The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets—provisions at sea, according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day.

Two oz. of Tea; 8 oz. of Sugar; 8 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs. rice.

As soon as our Liverpool Houses inform us per steamer of the names of pre-paid passengers embarked, we publish their names in the Boston Pilot, and also notify each purchaser of pre-paid certificates, either directly or through our agents.

On the arrival of any of our ships in the outer harbour, we immediately dispatch an agent on board, to give pre-paid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

Train & Co., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only Liverpool and Boston line of Packets, they have determined, that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the Rapid and Successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusually rapid passages.

As Train & Co. have made such arrangements in Liverpool as will Protect their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favourable terms, for a well known line of magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles entirely Honourable and Humane, and that they have been distinguished for the most exact fulfilment of all their Engagements, we are permitted to refer the Very Reverend Theobald Mathew, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend John Bernard Fitzpatrick, D. D., Bishop, Cathedral, Boston.

"PANKORITE."

Important to Thousands!!

Byers' Extract of Rock Rose:

AN invaluable Remedy for all Scrofulous Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Nursing Sore Mouth, and General Debility; and as a Purifier of the Blood, is uncontrolled.

To be convinced that it is the most valuable Medicine of the day, you have only to read the testimony of its efficacy. As a Family Medicine it is invaluable, and one which no person should be without.

The Rock Rose has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

According to the opinions of Eminent Physicians, the ROCK ROSE Plant is unequalled in curing Scrofula in its various forms! The Sick Headache, in Obstinate Chronic Cases, may here find a Sovereign Remedy. The Canker and Nursing Sore Mouth! in numerous cases, have been speedily cured.

BUT WHAT IS THE ROCK ROSE?

The following history of the Rock Rose Plant and its medicinal properties, we take from the New Haven Palladium, March, 1853:—

"The increased interest manifested in the Rock Rose Plant in consequence of the many wonderful cures effected by 'Meyers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it, and also to set in a true light the nature of a plant which promises to be universally beneficial.

We are indebted to the United States Dispensatory of 1847, for the following description of it:—

It is entirely different from the common Rose. It is a perennial, woody leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants sending out, near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. London says that in 1799 it was so valuable in England that it was cultivated from the seeds. Ever since 1806, Prof. Ives, of Yale College, has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, until, as Dr. Tyler says, it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.

Dr. Isaac Parish of Philadelphia, remarks that it has been successfully used in bad cases of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swelling of the hip, in February, 1844.—He had was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Rock Rose. In two days his night sweats ceased; I then ordered a teaspoonful of Rock Rose three times a day.—Thirty-nine days after he was entirely well.

Dr. Webb, of Madison Ct., Testifies to the value of Rock Rose, as evinced in the cure of numerous cases of Scrofula, especially in children.

Dr. Sparly, in his medical work published in 1847, quotes the strong commendation of Dr. Eli Ives, Professor in Yale College, who, in his lectures to the medical students, recommended the use of the Rock Rose, even in cases where the disease is uncertain.

The value of the Rock Rose has also been set forth by Dr. Tyler, of New Haven, Ct., in a dissertation avowedly prepared for that purpose, which afterwards, at the request of several of his medical brethren, was published in a pamphlet.

We quote from the preface. He says that since the delivery of this address, "the plant under consideration has been more fully tested its virtues developed, its character better established. This dissertation is published by the advice and approbation of several medical friends. The object of it is to lay before the profession, and the public, the virtues of a plant too much neglected. Ask for this plant an impartial trial. I will conclude by assuring only of the profession and the public, a more extended trial of the Rock Rose."

Ault's Railroad Horse-power.

Overshot Thresher and Separator.

For Two Horses: Thresh from 150 to 175 bushels per day—Price $160 or £40 currency.

For One Horse: Thresh from 60 to 100 bushels per day—Price $130 or £32 10s. currency.

THESE Machines have been arranged with the highest regard to economy, and every exertion has been made so as to simplify the machinery that any person of common intelligence can work them and repair them, in case of accident. It is well known, that on a Railroad a Horse can move a much greater load than in any other manner. This principle has been adopted in these Machines. The horse power is in fact, a moveable Railroad—the weight of the Horse does nearly all the work, and so easily do they run, that when once in good working order, and well greased, it is always necessary to use the brake before they can be stopped. It will thus be seen that these Machines have the following advantages over those already in use:—They are Cheaper, and not liable to accident. They enable a farmer to do his own Threshing at leisure times and in wet weather, without being dependent on extra help. They take no room and can be easily moved from place to place.—From the simplicity of construction any part can be replaced, and duplicate parts had from the Agents, and the nearest mechanic can replace the broken portion. They enable a farmer to thresh his grain as he requires it—either for the grain or the straw.

