Vandeleur.....	4	3	.571
Ceylon.....	4	4	.500
Flesherton.....	1	6	.143

Games this week
Thursday— Vandeleur at Markdale

MARKDALE 11, FLESHERTON 2

The last League game that Flesherton has this season was played on the local grounds on Thursday afternoon of last week in which Markdale came out winners with the above score. The game was called on account of darkness in the ninth after Flesherton had one run in and two on bases and none out. This win for the northerners gives them a good lead with which to play Vandeleur in Markdale this Thursday. If the Vans win on Thursday it will make a three-cornered tie with Dundalk, Vandeleur and Markdale all at the top, and a play-off will have to be ordered to decide the championship.

Score by innings:
Markdale —1 0 1 0 2 0 3 0 4—11
Flesherton—1 0 0 0 0 0 0 0 1—2

Dundalk lost their protest with Markdale at the Executive meeting Mon. eve

Twenty-three years ago when engaged in operations on their farm on the south-west side of the town, Mr. Norman Smart had the misfortune to lose a silver watch. A search was instituted at the time but no trace of the missing time-piece was discovered. Last week, however, it was ploughed up by one of the farm employees and to the surprise of Mr. Smart was found to be in very good condition. It was taken to a jeweller and is now reported to be running and keeping good time. The watch was a silver hunting case and being closed through the years probably accounts for the fact that the works were not destroyed.—Collingwood Saturday News.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

IF YOU AREN'T INTERESTED

In what is below, do not stop to read. But if you are, come to Owen Sound on Labor Day, Sept. 4th, and come.

It begins to look as though great scientists might better quit inventing ways to kill people and try to devise some plan to keep them warm this winter.
