High School Opening.

The 15th Annual Re-opening of the Meaford High School will take place on Sept. 5th, 1905, when classes will be formed to meet the requirements of every student that attends. All parents having children to educate are asked to look carefully into the record and merits of this well known High School before deciding to send them. Note the following points: 1—A building, gymnasium and grounds that for beauty, equipment and convenience cannot be surpassed in the province. 2—A staff of teachers specially qualified to teach their respective departments. 3—A Literary and Debating Society, an Athletic Association and Field Day, and an Old Boys Association—all in a flourishing condition. 4—A long and honorable record as a school of training for teachers. In the last 6 years 18 Junior Teachers and 41 Senior Teachers have obtained their certificates. Of the former 13 spent only one year of their school life in a High School and that school was the Meaford High School. 5—This school does every form of examination work done by the largest Collegiate Institute. Personal attention given to each pupil, a prominent feature. Splendid medals, prizes and scholarships open to all. Public speaking, debating, singing and athletics strongly encouraged. 6—The high stand tak en pupils of this school at the Normals and Universities—third place in Medicine at McGill; first place and medal in History, and third place in Mathematics at Queens; second place in Physics and third place in English and History at Toronto; besides many other first and second class honors at Macmaster and other colleges, and the growing demand for graduates of this school as Public school teachers all go to prove the efficiency of the work done, Fees to pupils not resident in Meaford, $10 per year. Board $2 to $3 a week in private homes. The town is easily reached by the G. T. R. or by any passenger boat plying between the ports on the Georgian Bay. Send for a prospectus of 1905, which is a compendium of information about the beautiful town of Meaford its High School, and the latest revised educational regulations. J. L. Cornwell, B. A., Principal, A. McK. Cameron, Sec'y-Treas.

Division Court.

Division Court was held here before Judge Widdifield on Wednesday of last week. The new judge created a very favorable impression. The dockett took up considerable time but the cases were of the ordinary character with nothing of distinctive interest to the public.

McCannell v. Anderson, was a case of disputed account in which Mr. N. McCannell of Proton Station sued Mr. Anderson for $74 83. Judgement was given plaintiff for full amount and costs.

Bellamy v. Orr—Action on building contract for balance due, the claim amounting to $63.10. Judgement for $35 and costs.

Heitman v. Sample—Action on account. Non suit.

Heitman v. Irwin—Another action on account. Adjourned.

Jackson v. Boyd & Wilson—Claim on stock sold to defendants of $4.69. This case was also adjourned.

Dr. Scott v. Arthur Cook—Action on account for $6. Undefended. Judgement for plaintiff for $5.60.

Those Annoying Blackheads.

External applications will never remove pimples or blackheads. Only by stimulating circulation and purifying the blood can it be done. For quick sure release from these pests use Ferrozone; it drives all humors from the blood, makes the skin healthy, tones up the system. With the pure nutritious blood made by Ferrozone it's impossible to suffer from any skin disease. You'll have a delightful skin, healthy color and beautiful complexion by using Ferrozone—and you'll feel immensely better as well.
