigamy habit. He has three wives, and on Tuesday was sentenced to nine months in the Central Prison for his third venture. Tucker until a short time ago lived in Owen Sound and worked as a fireman on a steamer running out of that port. He served six months for his second marriage. His first wife was Cora Small, of Kingsmill, and finding life with her disagreeable, he married Margaret Plummerfeldt, a grass widow. Her husband heard of the union and had them both arrested. Both were convicted and sent to prison. Tucker married again soon after his release. The third wife has left the country.

Flesherton Sash, Door and Planing Mills

LINE LUMBER
