Mr. Heitman has withdrawn his tender for the Flesherton-Feversham mail carrying, and Mr. Sample is still conveying His Majesty's correspondence. There was keen opposition by Feversham people to Mr. Heitman getting the job. The latter has asked the member for Centre Grey to request that certain correspondence relating to this matter be laid on the table of the House, and more may be heard of it from that quarter.

Mr. and Mrs. John Adams met with a sad loss in the death of their little son, Thomas, aged 7 years, on Sunday morning by a virulent type of diphtheria, after a few days illness. The child had been with his sister, Mrs. Edward Turner, and was brought home last week suffering from the disease. Dr. Dixon of Priceville attended the lad and did everything possible to save his life but without avail. The remains were interred in Flesherton cemetery on Sunday afternoon.

A magistrate's court was held here on Monday, which attracted much interest. H. Heitman, jr., of Feversham, brought two charges against Joseph Irwin, also of that place, for assault, and for using abusive, insulting and profane language. The case occupied Magistrate VanDusen about four hours and proved quite a legal battle between Barrister McKay of Owen Sound, and Mr. McArdle, of Lucas, Wright and McArdle. A large number of witnesses were heard and some very contradictory evidence was put in. The charge of assault was dismissed with costs against the plaintiff. The second charge resulted in a fine of $5.00 and $6.50 costs.

No elaborate preparations are expected, although the town will wear its best clothes, put on for the 12th, until after this auspicious event. All who expect friends are requested to prepare baskets and take them to the park before 12 o'clock on that day—and others as well who desire to entertain the home-comers. Arrangements will be made on the grounds, to supply drinkables. It is not known just how many visitors we will have, but it will be well to make full preparation for a crowd, rather than to fall short in our hospitality. The President and Secretary of the Association are expected to be our guests on this occasion. Let us show our hospitality by tendering the old fellows a hearty dinner, which will be more appreciated than brass bands and acrobatic shows, after which the drive to Eugenia will be appreciated to the fullest extent.

Be Done With Catarrh!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhozone," it cures because it destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its vapor destroys the catarrh germ instantly To get well and stay free from catarrh get Catarrhozone and use it; satisfaction guarranteed.

Likes Pete's Playing.

The Owen Sound Times has an ear for music. Hear what it says: "There are some degenerate people who cannot recognize music in the strains that come from the Highland bagpipes, but they are more to be pitied than condemned, as they never had the priviledge of being born where the heather grows and oatmeal is a staple article of diet. But even the unregenerated specimen of humanity would have been compelled to admit on Friday evening, had they heard Piper Peter McArthur, the son of the genial John McArthur, warden of the county, as he played some rare Scotch music in the council chamber, that in the hands of as good a piper as he the soul-stirring airs of Auld Scotia were so grand that they could not have failed to set the blood tingling and the nimble feet moving, as he played the Hills of Glenoky, Highland Laddie and other rare gems of pipe music. Mr. McArthur is an accomplished player and the local Scotchmen should give the town people an opportunity of hearing him on some Burns' anniversary or St. Andrew's night.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by W. E. Richardson.

While in the bush, where his son, Walter, was loading logs with his team on Wednesday of last week, Mr. Geo. Richardson, of Euphrasia, met with a serious accident. A chain broke and the log rolled back striking the old gentleman and breaking his leg in two places below the knee. He was conveyed home and thus far suffered very little from the injury. Dr. Ego was sent for, who upon arrival reduced the fractures, but the age of the invalid, 76 years, is against rapid recovery. His numerous friends deeply sympathize with the Squire in his lamentable misfortune.—Standard.

Sunday School Convention

The Artemesia Sabbath School Association met at Vandeleur on Monday of this week. In absence of the President, J. R. Hogg, Rev. J. S. I. Wilson of Markdale took the chair.

Mr. J. A. Felstead took up the subject "How can we maintain the interest in Sunday schools during the holidays?" Some of Mr. Felstead's ideas were: Make the schoolroom bright and cheery with flowers and fresh air; have a staff of teachers and officers sufficient to meet all demands made upon it; the congregation should take an interest in the Sabbath school. The discussion which followed brought out the fact that there is a lack of male teachers, and of co-operation of parents. If pupils do not attend regularly it often is the fault of the teachers, for they, too frequently, absent themselves.

Rev. J. B. Wass spoke on the "Duties of parents in connection with Sunday school work." Parents should be particular about church membership; they must set an example for their children to follow; impress upon the children in their early years their relation to the church. Many good points were brought out in the discussion which followed.

Mr. Pickell of Markdale was to have given a report of the international convention which was held recently in Toronto, but having met with an accident he was unable to be present. His time was taken by Rev. J. S. I. Wilson, his pastor, who gave three points for Sabbath school workers: We are not sufficiently careful to have everybody pledged to total abstinence; let Decision Day be observed; let the Home Department and Cradle Roll be features of the school.

Rev. L. W. Thom gave a very interesting address to about fifty children.

"The Sunday school in relation to the temperance movement" was the subject of a paper ably dealt with by Rev. Mr. Matheson of Priceville, in which he emphasized the increase of drunkeness in our province and the Sunday school as its greatest antagonising influence. As a result a lively discussion followed by strong resolutions in favor of securing local option for Artemesia, and to this end a strong committee was appointed to take the necessary steps to inaugurate a local option campaign.

Rev. G. F. Hurlburt spoke on the subject, "The importance of Sunday school work in the community." This was dealt with in Mr. Hurlburt's straightforward manner, his idea being that every teacher's aim should be to lead the young to Christ.

The officers appointed were: President, J. A. Felstead; Vice President, Mrs. F. Nicholson; Sec.-Treasurer, W. H. Bunt.

The convention will meet in Priceville next year. A vote of thanks was tendered the ladies of Vandeleur for their generous hospitality, and the meeting closed with the benediction.
