The Advance was favored with a short call from Mr. Fred Gee of the county house of refuge, who has been visiting with friends on Stone's Line. The old gentleman looks as though residence in the home agreed with him, although he is unable to walk. We, with our readers, trust that Mr. Gee will long be spared to wield his facile pen and shed his influence for good in the county home.

Lightning appears to be striking an abnormally large number of barns this summer, while but few fires result. Mr. W. Stuart, west back line, was a victim the other day. The fluid ripped boards off, ran down a rafter and ripped a post badly, but the structure was not set on fire. Several other accidents of a like nature are reported throughout the country, and every exchange we pick up has from one to six announcements of similar accidents.

The once familiar face of "Billy Falls," the old horse doctor and general purpose man is seen on the streets this week. Bill has been living at the Industrial home for some time, but is out for a few days, to visit his old haunts and any old companions that are still alive. Partly paralysed, dim of vision, Billy is an object of sympathy, which he gets on all hands. He dislikes restraint and wants to set up in business again, forgetting that he is unable to care even for himself. Billy is happy among the children on the street, but showed some emotion when he asked a friend to see in the event of his death, that he should be buried here in the cemetery. Once a man, twice a child—Clarksburg Reflector.

To Stop a Crying Baby.

Babies cry because they are sick. It may be a pain in the stomach, colic, or cramps,—but in any case a few drops of Nerviline soothes away the distress and allows the baby to sleep peacefully. Where there are young children there should also be Nerviline. It cures all the minor ailments just as promptly as the doctor—and not so expensive. For nearly fifty years Polson's Nerviline has been the great household remedy of Canada. Sold everywhere in large 25c. bottles.
