Farm for sale—Fifty acres, under good state of cultivation; good state of cultivation; good buildings, lot 165, con. 1 S.W. T. & S. R. Apply to John Chard, Flesherton, P. O.

The Markdale football juniors came down on Monday afternoon and played a match with the juniors here. The score stood 2-0 in favor of Flesherton. The best of good feeling prevailed.

The new safe for the Standard bank arrived on Monday. The little toy weighs 68,000 pounds and its stowing away proved quite a conundrum to those who had the handling of it.

W. C. Lunan of Klienburg has been engaged as principal of the Dundalk public school to fill the vacancy caused by the resignation of W. J. Blakeston, who has secured a more lucrative position in the Stratford public school.

Big demonstration in Markdale, Tuesday, Sept. 12, the opening of their new park and pleasure grounds. Horse races, bicycle races, lacrosse match, etc. See large posters for particulars. J. H. Stephenson, Sec. Com.

If the two young men who occupied rear seat, west side of the Methodist church, Sunday evening last and kept up a continued hum of talk, annoying many people, will repeat it again they may receive an invitation to appear before Squire VanDusen.—W. T.

A horse belonging to Mr. Albert Stuart of the suburbs, driven in a buggy by the hired man, Jack McLean, and Bert Dent, while coming from the station reared up and fell over, striking its head on a stone and killing itself instantly. The cause of the animal's action has not been learned.

Previous to Mr. and Mrs. Cryer's return to their home in Illinois a family gathering was held at the residence of Mr. Mackenzie Duncan, west back line, when all the brothers and sisters, with one exception, were present. The day will be long remembered by all present. Many little tokens were given and others received, in remembrance of the happy time spent among brothers and sisters before Mr. and Mrs. Cryer, with Master Earl and Miss Faye, returned to their far-away home in Illinois. One brother drove from Heathcote, a distance of some 20 miles, arriving in time to see the family rising from the breakfast table at 8.20 o'clock a.m.

An interesting wedding is taking place in Toronto as we go to press Wednesday. Miss Maggie Rutledge of this place is becoming Mrs. Isaac Turner. The gentleman in the case is a resident of Winnipeg and a son of Mr. Solomon Turner of Eugenia. There will probably be more particulars next week.

Clarksburg police village has put down 5679 square feet of cement sidewalk this year at a cost of a trifle under 9 cents. Flesherton has put down about 600 square feet. We are away behind the age so far as modern sidewalks are concerned. Other towns no larger in size have raised the money and put down the substantial cement walks. This village should move in the same direction. Putting down a patch here and there and now and again will never make a complete and satisfactory job. The thing should be done in a business-like way.

The eclipse of the sun on Wednesday of last week was observed by numbers of people here and was a phenomenon of more than usual interest and beauty. In this respect Flesherton was more highly favored than most points in the path of the eclipse as clouds were general over the country and prevented observation excepting at a few places. Here the sun rose among broken clouds and was plainly visible only about one-third of the time. When first seen by the writer our luminary appeared as a crescent with the two horns pointing upward. As the shadow moved off, this crescent apparently rose up and stood on one horn, the effect being quite beautiful. About two-thirds of the sun's surface was covered and the light was so dim that one could watch it with the eye, unaided by smoked glass.

How To Cure Toothache

Any aching tooth can be relieved instantly with Nerviline. Fill the cavity with batting dipped in Nerviline and rub the gums with Nerviline also. If the face is swollen and sore bathe the painful parts with Nerviline and cover with a flannel. This can't fail because Nerviline kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment, Polson's Nerviline has been the largest seller for nearly fifty years; try it yourself.

Not a Factor

The O. S Times has heard something about the Eugenia waterpower. It says: "On most reliable authority The Times has it that the Eugenia Falls electric power development need not now be regarded seriously as a factor in Owen Sound's industrial activities. When Messrs. McLaughlin and Reasor were here in the early spring they expressed themselves as quite confident that with modern water power construction, there could be developed from the falls and the adjacent storage fcilities fully four thousand horse power. To meet the cost of development the proposition was to issue bonds for the necessary amount. It is stated that the financial interests which would have readily taken the bond issue first sent an expert engineer to estimate the possibilities. The result was that the report of the expert was so discouraging that the financial assistance was not forthcoming from that source as the possibilities indicated only about ten per cent of the estimate claimed for the power when the gentlemen interested were here last spring. This is practically the estimate of local engineers and it remains to be seen whether or not the owners of the power will secure capital elsewhere and demonstrate their claims."

With regard to the above, Mr. Reasor, the engineer of the company, who is on the ground this week, authorizes us to make a general denial of the Times' scare article. "If" says Mr. Reasor, "they say we cannot come, we deny it; if they say we will not come we also deny that. We are going on with the project and the financial end is assured." Mr. Reesor also points out the absurdity contained in the latter part of the item quoted to the effect that there is only ten per cent. of the power claimed, which would bring it down to 400 horsepower! Mr. Reasor thinks the Times has been imposed upon by interested parties from some unknown motive. All the same, he says the Eugenia development is assured.

A Rough Game

We have heard of disgraceful exhibitions of lacrosse, but a game recently played at Shelbure by the Shelburne Bradford Clubs, as reported by the Dundalk Herald discounts anything we have seen or read of in that line. The Herald says: "During the early part of the game, when Waghorne was more than a figurehead, Bradford players were being cut down and Shelburne men were going to the fence in relays. This caused Madill to heroically appeal to the crowd to get after Waghorne as he was favoring the visitors. This the crowd promptly did and the crooked work immediately increased. Skelton was the ringleader in this line and the acts he was guilty of bore out President Allen's expression of opinion to the effect that he was not fit to play in the C. L. A. If he is allowed to take his place on a C. L. A. team it will be an everlasting disgrace to the association. He went to the fence once or twice but finally refused to go and his playing became more abominable. He jumped with both feet on men laying on the ground, stepped on their heads, hit them over the head when the ball was not near them, and on one occasion, after knocking a man out in passing him while on his way back to position, by poking the handle of the stick into a vulnerable part he turned around and struck him after he had fallen. He was the worst offender, but there were others—Smith and McGibbon noticeably—that made a brilliant effort to equal him in violence. That is a pen picture of the match as it ocerred, with no exaggerations one way or another."
