DAVID HINC , Priceville

A case of criminal neglect has come under the notice of the authorities and is now being investigated by Dr. A. T. Steele, of Shelburne, coroner for Dufferin. A bright two-year-old daughter of A. Skace, of Melancthon, a few miles from Shelburne, a member of the sect known as Evening Lights, was taken seriously ill about a week ago with what was apparently pneumonia or diphtheria. The child gradually grew worse and was in great agony. A neighbor summoned Dr. Martin, of Dundalk, who asked the parents if they would give her medicine, but it is said they refused to apply even mustard to the chest, and the child died.

John H. Stewart, son of Duncan Stewart, Normanby, left home on Tuesday morning to walk to the post-office at Calderwood, a distance of over two miles. In the yard at the post office he stumbled and fell. When he was picked up it was found that he was dead. The deceased was 42 years of age, was unmarried, and had been in ill health for some ten or twelve years.—Confederate.

They Appeal to Our Sympathies

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by W. E. Richardson.

Upwards of 25 per cent of the prepared foodstuffs sold to Canadians are adulterated with compounds, running the gamut from the comparatively innocuous crusted rotten stone, used to give life and economy to pepper, to the pernicious wood alcohol used to fortify various drugs and liquors. This is the conclusion reached by investigation set under way by Hon. Mr. Brodeur, Minister of Inland Revenue. For some time his department has had special agents out collecting samples of foodstuffs and sending them to Ottawa for analysis. Most of the adulterants were not, although some were, of a decidedly virulent nature. Maple syrup samples were found in many cases, to consist of prepared mixtures of cane sugar and glucose. Hon. Mr. Brodeur said that the department intended to make things warm for the offenders.

Your Worn-out Stomach,

What it needs is the strengthening influence of Dr. Hamilton's Pills—they work marvels where the stomach and digestion are poor. In one day the appetite increases and the whole system is rapidly strengthened. For stomach specialist could write a better prescription than Dr. Hamilton's Pills of Mandrake and Butternut. At all dealers in a yellow box, price 25c., or five boxes for one dollar.

The Cuba Land Fad.

In view of the fact that Cuban lands have been advertised extensively throughout Ontario, the following by Don in Saturday Night of Latin America and the West India Islands, many people seem to expect that I have ample time and leisure to devote to the furnishing of information with respect to those hot countries, which somehow have a fascination for Northerners. Nearly two weeks ago a doctor asked me if I thought Cuba were a good place to invest in land. Answered in the negative, he told me of having been in a lawyer's office in an Eastern Ontario city when a woman came in and asked for a mortage on her little home, that she might raise $400 to invest in a few acres of Cuban real estate. The lawyer advised her to leave her little home unburdened. The doctor chimed in with advice for white people to stay away from Cuba, and the latter wound up by abusing me for not telling the public my opinion of the companies endeavoring to induce Canadians to buy land at what seemed to be extraordinary prices in a hot island, which socially, politically and climatically is not suited to the people of this country.

Less than a week ago a lawyer in large practice in Toronto mentioned to me that he had a client in Owen Sound, a young woman with a small amount of money, insufficient to provide a livlihood, who asked him to sell her securities that she also might invest in Cuban real estate. In brief my opinion of these Cuban land companies is not flattering. Unless I am very much misinformed they are offering land remote from the market and probably filled with timber or stumps at a price extraordinarily in advance of what they paid. I am led to believe that most of the money received for these lands so far has been invested in advertising in newspapers rather than in improvement of the property, and my advice to the people is to leave them alone. Any one desiring to make money out of agriculture can do better in Canada than in Cuba. The fruit and sugar business is being overdone even when the land used for the purpose is close to railroad or seaport. I am informed that the lands being offered are not easily accessible and that it is almost an impossibility to take fruit or any other produce to the nearest market at a profit. It must be remembered that the heat in Cuba is great the year round, though not intolerable to those used to the tropics. The country is large, and some of the land for sale is, I understand, many miles from the sea and either without a railroad or at the mercy of one line. The roots of semi-tropical trees strike into the ground as those of the North do not, and it takes a great deal of money to clear the land—from sixty to a hundred dollars an acre. Moreover, I am told that cleared land near markets is available in Cuba at a very much less price than is being asked for unimproved timbered or stumpy soil remote from markets. The prominent men whose names appear on the lists of directors of these land companies must be unawere of what they are doing or they would not allow themselves to be mentioned in such a connection.

"Worn Out" People

—Don't neglect the first symptoms. Oftentimes the irritating cough, the insipid cold, the listless and languid feeling, are due to a weak state of the system. It is a sure sign of breakdown. Nothing else will put you right so quickly and effectively as "PSYCHINE." If you feel "worn out," it is time for a tonic, a real tonic. There is only one really good tonic. It is "PSYCHINE." Keep a bottle handy—never be without it. It tones up the system and restores your old time vitality. Ask your druggist about it.
