Three Collingwood boys, Walter, Arthur and Allan Willison, while playing on a raft, were sent adrift at 10 a. m. by a wind blowing off shore, and were only rescued at 9 p. m., 14 miles out, opposite the Mary Ward shoals. The Enterprise says: "The children were terribly burned from their long exposure to the sun, but otherwise are not a great deal the worse for their long ride. Walter, the eldest of the boys, certainly deserves credit for his courage and presence of mind. He kept his young brothers constantly encouraged, and when Arthur was determined to leave the raft and jumped off, he brought him back and persuaded him to remain quiet, on the promise that they would soon reach Christian Island. The affair caused intense excitement for the time, and the shore was lined with anxious citizens.

Cholera Infantum.

Child Not Expected to Live from One hour to Another, but Cured by Chamberlain,s Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by W. E. Richardson.

An exceedingly painful and serious accident befel Mr. John Anderson, of Rockford, which necessitated the amputation of his left foot on Wednesday. Mr. Anderson was engaged working with Messrs Oliver & Webster's stone crushing plant near Bognor, and at the time of the accident was about to place a bolt in position, and to do this was standing above the crusher. While thus engaged his left heel was caught by the revolving fly-wheel which twisted his foot around and threw it into the crusher. His foot was terribly mangled, and became so wedged into the the crusher that it took about half an hour to extricate it. Dr. Henry, of Bognor, was summoned and did what was possible to dress the injuries, administering opiates to alleviate the intense pain of the mutilated foot, Mr. Anderson was brought to Owen Sound and taken to the hospital, where Drs. Lang, Middlebro and Henry performed amputation on Wednesday afternoon. The pain from the accident was unusually intense and evidently spasmodic, but after the operation the patient was much relieved and rested quietly. Mr. Anderson is 46 years of age and resides at Rockford.—O. S. Advertiser.

PSYCHINE

(PRONOUNCED SI-KEEN)

WEAKNESS

There is nothing else in the whole world that will bring back the color to the cheek, restore the dormant energies, revive drooping spirits, or put new life into the tired, listless, weakened system, as "PSYCHINE" will do it. There is really only one great tonic, and that is "PSYCHINE." Combining all the properties that make rich, pure blood, bringing back the lost appetite, driving away melancholy, creating new strength.

THIS WILL PROVE IT

Arnprior, Ont., Sept. 16th, 1904.

Dr. Slocum, Limited:

"It's twenty years or more since I used PSYCHINE, and I write these words not to gain publicity, but that suffering and ailing humanity may learn of its great merits. I had felt weak and miserable for a long time; had no appetite, or couldn't obtain proper sleep. Was unable to work or enjoy life. People said I was so old my constitution was breaking up, but, fortunately, through using the Dr. Slocum remedies I have proven this false. PSYCHINE is the only remedy I ever took that agreed with my stomach, which was exceedingly weak. Twenty years have passed since my recovery, and I am now eighty-nine years old, and so strong and well that I work all summer in my garden.