THESE MACHINES may be worked with three or four men, and if not found to do they work as represented may be returned within 60 days, and the payment refunded.

May be had at the factory of the inventor,

HEALTH FOR CANADA!

Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DEBILITATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lord, of Lawn, near Hartech, Merionethshire.

To Professor Holloway.

SIR,—I avail my self of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous gold mass and frequent swimming in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid to go about without an attendant. In this melancholy condition I wrote personally unto Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended Our Pills. I tried them without delay, and continuing them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to follow my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant,

June 6th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of Dolly Wary, Chicago, dated April 8th, 1852.

To Professor Holloway.

DEAR SIR,—I deem it a duty I owe to you and the public at large, to inform you of a most miraculous recovery from that dreadful disease, Dropsy, of which, unbeknown, was effected by your invaluable Pills. I was tapped three times within eight months, and Physicians treated by two medical practitioners, but each time it returned, until I had recourse to your invaluable medicine, and after taking and persevering, the disease has been cured and my health restored.

INFALLIBLE CURE OF A STUBBORN COMPLAINT WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract from a Letter from Mr. S. Gosling, Grocer, of Cotton, near Rugeley, dated July 14, 1852.

To Professor Holloway.

DEAR SIR,—I am requested by a Lady named Thomas, just arrived from the West Indies to inform you that for a period of eight years, herself and family suffered from a complaint that baffled several medical practitioners, viz. Indigestion, Sick Headaches, Loss of Appetite, violent Head-aches, and in the end, Dyspepsia; no general debility for which she consulted the most eminent men in the country, but without any beneficial result; at last she had recourse to your invaluable Pills which in a very short time effected a great change for the better, that she continued them, and in a short time, was restored to health and strength. Friends to whom she has spoken of her case, have also had recourse to your invaluable Pills, which in every instance have proved a great blessing to them, and I may add, particularly in cases of Measles, which seem to have followed the complaint, leaving behind them, no other remedy.

[Signed] S. GOSLING.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH, EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor Holloway.

DEAR SIR,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted was affected for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he was obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health.

I remain dear Sir, yours faithfully,

(Signed) WILLIAM LOSTOCK

NEVER FAILING REMEDY!!

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 26th, 1852.

To Professor Holloway,

DEAR SIR,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cousins, of Sidney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills which have now healed the wound, strength has returned to his limbs, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE, WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gilford, dated March 1st, 1852.

To Professor Holloway,

SIR,—Some time since, one of my children was afflicted with a dreadful eruption over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. Although I tried your Ointment and Pills, and without exaggeration, the effect was astonishing, for perseverting in their use, all the eruptions quickly disappeared and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I adopted your medicines, she would have been saved also. I shall be happy to verify the truth of this to any sceptic.

(Signed) P. HIRD, Draper.

AND HAS SUBSEQUENTLY CURED HIS WIFE OF ULCERATED BREAKINGS DEEMED CANCEROUS ILL HEALTH.

Copy of a Letter from Mr. J. M. Clennell, of Newcastle-on-Tyne, dated September 20th, 1852.

To Professor Holloway,

DEAR SIR,—I am authorized by Mrs. Gibson, of 31 Bridge Street, this town, to inform you that her health had been a sad scene of misery, and general ill health, accompanied with a disordered stomach and great derangement of the system, in addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both breasts, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully,

(Signed) JOHN ASHTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker & Co., Chemists, Bath,

To Professor Holloway.

DEAR SIR,—Among the numerous cures effected by the use of your valuable medicine in this neighbourhood, we may mention that of an elderly living in the Village of Preston, about five miles from this City. She had inveterate wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been gratifyingly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any inquiries as to the authenticity of this really wonderful case, either personally or by letter.

A relative in the Bath Police Force, also has been perfectly cured of an old scorbutic affection, the doctor, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, Dear Sir,

Yours faithfully,

(Signed) WALKER & CO.
