Professor Alex. C. Barry's Tricopherous, OR MEDICATED COMPOUND, FOR Beautifying, Curling, Preserving, Restoring and Strengthening the Hair. Relieving Diseases of the Skin, Curing Rheumatic Pains, and Healing External Wounds. Endorsed by geographical lines, the reputation of Barry's Tricopherous perplexes the Union. The sale of the article of late years have increased to a degree that almost exceeds belief. Professor Barry, after a careful examination of his sales' book, find that the number of bottles delivered to order, in quantities of from half a gross upward, during the year 1852, was within a trifle of 95,000. It is unnecessary to present at length the evidences of the wonderful properties of the Tricopherous, which for years have literally been in demand as a U. S. The discovery of the article, and the explanation of its effects on chemical action upon the hair, the scalp, and follicles, are a sufficient refutation, but recommendation to the attention of the people. Two years ago that the inventor decided. Every bottle warranted to give. The effect of the first exceeded expectation. It acted like a charm. The ladies would not be without it. Country dealers in every section of the United States found, they must have it; and thus was built up a wholesale trade to an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, and it is believed that the sales this year will be a million and a half of bottles. Depot and Manufactory, No. 197 Broadway. Retail prices, 25 cents a large bottle. ☞ Liberal discount to purchasers by the quantity; and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c. IMPORTANT TO HOUSE KEEPERS. Something better and more economical than Soda, Cream Tartar, or any other preparation in existence for Baking. DURKEE'S CHEMICAL YEAST, or BAKING POWDER—For raising Bread, Biscuit, Fried, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c., &c. This article is one that every Family, Hotel, Boarding House, Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a candid trial, to be the everything needed every single day of their existence. Its most important advantage over the old system, are:— 1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary. 2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes. 3. A cook can always depend upon having light sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not. 4. Bread made by this process is much more nutritious, easier of digestion, better suited for a weak stomach, sweeter, whiter and lighter, than when made with yeast. 5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, it rarely goes to nourish the body, while the acid tend to produce dyspepsia and its attendant evils. This article has been thoroughly tested, and is universally liked. When used according to directions, it is warranted to ... ☞ Be careful to ask for Durkee's Baking Powder, and take no other.
