The R. T. of T. met on Thursday evening last, at the home of the retiring Select Councillor. A pleasant evening was spent with readings, music, speeches, refreshments and an address to Mr. J. A: Hutchinson, who has been an officer and active worker in the Council since its inception, and whose removal will be severely felt. Following is the address:

Mr. J. A. Hutchinson.

Dear Brother: We, the members of Portlaw Council, No. 148, Royal Templars of Temperance, on this, the eve of your deparure from the bounds of our Council, have met in a home to-night, that we might enjoy the more intimately the pleasure of your company, and exchange fraternal greetings once more, before bidding you adieu, In the midst of our pleasure it is with genuine regret we remember that our social gatherings will soon be bereft of your much-appreciated presence, and that our Council will soon be called upon to bear the loss of your valuable and tactful services as a co-worker with us, in the cause of temperance, and in the curtailing and overthrow of a traffic that has brought sorrow to many hearts and is at variance with the principles of our creed. We remember that when our council was instituted, you were elected Select Councillor and, as first officer, discharged your duties impartially and with diligence, and throughout the varied history of our Council you have been a wise adviser and loyal soldier in its work, contributing much also to our literary and social advantage. To say that we will miss you when sundered from us by distance, would be but a mild expression of sentiment, We feel that by your removal we are sustaining a loss that will be difficult to repair. But though we would like to retain you with us, we do not wish to be selfish, and hope the change you are about to make, may prove of much advantage to yourself, and that you may find congenial associations elsewhere, and ample scope for the exercise of your talents. Our words are not intended as flattery, which we know would be repulsive to your nature, but as encouragement and an incentive to greater zeal and to greater efforts in our battle "for God and home and native land;" and we trust that strength and grace may be supplied you to labor on until that tree which has borne so much evil fruit shall be rooted out and overthrown, and righteousness, which alone can exalt a nation, established in our land. It is God's work, it is the Master's business. May you and we be valiant in the service. Signed on behalf of the Council,

Portlaw, July 6, 1905.

Signed—Mrs. McKenzie, S.C.; Annie Sheardown, Rec. Sec.

Twelve Years Ago—Lives To-day Through Using Psychine.

"It is twelve years ago since Psychine cured me of galloping consumption. I caught the cold working as fireman on the C.P.R. The doctors said there was no hope for me. I had Night Sweats, Chills and Fever, and frequently coughed pieces of my lungs. I was fast sinking away. Was advised to try Psychine and two months treatment put me right on my feet again. Have had no return of lung trouble since Psychine saved me. To-day I work on my farm near here. I am six feet tall and weigh over 175 pounds. Use my testimonial and photo if you so desire."
