Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But *it will not prevent the fire.*

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been rodded by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. ***Ask us today what it will cost you to have DODD protection.***

New Masonic Organization Comes Into Being in Toronto

Another new Masonic lodge has been instituted in Toronto. It is to be known as "Grey Lodge," all the charter members being former residents of the county of Grey.

Right Wor. Bro. John H. Dunlop, District Deputy Grand Master, accompanied by an imposing array of Grand Lodge officers, conducted the impressive ceremony in the Central Masonic Temple on Friday evening, at which a large number of members and visitors were present.

After the ceremony a splendid banquet was held. Bro. Joseph T. Clark proposed the toast to "Grey County," which was responded to by Bro. the Hon. David Jamieson, of Durham, former Speaker of the Ontario Legislature, and Bro. his Honor Judge Sutherland, of Owen Sound. Right Wor. Bro. Sir William Hearst and Bro. Col. G. F. McFarland proposed the toast to the "Visiting Brethren," which was fittingly replied to by Bro. Rev. Thurburn-Conn, of Markdale, and other visiting brethren from Grey County.

The following are the officers of "Grey Lodge": Wor. Bro. Dr. G. H. Armstrong, W.M.; Wor. Bro. W. L. McFarland, I.P.M.; Wor. Bro. J. W. Armstrong, S.W.; Wor. Bro. R. J. Gilfillan, J.W.; Bro. Rev. T. A. Rodger, Chaplain; Wor. Bro. J. W. Tucker, Secretary; Bro. James Craig, Treasurer; Bro. C. H. Trelford, Organist; Bro. Col. G. F. McFarland, S.D.; Bro. J. F. Van Every, J.D.; Rt. Wor. Bro. Sir William Hearst, D. of C.; Bro. Harold R. Frost, S.S.; Bro. W. N. Hemphill, J.S.; Bro. J. E. Ritchie, I.G.; Bro. Hiram Pritchard, Tyler.—Globe, Nov. 14, 1921.

Ceylon U.F.O. Club Had Successful Year

The annual meeting of the Ceylon Farmers' Club was held in the Orange Hall, Ceylon, on Friday evening, November 18th, when a large number were present, with the President in the chair. The Treasurer's Report showed a good surplus on hand. The Secretary showed where there had been $5,700 worth of sugar, flour and feeds, salt and binder twine purchased during the year, also $93,794 worth of stock shipped, namely 551 cattle, 2031 hogs, 147 sheep and 143 calves, this being about equal to the number shipped the previous year, but owing to the decline in prices it made a little over $100,000 difference in returns to the farmers. It was unanimously decided to hold an oyster supper in the near future for the members and their wives.

The following officers were elected for the ensuing year: Pres., T. Sled; Vice-Pres., F. Chard; Secretary, R. W. Piper; Treasurer, T. A. Gilchrist; Directors, W. Plant, R. Allen, R. Thistlewaite, J. Hogarth, J. Meads, A. S .Muir, G. Campbell, G. Clark and I. Smith.

A hearty vote of thanks was tendered the retiring President, J. S. McMillan, for his untiring services during the past four years.

Friendship-Yes! But—

"The Bill will not let in Canadian wheat, but will save to the American farmer the right to raise a bushel of wheat instead of transferring that right to Canada."—Mr. Fordney, in introducing the Fordney Emergency Tariff Bill which has shut millions of dollars worth of Canadian foodstuffs out of the United States market.

"If we are to build up a self-sustaining agriculture here at home, the farmer must be protected from unfair competition from those countries where agriculture is still being exploited."—President Harding. The very spot chosen to deliver this speech—Minnesota—shows that Harding had the Canadian North-West in mind.

WHILE ties of friendship unite Canada and the United States, the attitude of Uncle Sam is that of "Business First", and Canada cannot and should not hope for any consideration from the United States where the interests of the farmers and business people of that country are involved.

Uncle Sam has built the Fordney Tariff directly against Canadian agriculture, and new additional Tariff proposals are now under consideration to shut out from the United States Canadian goods of every kind.

These measures are due to the insistence of the American farmer that the United States market shall be retained exclusively for him and that the influx of Canadian farm products into that country must cease. They are also due to a like insistence of United States manufacturers and workers, who have seen their country develop tremendously and grow rich under a Protective Tariff, and who believe that a still further increase in Tariff is the only means of assuring continued prosperity.

CONTRAST THE ATTITUDE OF THE UNITED STATES LEADERS WITH THAT OF CANADA'S WOULD-BE LEADERS, CRERAR AND KING

Crerar proposes to allow American goods to enter the Canadian market free of duty.

King proposes that the present reasonable Tariff on the products of the American factory and farm shall be greatly reduced, and that the home market of the Canadian farmer and manufacturer alike shall be thrown open to our Southern neighbour, in the face of the United States Emergency tariff, which practically shuts out Canadian farm products from these markets, and also in the face of the permanent tariff now under consideration at Washington, which gives every promise of being even more drastic than the Emergency Tariff so far as our products are concerned.

In view of the attitude of the United States, what folly it is for Crerar and King to propose throwing open the Canadian market to a flood of both agricultural and manufactured products of the United States when there is not the slightest possibility of any compensative advantage to Canada.

Does any sane Canadian believe that Crerar or King, hat in hand, could persuade the United States Government to completely reverse its Tariff policies and agree to reciprocal trade in face of American public demand for a high protective Tariff?

The people of the United States conduct their affairs and protect themselves by the principle that "Business is business." Why should Canada do otherwise?

Unlike Crerar or King, MEIGHEN stands firm for a reasonable Tariff to protect all our industries — those of the farm, the sea, the mine, the forest, the factory, and for the building up of a bigger and better Canada through the full development of the home market.

FRIENDSHIP WITH THE UNITED STATES? YES, BY ALL MEANS!

BUT— let us defend our home market, our industries, our farms, our workmen, our homes by the same methods as are used so effectively against us.

Let us work out our own destiny—that of a strong, self-contained nation within the British Empire group of Nations, courageous, masterful, self-reliant.

Canada Needs Meighen

Forming Good Reading Habits

If parents wish their children to form good reading habits they must first form such habits themselves. And there is no better way to do this than to bring into the household a periodical that will be of interest to every member of it; that will supply the best reading for old and young. Among the periodicals of this description The Youths' Companion is unique. Not only does it aim to entertain and inform boys and girls in their teens, as its name suggests, but there is not a page in it that parents can pass over with indifference.

The 52 issues of 1922 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive—
