Nothing on the Market Like Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo. in a circular to his customers, says: "There is nothing on the market in the way of patent medicines which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by W. E. Richardson.

A Warning To Mothers

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles, As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates, and has a tendency to gripe. If this does not check the bowels give Chamberlains Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by W. E. Richardson.

Broken Sleep-Tired Next Morning

Sleep not only rests, but builds up the body. Cut down the hours of sleep, and you cut down health in the same proportion. Rebuilding then ceases, nerves go to smash, you grow tired, weak and wretched.

To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozone solves the whole problem, makes you sleep soundly, gives endurance, vim, ambition. No morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor Witchery expresses the instant effect of Ferrozone.

Some District Items.

A most interesting legal case may take place in Amabel. Wm. Beirns, who lives on lot 11, con. 21, has a field which he wishes to drain, and in order to do so the drain will have to go through four or five other farms. The owners of these other farms object to the drain, and object to it the more because they have been asked to pay their share, but we understand they have been legally served with notice, and the proposed work will go on. It is claimed that these other owners of farms will have to pay their proportion of the cost whether they want the drain or not.

Mr. D. F. Reasor, the engineer in charge of the Georgian Bay Electric Power Company's plant which is to develop the Eugenia Falls water power, was in town on Friday, and went out to Chatsworth to arrange some matters in connection with the erection of the line to Owen Sound. He called upon Mayor Duncan and intimated that he would probably meet Mr. John O'Donoghue of Stratford, here, the following evening. The latter gentleman is in town to-day in connection with other interests, and is quite as sanguine as to results from the Eugenia Falls as he was when he was here some weeks ago.—O. S. Times.

It was a pitiful mistake, an error sad and grim. I waited for the rail way train the light was low and dim. It came at last, and from a car there stepped a dainty dame, and, looking up and down the place, she straight unto me came. "Oh, Jack!" she cried "oh, dear old Jack!" and kissed me as she spake; then looked again and frightened, cried, "Oh, what a bad mistake!" I said, "Forgive me, maiden fair, for I am not your Jack; and as regards the kiss you gave, I'll straightway give it back." And since that night I've often stood upon that platform dim, but only once in a man's whole life do such things come to him.

A young Bible student was asked "How many boys are there in your class? "Multiply the number of Jacob's sons by the number of Jacob's sons by the number of times the Israelites compassed Jericho; add to the product the number of measures of barley which Boaz gave to Ruth; divide this by the number of Haman's sons, subtract the number of days that Noah was in the ark before the waters of the flood were upon the earth; subtract the number of days in the week in which the Israelites gathered manna; multiply by the number of men who went to seek Elijah after he was taken to heaven; add Joseph's age at the time he stood before Pharaoh; divide by the number of stones in David's bag when he killed Goliath; add the number of furlongs that Bethany was distant from Jerusalem; divide by the number of anchors cast out when Paul was shipwrecked; multiply by the number of wives saved in the ark, and the product will be the answer".—Exchange

Sell Your Cold For $1?

You surely won't stop at a dollar bill to cure that horrid, sniffeling cold? Go to any druggist and get Catarrhozone and your cold will be a thing of the past. There is almost witchery in the swift way Catarrhozone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhozone, perhaps it's not so wonderful. Cerainly there is no remedy half so prompt for colds and Catarrh as Catarrhozone. Refuse a substitute and insist on having only Catarrhozone.
